

RETURN OF TRUMP

— Editor in Chief of GEORGE

you know it. It's like watching a movie. And midway through? You are telling everyone the ending. "Watch, Betcha..." And there it is! And just like that. "Ah, ha!! I told you!!" And what's next is just shaking their head. Because the same ending. As if you had some great

ter how improbable it may seem. Deep inside it — and everyone else does too. And along the way has their theories. And there is no end to love them all. In this corner — you have coming from executive orders that would make y in control. And you have scenarios where realize, "Oops! We made a mistake. Return Electoral College votes into the Trump

ALL the scenarios. Some I believe could be some I say like the "Dumb and Dumber" you're saying I have shot..." At the same that's going on. And please — with all due sides.... I think America needed to see the

What we have seen is a... and gas prices... before, and I used to... segment of the population... that set the gas price?

OK... but what was? Do we... Americans DO that for to... SOMETHING to do with you?

It's painful when you're... games with yourself. You're... set your clock at minutes... thinking you are behind... time.

I mean, I've done it. I don't... to fill up my tank. So I've... "fill-up" feels better than... regardless! The real money... this on Joe Biden. And with all... Don't shoot the messenger... Biden for our economic... Americans have some... line at the gas pumps and... bumper sticker as to...

...the gas price? And the gas price is... talking about gas and... all good — so we are... but he can look at the pump and realize that we need... something better than \$1 a gallon gasoline?

But we are voting Americans. And I've heard it from... that being friends who will forever say, "I'll hate... Trump — but please vote for him next time." But here is... thing. There are some on the right that say that the... a broken and that there is fraud at the ballot... Regardless of how you feel about that? There is... has been going on these past two years. The takes... have been explaining up their voting laws.

Some majority of Americans still believe that the... Federal Elections are all run by the Federal Government... is how the is what the "thru" until about to this day... the Federal Government currently doesn't dictate... it's state. Right now there is no magic button that... "Let's get rid of voting machines and lets go to paper... On. There is no magic button that says, Let's do... "people friendly" version of voting. You vote — then you... you right think, is people look to show you voted."... all these elections have it's place in time. But... the reality — it's the states that have jurisdiction... the Federal Elections. Each state does it "their way"... be behind — it's conservatives! Do it what we... State Rights.

The being said? The it two years — there has been a... plagues in lives in battleground states that have changed... And, for the record I love that word "plagues." It reminds... me of the "Three Amigos" you black in the 60's. Can you... even define plague, now?

Point being? Do the research yourself. See how many laws... that the conservative legislatures in Conservative States have... been changed. You don't need me to tell you. Look it up... yourself.

There are hundreds of STATE laws that have been changed

in battleground States that straight up favor the... Conservative agenda. And they are things that some... would think are "no... brainer's." Such as? Requiring... a driver's license to vote. But... to the end all of it, too many... people want Trump back. Ronald Reagan said it best... during his reflection bid. "Are you better off the you... were four years ago?"

People could lie. But you can't really lie to yourself. Even if... you CAN set your clock 30 minutes faster to "trick yourself"... The question is now? Is America better off if we were 3... years ago? When you tell yourself the answer is heart — you... will know and tell the future.

Listed Private Equity: Investment Strategies and Returns Sarah Kumpf,2013 The increasing popularity of private equity PE and especially leveraged buyouts in the late 1980s established a novel area of research in these investments First research concentrated on the taking private of large corporations in the US In his most significant paper Jensen 1989 claimed that PE firms which function as activist investors incentivize the management of their portfolio companies to maximize value and concluded that in the long run private companies owned by PE firms would outperform firms under public ownership Others argued that PE firms simply buy companies at a discount by exploiting private information about the takeover targets or reduce tax spending by highly leveraging the portfolio companies Today many PE firms are publicly listed and the greater transparency and availability of information about these listed PE firms offers a unique basis to conduct research Current research in the field of PE and buyout investments leads to the question in how far PE firms generate value by means of an investment into a portfolio company Usually drivers of value generation are classified into governance financial and operational capabilities of PE firms In addition to these direct drivers of value investment and portfolio management strategies differ with respect to the ways of acquiring and divesting a portfolio company and these different entry and exit channels can in turn offer distinct potential for value generation Therefore this paper first presents the investment and portfolio management strategies of PE firms The strategies include different types of acquisitions and exits as well as the associated drivers of value creation The second objective is to establish a link between different investment strategies and the expected returns generated on the investor level Listed PE allows analyzing the market reaction to the announcement of investments and divestments within an event study and hypotheses were derived for both of these types of events Thereupon subsamples of announcements are constructed dependent on the way of entry and exit announced as well as on strategic decisions implemented in the portfolio company that is to be disposed

Ordinary Things and Their Extraordinary Meanings Giuseppina Marsico,Luca Tateo,2019-05-01 The book provides a new look at the everyday relationship between psychological processes and extraordinary aspects of ordinary phenomena Why should we

deal with ordinary things People's life is made of everyday practical taken for granted things such as driving a car using money listening music etc When you drive from home to workplace you are migrating between contexts Is this an empty space you are crossing or the time you spend into the car is something meaningful In psychological terms things have at least three levels of existence a material a symbolic and an affective one The underlying idea is that the symbolic elaboration of everyday things is characterized by the transcendence of the particular object sign leading to the creation of more and more complex sign fields These fields expand according to an inclusive logic up to dialogically and dialectically incorporate opposites i.e. clean dirty transparent opaque hide show join divide slow fast etc Even the meaning of ordinary and extraordinary follow such an inclusive logic if you give a positive value to ordinary extraordinary is rule breaking otherwise if ordinary means trivial extraordinary assumes a positive value Besides things are cultural artifacts mediating the experience of the world the psychological processes and the construction of mind Reflecting upon things is thus a more meaningful pathway to understand Psyche

The Return of YHWH Blaženka Scheuer,2008-12-19 The theology of Isaiah 40 55 has two seemingly contradictory aspects the tension between the consolatory message of deliverance and the harsh tone of accusation and the call to repentance This study argues that such tension does not necessarily disclose a different authorship but that it expresses the basic nature of the relationship between YHWH and the Israelites in which the actions of YHWH and the actions of the people stand in a relationship of interdependence Such interdependence is essential for the re establishment and the continued existence of the relationship between YHWH and his people as well as for shaping the identity of both the exiled and the non exiled Israelite communities in the latter part of the sixth century B C E
