Weary Men Arne Garborg, 1999 With its angst ridden sensualist hero Anne Garborg's classic invites comparison with the classic European decadent novels of the turn of the century Huysmans's *Against the Grain* and Wilde's *The Picture of Dorian Gray* Unlike the protagonists of those novels however the hero of *Weary Men* is treated with irony And while it is a brilliant novel of ideas *Weary Men* has endured primarily because of the acuity with which Garborg explores the roguish main character's psychological makeup

History of the Literary Cultures of East-Central Europe Marcel Cornis-Pope, John Neubauer, 2006-09-13 Continuing the work undertaken in Vol 1 of the *History of the Literary Cultures of East Central Europe* Vol 2 considers various topographic sites multicultural cities border areas cross cultural corridors multiethnic regions that cut across national boundaries rendering them permeable to the flow of hybrid cultural messages By focusing on the literary cultures of specific geographical locations this volume intends to put into practice a new type of comparative study Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm however inadvertently the very national borders they play down This volume inverts the expansive momentum of comparative studies towards ever broader regional European and world literary histories While the theater of this volume is still the literary culture of East Central Europe the contributors focus on pinpointed local traditions and geographic nodal points Their histories of Riga Plovdiv Timișoara or Budapest of Transylvania or the Danube corridor to take a few examples reveal how each of these sites was during the last two hundred years a home for a variety of foreign or ethnic literary traditions next to the one now dominant within the national borders By foregrounding such non national or hybrid traditions

this volume pleads for a diversification and pluralization of local and national histories A genuine comparatist revival of literary history should involve the recognition that treading on native grounds means actually treading on grounds cultivated by diverse people The Wandering Jew Stefan Heym,1999 Beginning at the Beginning Heym introduces both Ahasverus and Lucifer as angels in free fall cast out of heaven for their opinions of God s order The story follows their respective oppositions through the rest of time Ahasverus defiant through protest rooted in love and a faith in progress and Lucifer rebellious by means of his biblically familiar methods
