**Performance in Beowulf and Other Old English Poems** Steven J. A. Breeze, 2022 An examination of the depiction and representation of performative acts in Old English texts Acts of performance such as music storytelling and poetry recital have made significant contributions to the rediscovery and widening popularity of Old English poetry However while these performances capture the imagination they also influence an audience's view of the world of the original poems even to propagating certain assumptions particularly those to do with performance practices By stripping away these assumptions this book aims to uncover the ways in which representations of performance in Old English poetry are intimately associated with poetic production and fundamental cultural concerns Through an examination of Beowulf diverse wisdom poems and the artist poems Deor and Widsith it proposes that poets constructed an imaginary domain of poetic performance which negotiated tensions between early medieval creativity and core social beliefs It also shows how the poems relationship with oral methods of composition and circulation weakened in later medieval poetry as both language and poetic form altered Overall the book explores what depictions of performance within these texts can tell us about early medieval conceptualisations processes and practices in the poetic imagination and in wider culture Through an analysis of Eddic poetry and Laamon's Brut it also highlights a tradition of poetic performance in English poetics | methods of composition and circulation weakened in later medieval poetry as both language and poetic form altered Overall the book explores what depictions of performance within these texts can tell us about early medieval conceptualisations processes and practices in the poetic imagination and in wider culture Through an analysis of Eddic poetry and Laamon's Brut it also highlights a tradition of poetic performance in English poetics | methods of composition and circulation weakened in later medieval poetry as both language and poetic form altered Overall the book explores what depictions of performance within these texts can tell us about early medieval conceptualisations processes and practices in the poetic imagination and in wider culture Through an analysis of Eddic poetry and Laamon's Brut it also highlights a tradition of poetic performance in English poetics

**Bird's Eye View** Dorothy Bird, Joyce Greenberg, 2012-01-12 With a foreword by Marcia B. Siegel. In 1930, seventeen-year-old Dorothy Bird from Victoria, British Columbia, was sent to study dance at the Cornish School in Seattle. There she was totally captivated by Martha Graham, who at the end of summer invited Dorothy to study with her at the Neighborhood Playhouse in New York City. Dorothy debuted with the Graham Group in 1931 in *Primitive Mysteries* and was a company member and Graham's demonstrator until 1937. *Bird's Eye View* is a warm and human story that chronicles the early development of modern dance from a dancer's perspective. Dorothy Bird was the only dancer of her time to work with all the major choreographers in concert and on Broadway: George Balanchine, Agnes de Mille, Doris Humphrey, Helen Tamiris, Anna Sokolow, Herbert Ross, Jose Limon, and Jerome Robbins, among others. She recounts fascinating theater experiences with such luminaries as Orson Welles, Gertrude Lawrence, Carol Channing, Danny Kaye, and Elia Kazan. Dorothy shares her methods and experiences as a teacher for Balanchine and her twenty-five year tenure at the Neighborhood Playhouse to highlight her philosophy of giving back to the next generation of performers. Of all the artists Dorothy Bird worked with, Martha Graham figures most strongly in the book and in her life. Her narrative about Graham's early creative process is a valuable addition to the literature, as is the story of her personal involvement with Graham. The reader gains an intimate insight into the love and fear instilled by Graham in her followers. **The Rough Guide to China (Travel Guide eBook)** Rough Guides, 2017-06-01

ahead of invading German forces as she and her husband fled Romania for Greece and then Greece for the Middle East where they stayed until the end of the war. These tumultuous wartime years are the subject of her best known and most transparently autobiographical novels *The Balkan Trilogy* and *The Levant Trilogy*. Olivia Manning refused to be labelled a feminist but her novels depict with cutting insight and sardonic wit the marginal position of women striving for independent identity in arenas frequently controlled by men whether on the frontlines of war or in the publishing world of the 1950s. However she did not just write about World War Two and women's lives. Amongst other things Manning published fiction about making do in Britain's post-war Age of Austerity about desecration of the environment through uncontrolled development and about the painful adjustment to post-war British life for young men. As the author of thirteen published novels, two volumes of short stories, several works of non-fiction and a regular reviewer of contemporary fiction, she was a visible presence on the British literary scene throughout her life and her work provides a detailed insight into the period. Grounded in thorough research and enriched by discussion of previously unexamined manuscripts and letters, Olivia Manning's *A Woman at War* is a timely study of Olivia Manning's remarkable life. Deirdre David integrates incisive critical analysis of Manning's writing with extensive discussion of the historical contexts of her fiction.
