Newsletter United States. Department of State,1969 The Fragmenting Force of Memory Norman Saadi Nikro,2012-04-25 This study is about experimental forms of cultural production that situate and work through personal experiences of the civil war in Lebanon It addresses selected works of literature autobiography and memoir by Jean Said Makdisi Rashid al Daif Elias Khoury and Mai Ghoussoub and the civil war trilogy of documentary films by Mohamed Soueid From a phenomenological hermeneutic perspective the book is concerned with how they give accounts of themselves as remnants leftovers and undigested remains of the civil war and of related trajectories of ideological attachment to symbolic mandates Constrained to reposition their sense of self from an agent of history to a casualty of history their acutely personal works of cultural production initiate an unraveling of both self and circumstance through the fragmenting force of memory Drawing on a broad range of phenomenological critical theory within the research fields of postcolonial memory psychoanalytic gender and literary studies attuned to subjectivity as a field of social production and exchange emphasis is given to how the writers and filmmaker employ a non presentist anachronic or paratactic register of memory to excavate both a historical understanding of self and related modalities of social viability This concerns how the symptomatic style of their work embodies and creatively and critically situates a refusal to package and normalize any idealized account of the war related assemblages of temporal succession or a presentation of self as discrete and omniscient **This Arab Is Queer** Elias Jahshan,2022-06-16 This ground breaking anthology features the compelling and courageous memoirs of eighteen queer Arab writers some internationally bestselling others using pseudonyms Here we find heart warming connections and moments of celebration alongside essays exploring the challenges of being LGBTQ and Arab From a military base in the Gulf to loving whispers caught between the bedsheets and from touring overseas as a drag queen to a concert in Cairo where the rainbow flag was raised to a crowd of thousands this collection celebrates the true colours of a vibrant Arab queer experience

Subcommittee on Near Eastern and South and Central Asian Affairs,2009 **Through Middle Eastern Eyes** Michael Parker,2024-02-26 Kenneth E Bailey was both a missionary and a New Testament scholar As a missionary first in Egypt and later in Lebanon Israel Palestine and Cyprus he experienced firsthand the life of traditional Middle Eastern villagers which led him to the conclusion that the village culture he witnessed in the twentieth century had hardly changed since the first century Consequently he was able to reinterpret Jesus s parables and life experiences through this traditional culture In a remarkable series of acclaimed books which include *The Cross and the Prodigal* *Jacob and the Prodigal* and *Jesus through Middle Eastern Eyes* Bailey showed that Jesus was the first mind of the New Testament who used story and metaphor to challenge the

leaders of his day in ways often unappreciated by contemporary readers This biography explains the origins of Bailey's key ideas and recounts his often fraught missionary career one that included the austere and the sometimes harsh life in the simple villages of Upper Egypt the perils of life in Beirut during the Lebanese Civil War 1975-1990 and being evacuated four times during the military conflicts in the region that made possible his groundbreaking insights into the New Testament

The Christian Century, 1916 *Rebuilding Syria* AA.VV, 2019-09-01 Over the last eight years the Syrian conflict has developed into one of the worst humanitarian tragedies of modern times More than half a million victims 5 million refugees abroad and 6 million internally displaced the figures only capture part of Syria's catastrophe In addition there is the less quantifiable damage to the country's social fabric Against this dramatic backdrop this ISPI Report aims to answer a few crucial questions how can a country whose society has gone through such traumas and destruction reimagine itself and its future What conditions would allow those Syrians who were forced to leave their homes to return And what are the regional and international dynamics and interests that will shape Syria's future The Report provides the reader with key tools to understand where Syria is headed and what can be done to avoid the worst scenarios Annual Report of the Secretary of the Navy United States. Congress. House, **Capturing Eichmann** Rafi Eitan, Anshel Pfeffer, 2022-07-20 Argentina 1960 A car speeds through the streets of Buenos Aires Inside are four Israeli secret agents and their prisoner one of the most notorious war criminals of Nazi Germany The Mossad operatives need to get this man Adolf Eichmann back to Israel to be tried for his crimes Holding Eichmann's head in his lap is the leader of this ambitious mission Rafi Eitan whom Israeli Prime Minister Benjamin Netanyahu later described as one of the heroes of Israeli intelligence In this fast paced and detailed memoir Rafi Eitan tells the story of his remarkable life and career as an elite soldier and spymaster He describes how as a teenager he smuggled Jewish refugees into Palestine as part of the Palmach unit and how as a spy in the newly established Mossad he swam through sewers to blow up a British radar station earning the name Rafi the Stinker He goes on to describe in detail his involvement in the extraordinary hunt for the Nazi war criminal Adolf Eichmann Eitan's espionage career eventually ended over his involvement in the controversial Jonathan Pollard espionage affair which sparked intense debate over Israel's relations with the US Packed with new insights into Eitan's role at the heart of Israeli military and intelligence organisations this is a gripping read and essential reading for anyone interested in espionage history and the daring operation to capture Adolf Eichmann While Dangers Gather William G. Howell, Jon Pevehouse, 2011-06-27 Nearly five hundred times in the past century American presidents have deployed the nation's military abroad on missions ranging from embassy evacuations

to full scale wars The question of whether Congress has effectively limited the president s power to do so has generally met with a resounding no In *While Dangers Gather* William Howell and Jon Pevehouse reach a very different conclusion The authors one an American politics scholar the other an international relations scholar provide the most comprehensive and compelling evidence to date on Congress s influence on presidential war powers Their findings have profound implications for contemporary debates about war presidential power and Congress s constitutional obligations While devoting special attention to the 2003 invasion of Iraq this book systematically analyzes the last half century of U S military policy Among its conclusions Presidents are systematically less likely to exercise military force when their partisan opponents retain control of Congress The partisan composition of Congress however matters most for proposed deployments that are larger in size and directed at less strategically important locales Moreover congressional influence is often achieved not through bold legislative action but through public posturing engaging the media raising public concerns and stirring domestic and international doubt about the United States resolve to see a fight through to the end **News Letter** United States.

Farag,2016-11-14 Despite or even because of their tumultuous history Palestinians are renowned for being prolific cultural producers creating many of the Arab world s most iconic works of literature In particular the Palestinian short story stands out for its unique interplay between literary texts and the political and historical contexts from which they emerge *Palestinian Literature in Exile* is the first English language study to explore this unique genre Joseph Farag employs an interdisciplinary approach to examine the political function of literary texts and the manner in which cultural production responds to crucial moments in Palestinian history Drawing from the works of Samira Azzam Ghassan Kanafani and Ibrahim Nasrallah Farag traces developments in the short story as they relate to the pivotal events of what the Palestinians call the Nakba catastrophe Naksa defeat and First Intifada uprising In analysing several as yet un translated works Farag makes an original contribution to the subject of exilic identity and subjectivity in Palestinian literature This book offers the opportunity to engage with literary works as well to learn from a literary account of history It is a subject of interest for students and scholars of both Arabic literature and Middle East studies **Daily Report, Foreign Radio Broadcasts** United States.
