Welcome to a world of horror mystery poetic justice comeuppance and humor You ll meet people living seemingly ordinary lives who learn that their twisted activities or the activities of other people they know or people they just happen to notice have unexpected meanings in life death and or among the undead Be careful they ll do whatever they have to do to protect their secrets They could even be your neighbors they seem so nice This collection includes a story of a trail ride on horseback where helping someone is the last thing one may ever do an international mystery allegedly written by one of the characters who was later found dead cause unknown in their jail cell someone who needs a place to hide a cautionary poem for those who blow caution to the wind and then some In a posthumous memoir you ll meet a family that even death can t separate and a morbid tale illustrating a danse macabre among a mother and her children Then there s gossip thanks to a neighbor of wifey walking in on hubby and his darling There s more in this collection of short stories poetry morality tales and new urban legends Of course none of this could really happen could it Well lock up and get ready to enjoy the evening What was that Only the wind or tree branches scraping against the window or some animal frantically scratching the front door or an unidentifiable figure in the vestibule Once you ve read *Did You Check the Deadbolts* you may want to bar the windows too
