Reunions Visionary Encounters With Depar:

Schizotypy Oliver Mason, Gordon Claridge, 2015-06-05 For several decades there has been an increasing move towards viewing the psychotic illnesses from a dimensional perspective seeing them as continuous with healthy functioning. The idea concentrating mostly on schizophrenia has generated considerable theoretical debate as well as empirical research conducted under the rubric of schizotypy. This book offers a timely discussion of the most significant themes and developments in this research area. Divided into four key sections which represent current concerns in schizotypy research: Measurement, Brain and Biology, Development and Environment, Consequences and Outcomes, and Future Directions, chapters reflect a broad range of approaches and discuss varied theoretical perspectives on schizotypy. Topics include cognitive and perceptual biases, psychometric assessments, creativity and schizotypy, genetic associations, developmental perspectives. Schizotypy: New dimensions will appeal to academics, researchers and postgraduate students in the area of psychotic illnesses as well as professionals including psychiatrists and clinical psychologists who are concerned with the basis of serious mental disorder. The book will inform readers who are new to the topic and will update and expand the knowledge base of those more experienced in the field.

Desert Reckoning Deanne Stillman, 2012-07-03 North of Los Angeles the studios, the beaches, Rodeo Drive lies a sparsely populated region that comprises fully one half of Los Angeles County. Sprawling across 2200 miles this shadow side of Los Angeles is in the high Mojave Desert. Known as the Antelope Valley it's a terrain of savage dignity, a vast amphitheatre of startling wonders that put on a show as the megalopolis burrows northward into the region's last frontier. Ranchers, cowboys, dreamers, dropouts, bikers, hikers and felons have settled here, those who have chosen solitude over the trappings of contemporary life or simply have nowhere else to go. But in recent years their lives have been encroached upon by the creeping spread of subdivisions funded by the once easy money of subprime America. McMansions many empty now gradually replaced Joshua trees, the desert America's escape hatch began to vanish as it became home to a latter day exodus of pilgrims. It is against the backdrop of these two competing visions of land and space that Donald Kueck, a desert hermit who loved animals and hated civilization, took his last stand, gunning down beloved deputy sheriff Steven Sorensen when he approached his trailer at high noon on a scorching summer day. As the sound of rifle fire echoed across the Mojave, Kueck took off into the desert he knew so well, kicking off the biggest manhunt in modern California history until he was finally killed in a Wagnerian firestorm under a full moon as nuns at a nearby convent watched and prayed. This manhunt was the subject of a widely praised article by Deanne Stillman first published in Rolling Stone, a finalist for a PEN Center USA journalism award and included in the anthology Best American Crime Writing 2006. In *Desert Reckoning* she continues her desert beat and uses Kueck's story as a point of departure to further explore our relationship to place and the wars that are playing out on our homeland. In addition, Stillman also delves into the hidden history of Los Angeles County and traces the paths of two men on a collision course that could only end in the modern Wild West. Why did a brilliant self-taught rocket

scientist who just wanted to be left alone go off the rails when a cop showed up What role did the California prison system play in this drama What happens to people when the American dream is stripped away And what is it like for the men who are sworn to protect and serve Yoga Journal ,1997-07 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty Dialogue ,1996 A journal of Mormon thought **Visionary Fictions** Edward J.
