Revealing Angel:

Jesus and the Angels Peter R. Carrell, 1997-07-10 This book first published in 1997 examines the influence of angelology on the christology of the Apocalypse of John In the Apocalypse Jesus appears in glorious form reminiscent of angels in Jewish and Christian literature in the period between 200 BCE and 200 CE Dr Carrell asks what significance this has for the christology of the Apocalypse He concludes that by portraying Jesus in such a way that he has the form and function of an angel and yet is also divine the Apocalypse both upholds monotheism and at the same time provides a means for Jesus to be presented in visible glorious form to his Church *The Mighty Angels of Revelation* Nathan E.

Jones, 2019-11-03 A devastating car wreck nearly killed his parents If not for a lone biker who had stopped at the scene of the accident and administered first aid some say they would have died before medical help arrived The problem only one person could recollect the biker ever having been there Their rescuer had mysteriously disappeared without a trace The only survivor who could remember insisted they must have been rescued not by a mere man but by an actual angel sent from God This jolting event in the life of one family led author Nathan Jones to set off to explore the greatest source in the study of Angelology the book of Revelation With its whopping 72 instances of individual and entire groups of angels and demons Revelation stands apart from all of the other books in the Bible as the most prolific source for learning about angels Come and travel along with a man called the Elder and his angelic guide as the end times are revealed throughout the book of Revelation in stunning detail Along the way meet 72 of God's mighty angels as they proclaim God's messages of warning and hope to a lost world Together let us encounter the Mighty Angels of Revelation **Angels and Demons** Serge-Thomas Bonino, 2016 Angels occupy a significant space in contemporary popular spirituality Yet today more than ever the belief in the existence of intermediary spirits between the human and divine realms needs to be evangelized and Christianized Angels and Demons offers a detailed synthesis of the givens of the Christian tradition concerning the angels and demons as systematized in its essential principles by St Thomas Aquinas Certainly the doctrine of angels and demons is not at the heart of Christian faith but its place is far from negligible On the one hand as part of faith seeking understanding angelology has been and can continue to be a source of enrichment for philosophy Thus reflection on the ontological constitution of the angel on the modes of angelic knowledge and on the nature of the sin of Satan can engage and shed light on the most fundamental areas of metaphysics epistemology and ethics On the other hand angelology insofar as it is inseparable from the ensemble of the Christian mystery from the doctrine of creation to the Christian understanding of the spiritual life can be envisioned from an original and fruitful perspective **Book of Jubilees** James VanderKam, 2001-07-01 The Book of Jubilees a Jewish retelling of Genesis and the first half of Exodus was an important work for the community of the Dead Sea Scrolls This Guide following the format of this successful series gives an introduction to Jubilees that covers its dating its textual history and its purpose a survey of its theological teachings and themes and a section by section commentary that includes a comparison of its
