**Revealing Corrupt Science**

Peet Schutte,2012-09-25 Revealing Corrupt Science I spent

a lifetime uncovering information science hides for centuries My approach to science is revealing to the point and new It is

your choice which you wish to read to get the same ideas about a new approach to stars galaxies and the Universe Read how the cosmos works when using the formula Kepler gave us In these books I make a financially rewarding offer of investment to prospective investors From where I stand my work is too big or I am too small to bring about the awareness I have to provoke to allow change in science to come about I need your help to get my work advertised so that people can see what my work entails In this there are 4 identical books namely To Inform To Reveal and To Expose and Uncovering The 1 is better developed than the other or the 1 is less informing than the other The page numbers will tell which is which Reading which one is your choice because we all can cope with different volumes of information and divulge more or less facts given as new information

The Creator Revealed Michael G. Strauss PhD,2018-06-21 Do current scientific discoveries support or contradict the story of creation in the Bible Does science give evidence for or against God s existence Does it matter what you think about origins science and the Bible Does your understanding of science and creation affect your daily living or your relationship with God In The Creator Revealed author and physicist Dr Michael G Strauss explores these central questions about science and faith in simple and entertaining language showing how modern scientific discoveries about the origin and design of the universe proclaim the character of God and agree with the biblical story of creation For the Christian confronted with possible inconsistencies between faith and science and for the skeptic who believes modern science has shown that belief in God is unnecessary The Creator Revealed can demonstrate the glory power and wonder of God by looking at science the Bible and the effect that truth has on people s lives Reconciling the truth of scripture with the truth of science can change your perspective and your life The message of The Creator Revealed will expand your idea of who God is increase your faith in him and provide a way to share this revelation of God in creation with others
