Revelation Revealed Dr. Paul A Vallee, 2019-11-22 In popular culture the focus of the biblical book of Revelation has been on the identity of the antichrist and the end of the world Though Revelation speaks to these issues the book is primarily about Christ and how he addresses humanity's enemies including our greatest enemy death Revelation Revealed is an expository commentary that pushes through popular misconceptions and explains Revelation in a clear and engaging manner Often viewed as a confusing book that is difficult to understand filled with all kinds of incredible imagery Revelation actually brings a message of hope in times of perplexity and crisis In Revelation Revealed Dr Paul A Vallee addresses the cultural background in which the ancient readers understood the text and shows the relevancy of that message to today's readers This book is the culmination of forty years of biblical study The content was originally presented to a live audience over the course of twenty six weeks The response encouraged Dr Vallee to put into print what the audience described as a positive message clarifying and removing misunderstandings and fear by instilling hope in a world that like the book of Revelation itself is often confusing and overwhelming *Revelation Revealed* Jack Van Impe, 1990 [The Book of Revelation Revealed](#) Michael Dale, 2018-02-04 The book of Revelation is one of the most mysterious books in the Holy Bible Many have attempted to unlock its secrets This book is the author's contribution to this task The Book of Revelation Revealed is an in depth journey into the Book of Revelation's extraordinary prophecies Author Michael B Dale applies tools of wisdom divine revelation and personal insight studious reflection combined with a historical perspective and guidance from the Holy Spirit to gain insight into some of these mysteries This is another addition to the Revealed Series that every student of prophecy can gain some amount of insight from **What Does Revelation Reveal?** Dr. Warren Carter, 2011-08-01 The Book of Revelation has been mysterious confusing and misunderstood for centuries Its content has been studied and analyzed by scholars from every corner of the globe What is it about Revelation that draws us to it Is this biblical book about end time mysteries and hidden codes Does and it relate to our present day So what does Revelation actually reveal Or should Revelation be left behind According to Dr Carter the book of Revelation can tell us about biblical times as well as our own It can show us how we as Christians are to live and hope for our world Revelation reveals God's Word to God's World that culture accommodation is dangerous that judgment is taking place now that the world does have a chance to repent that there are evil powers working behind the scene that the time is up for the eternal empire and that God is coming in triumph **Revelation Revealed** Jack Van Impe, 1982-01-01 Centuries before anyone could make sense of these fantastic warnings the prophets declared that the mysteries of Revelation would not be understood until the Last Days Verse by verse and chapter by chapter Jack Van Impe reviews John's portrait of history's final claims *Book of Revelation, Explained* Bert Hovestadt, William Marrion Branham, 2025-07-18 The Book of Revelation covers among other things news of today's top events *Revelation Restored* Warren Johnston, 2011 An analysis of the nature of apocalyptic and millennial beliefs that reveals concerns prominent in

England in the early seventeenth century had not abated after 1660 **Revelation Restored** is a study of apocalyptic thought in the later seventeenth century in England It explores an under examined aspect of early modern British history despite the prominence of millenarian beliefs in historians explanations of the early modern English church and state up to 1660 little has been said about these convictions in the years following the Restoration The examination of applications of prophetic language and interpretation to explain the events in England from 1660 to 1700 illustrates their continued capacity to comprehend ecclesiastical and political developments The book demonstrates that far from having disappeared from the intellectual landscape apocalyptic ideas still held the potential to animate opinions in the mainstream of political debate in the later seventeenth century These responses were outlets both for demonstrations of dissent and for endorsements of authorised powers in response to crises in authority and efforts at religious settlement In addition this book contends that any strict periodization that segregates the concerns of early seventeenth century England from those of the later seventeenth century has been too sharply drawn Analysis of the nature of apocalyptic and millennial beliefs reveals that the concerns prominent in England in the early seventeenth century had not abated after 1660 **WARREN JOHNSTON** is an Assistant Professor at Algoma University in Ontario Canada

The Visible and the Revealed Jean-Luc Marion, 2009-08-25 In *The Visible and the Revealed* Jean Luc Marion brings together his most significant papers dealing with the relationship between philosophy and theology Covering the ground from some of his earliest writings on this topic to very recent reflections they are particularly useful for understanding the progression of Marion's thought on such topics as the saturated phenomenon and the possibility of something like Christian Philosophy The book contains his seminal pieces on the saturated phenomenon and on the gift although the essays also explore more recent developments of his thought on these topics Several chapters explicitly explore the boundary line between philosophy and theology or their mutual enrichment and influence In one of the final pieces *The Banality of Saturation* Marion considers some of the most recent objections brought against his notion of the saturated phenomenon and responds to them in detail suggesting that saturated phenomena are neither as rare nor as inflexible as often assumed The work contains two chapters not previously available in English and brings together several other pieces previously translated but now difficult to find For readers interested in the relation between the two disciplines this is indispensable reading
