John Hagee

Revelation Earth The Of Revelation Based Upon Edgar Cayces Prophecies:

Can America Survive? John Hagee, 2010-06-29 This paperback version of Pastor John Hagee's newest book has ripped from the headlines updates. New material has been added regarding the death of the dollar, a nuclear Iran, and the rejection of Israel. Further, this New York Times best-selling author says the United States is heading into a Perfect Storm. Titanic. John F. Kennedy's assassination. 9/11. John Hagee maintains that these American tragedies all have one element in common: they were unthinkable. And in the opening pages of his newest book *Can America Survive*, Hagee uses these tragedies to prove two points: that the unthinkable can happen, and given the right conditions, the unthinkable can quickly become the inevitable. In *Can America Survive*, Hagee asserts that the seeds for tragedy are once again being sown, evidenced by the disturbing economic, geopolitical, and religious trends that now threaten to dismantle the very nation itself. Think it can't happen? Hagee asks in a theme repeated throughout the book: Think again. Indeed, Hagee presents alarming examples of recent events, current research, scientific evidence, and biblical prophecy that are gathering to create a perfect storm that could bring down the unsinkable United States of America, including the U.S.'s negligent handling of Israel and history's evidence of the danger to any nation that challenges Israel's God-mandated right to exist. The dangerous belittling of Iran's nuclear threat by careless spy agencies and the super weapon that could stop the U.S. in its tracks instantly. The chilling biblical prophecy that confirms Iran as one of six countries that will form an Islamic military force as a cloud to cover the land. The real \$2.5 trillion price tag of healthcare reform, the international currency shifts, and the national economic trends that are poised to bring about the death of the American dollar. The criminalization of Christianity around the world. *Can America Survive* is not just a warning. It is a wake-up call and a rallying cry to Christian citizens everywhere to prevent the next unthinkable American disaster. After all, as Hagee points out, those who do not remember the mistakes of the past are doomed to repeat them in the future. Think it can't happen. Think again. *Edgar Cayce on Angels, Archangels and the Unseen Forces* Robert J.

Grant, 2005-06 The next step for those who want to discover angels in their lives: this book goes beyond angelic appearances to a keen new awareness of how angels influence world evolution and one's own personal psyche. You will explore new research on angels' roles in personal and planetary karma, the angelic hierarchy, the origin and destiny of Christ, archangels, and fallen angels, and the meaning of angels in the Revelation. *Earth's Catastrophic Past and Future* William

Hutton, Jonathan Eagle, 2004-08 Edgar Cayce's best-documented psychic gave upwards of 44 readings that dealt with lost continents, geophysical changes to Earth beginning 1958-1998, and a pole shift due to begin about now. In this book, geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes. They also seek scientifically to test readings' predictions of catastrophic Earth changes while investigating the following fascinating subjects: Development and calibration of a comprehensive pole shift model. The countries predicted to be most affected by a sudden 1-pole shift. The geologic trend for a

mineralized gold vein at Bimini Bahamas The authors discoveries of correlations between a 2002 arctic earthquake and the eruption of torrid area volcanoes the dropping of atom bombs in 1945 and a significant increase in sunspots following and the peaceable nature of Europe in 1645 1715 and the period s near total lack of sunspots Cayce readings implied or predicted all three phenomena The first ever analysis of the sources of Cayce s channeled readings including a ranking of the veracity and reliability of the most important Earth changes and pole shift readings Moralistic reasons for future catastrophic geophysical changes to Japan China and America Locations of post pole shift safety lands in Canada and America Locations of the records of the Atlantean civilization to be found when Earth changes begin How to awaken to the New Cycle presently opening before humanity Evidence for Atlantis in the mid Atlantic ridge area and for Lemuria or Mu in the Pacific The consuming religious war in which we find ourselves and an answer to world conditions today Visions of an imminent Age ending fire as found in a Cayce reading in a channeled book by Phylos the Tibetan and in the 1960s visions of girls at Garabandal Spain Doubtful interpretations of Earth changes and pole shift readings advanced by managers and writers of Cayce s legacy organization the Association for Research and Enlightenment Inc From the Foreword by the Editor The acid test of pole shift and other Earth change predictions is their scientific credibility If true momentous societal and political changes are imminent The geopolitical map of the world will be redrawn The authors are exploring the transition from the end of one Age to the beginning of another
