Somehow I woke up one day and found myself in bed with a stranger Meant literally or figuratively this statement describes one of the best known plots in world mythology and popular storytelling In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova the erudite and irrepressible Wendy Doniger shows us the variety danger and allure of the bedtrick or what it means to wake up with a stranger The Bedtrick brings together hundreds of stories from all over the world from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of Here you will find wives who accidentally commit adultery with their own husbands You will read Lincoln s truly terrible poem about a bedtrick You will learn that in Hong Kong the film The Crying Game was retitled Oh No My Girlfriend Has a Penis And that President Clinton was not the first man to be identified by an idiosyncratic organ At the bottom of these wonderful stories ancient myths and historical anecdotes lie the dynamics of sex and gender power and identity Why can t people tell the difference in the dark Can love always tell the difference between one lover and another And what kind of truth does sex tell Funny sexy and engaging The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship Give it to your spouse and your lover **Cyberbullies, Cyberactivists, Cyberpredators** Lauren Rosewarne, 2016-01-25 Written by an expert in media

popular culture gender and sexuality this book surveys the common archetypes of Internet users from geeks nerds and

gamers to hackers scammers and predators and assesses what these stereotypes reveal about our culture's attitudes regarding gender technology intimacy and identity The Internet has enabled an exponentially larger number of people individuals who are members of numerous and vastly different subgroups to be exposed to one other As a result instead of the simple jocks versus geeks paradigm of previous eras our society now has more detailed stereotypes of the undesirable the under the radar and the ostracized cyberpervs neckbeards goths tech nerds and anyone with a non heterosexual identity Each chapter of this book explores a different stereotype of the Internet user with key themes such as gender technophobia and sexuality explored with regard to that specific characterization of online users Author Lauren Rosewarne PhD supplies a highly interdisciplinary perspective that draws on research and theories from a range of fields psychology sociology and communications studies as well as feminist theory film theory political science and philosophy to analyze what these stereotypes mean in the context of broader social and cultural issues From cyberbullies to chronically masturbating porn addicts to desperate online daters readers will see the paradox in popular culture's message that while Internet use is universal actual Internet users are somehow subpar less desirable less cool less friendly than everybody else [The Road to Romance and Ruin](#) Jon Lewis,2013-12-04 This book analyses the teen film as the rare medium able to represent the otherwise chaotic and conflicting experience of youth The author focuses on six major issues alienation deviance and delinquency sex and gender the politics of consumption the apolitics of youth full rebellion and regression into nostalgia Despite the many differences within the genre this book sees all teen films as focused on a single social concern the breakdown of traditional forms of authority school church family Working with the theories of such diverse scholars as Kenneth Keniston Bruno Bettelheim Erik Erikson Theodor Adorno Simon Frith and Dick Hebdige the author draws an innovative and flexible model of a cultural history of youth Originally published in 1992 [Star Wars](#) Josef Benson,2025-03-18 Star Wars The Triumph of Nerd Culture engagingly reveals how the most popular film franchise of all time sprang from the mind of a deeply insecure nerd who then inspired and betrayed a generation of fans In Star Wars The Triumph of Nerd Culture Josef Benson offers an unauthorized and provocative expose of the most popular film franchise of all time Fueled by George Lucas's insecurities and a fervent fan base who felt betrayed when Lucas defiled the original films Benson presents the conflict between Lucas and Star Wars fans as comparable to the twisted relationship between Darth Vader and Luke Skywalker Just as there is a riveting saga within the Star Wars universe that centers on the rise and fall of Anakin Skywalker and the redemption of Darth Vader so too has a saga unfolded in relation to George Lucas and Star Wars fandom Star Wars fans both love and hate Star Wars and George Lucas He is equally responsible for their pleasure and pain Star Wars The Triumph of Nerd Culture delves deeper into the Star Wars universe than any book has gone before including an illuminating look into why Lucas sold Lucasfilm to the Disney Corporation and how the sale affected the franchise After reading this book fans will never be able to watch Star Wars in the same way again [Geek Rock](#) Alex DiBlasi,Victoria Willis,2014-08-14 Geek Rock An Exploration of

Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their

intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism
