The Gospel according to Star Wars, Second Edition John C. McDowell, 2017-09-07 In a new and updated version of this best selling book John McDowell explores the many spiritual themes that weave throughout the Star Wars films From the Force to the dark side the issues discussed in the films have a moral and spiritual complexity that if paid attention to can help us better understand our place in the world and our relation to others and to God George Lucas the creator of Star Wars did not intend for his films to be mere entertainment McDowell argues Rather he hoped his films would be used as a vehicle for moral education This new version has been thoroughly revised to include discussion of The Force Awakens and other new developments in the Star Wars universe

The Gospel according to Star Wars John C. McDowell, 2007-03-02 Star Wars is one of the most beloved movie series of all time and in this book John McDowell explores the many spiritual themes that weave throughout the six films From the Force to the dark side the issues discussed in the films have a moral and spiritual complexity that if paid attention to can help us better understand our place in the world and our relation to others and to God George Lucas the creator of Star Wars did not intend for his films to be mere entertainment McDowell argues Rather he hoped his films would be used as a vehicle for moral education

Star Wars and the Hero's Journey Valerie Estelle Frankel, 2021-03-12 The original Star Wars trilogy famously follows Joseph Campbell's model for the hero's journey making Luke Skywalker's story the new hero quest for a modern age With the nine plus film saga complete however new story patterns have emerged as the hero's journey is imagined over and over for characters of different ages genders and backgrounds The prequels offer the plot arc of the villain's journey through Anakin Leia and Padme while damsels in the men's story break out to undergo their own ordeals The heroine's journey is exemplified by Rey and Jyn Obi Wan Yoda and Vader must accept the loss of power and fade into spirit guardians perpetuating the lifecycle By the sequel era the original trio become mentors to the younger generation and finally must do the same Meanwhile the Mandalorian explores a different form of the quest as he transforms from immature warrior to patriarch This book tracks the journeys of over 20 characters throughout the franchise

[The Politics of Big Fantasy](#) John C. McDowell, 2014-06-04 Bringing critical attention to a particular set of science fiction and fantasy films Larry and Andy Wachowski's The Matrix George Lucas Star Wars saga and Joss Whedon's Avengers this book utilizes a wide ranging set of critical tools to illuminate their political ideologies while also examining any resistant and complicating turns or byways the films may provide What they all have in common ideologically is that they or at least the genres they belong to tend to be regarded as belonging to politically conservative frames of sociocultural reference With the Star Wars saga however this idea is shown to be superficial and weak

Star Wars Meets the Eras of Feminism Valerie Estelle Frankel, 2020-07-07 Star Wars defined popular big screen science fiction Still what many viewers best recall is assertive hilarious Leia the diminutive princess with a giant blaster who had to save them all As the 1977 film arrived women

were marching for equality and demanding equal pay with few onscreen role models Leia echoed their struggle and showed them what they could be Two more films joined in though by the early eighties post feminism was pushing back and shoving the tough heroine into her pornographic gold bikini After a sixteen year gap the prequels catered to a far different audience Queen Amidala s decoy power originates in how dominated she is by her massive royal gowns This obsession with fashion but also costuming as a girly superpower fits well with the heroines of the time The third wavers filled the screens with glamorous mighty girls strong but not too strong like the idealistic teen Ahsoka of Clone Wars However space colonialism abusive romance and sacrifice left these characters a work in progress Finally the sequel era has introduced many more women to fill the galaxy Rey Jyn Rose Maz Qi ra Val L3 37 Captain Phasma Admiral Holdo and of course General Leia Making women the central warriors and leaders while keeping them powerful and nonsexualized emphasizes that they can share in the franchise instead of supporting male Jedi There s also more diversity though it s still imperfect Hera and Sabine on the spinoff cartoon Rebels and the many girls in the new franchise Forces of Destiny round out the era along with toys picture books and other hallmarks of a new more feminist fourth wave for the franchise The Empire Triumphant Kevin J.

Wetmore, Jr.,2017-08-10 George Lucas s first Star Wars trilogy shows the influences of its era Cold War tension is evident in its theme of rebellion against totalitarianism Recent entries in the Star Wars saga The Phantom Menace 1999 and Attack of the Clones 2002 are much more concerned with evil corporations terrorists and the corruption of the political process Each film is influenced by the times in which it was released but also by cultural subtexts and by other films that had direct and indirect effects on Lucas as writer producer and director This work focuses on all six Star Wars films The first topic of this multifaceted examination is how the films use the language of colonialism The Rebellion The Empire to emphasize the idea of imperialism Next the author looks at how Asian influences including religious undertones from Taoism and Buddhism and the works of Kurosawa and other Asian filmmakers provide a subtext for much of the action Next the discussion turns to the representation of people of color in the Star Wars universe and how other ethnicities are represented overall particularly through the literalization of the word aliens These topics of discussion provide for penetrating conclusions about Lucas s films and how they represent race religion and rebellion **The Myth Awakens** Ken Derry,John C. Lyden,2018-09-13

The trailers for Star Wars The Force Awakens made a strong impression on fans Many were excited by what they saw as a return to the spirit of George Lucas s 1977 creation Others including several white supremacy groups were upset and offended by key differences most notably the shift away from a blond blue eyed male protagonist When the film was finally released reactions similarly seemed to hinge on whether or not The Force Awakens renewed the mythic aspects of the original trilogy in ways that fans approved of The Myth Awakens examines the religious implications of this phenomenon considering the ways in which myth can function to reinforce traditional social and political values In their analyses the authors of this book reflect on fan responses in relation to various elements of and changes to the Star Wars canon including toys video games

and novels as well as several of the films They do so using a variety of critical tools drawing from studies of gender race psychology politics authority music ritual and memory Discovering World Religions at 24 Frames Per Second Julien R. Fielding,2008-09-26 Traditionally university students have gained access to world religions by reading primary texts Discovering World Religions at 24 Frames Per Second takes students beyond the written page offering an exploration of the same religious traditions through the study of feature films The many definitions of religion are examined along with its various components including doctrine myth ethics ritual and symbol Specific religious traditions including Hinduism Sikhism Zoroastrianism Buddhism Confucianism Daoism popular religion and Shinto are examined Biographical sketches of directors whose films tend to focus on a particular religious tradition are also included such as Zhang Yimou Hayao Miyazaki Deepa Mehta and Akira Kurosawa Discovering World Religions at 24 Frames Per Second is unique in the area of religion and film studies in that it isn't just a collection of essays Instead it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood not through texts but through the cinematic medium To keep the conversation fresh most of the films used in the book were made within the last decade Furthermore examples range from popular mainstream fare such as Star Wars and the Lord of the Rings trilogy to lesser known foreign films such as The Wooden Man's Bride and The Great Yokai War Several films with a cult like following are also discussed including Fight Club Princess Mononoke Spirited Away and Jacob's Ladder This book is also unique in that instead of drawing upon the Judeo Christian tradition it draws from Eastern traditions The Star Wars Heresies Paul F. McDonald,2013-09-17 Despite the insatiable public appetite for all things Star Wars the more analytical side of the saga is all too often ignored This book offers a new way of seeing George Lucas space opera particularly the prequel trilogy a series never given a fair chance because of constant comparisons to the iconic originals In the classic style of Joseph Campbell the trilogy is viewed through the lens of myth and metaphor revealing a body of work not only worthy of scholarly study but perhaps destined to find therein its home A wide variety of philosophical and mythological themes are presented and expounded upon drawing from a rich source of scholars thinkers writers and poets from East and West alike Heretical or not the Star Wars prequels are a surprisingly rich source of insight into the saga as well as the human drama as a whole *Film Review* ,2005 **School Library Journal** ,2006 **Library Journal** Melvil Dewey,Richard Rogers Bowker,L. Pylodet,Charles Ammi Cutter,Bertine Emma Weston,Karl Brown,Helen E.
