History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner s entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah s and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis **Three**

Questions of Formative Judaism Jacob Neusner, 2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise Three Questions of Formative Judaism encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an

enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details [Imagery Techniques in Modern Jewish Mysticism](#) Daniel Reiser,2018-07-09 This book analyzes and describes the development and aspects of imagery techniques a primary mode of mystical experience in twentieth century Jewish mysticism These techniques in contrast to linguistic techniques in medieval Kabbalah and in contrast to early Hasidism have all the characteristics of a full screenplay a long and complicated plot woven together from many scenes a kind of a feature film Research on this development and nature of the imagery experience is carried out through comparison to similar developments in philosophy and psychology and is fruitfully contextualized within broader trends of western and eastern mysticism *American Jewish Year Book 2023* Arnold Dashefsky,Ira M. Interpreting Scriptures in Judaism, Christianity and Islam Mordechai Z. Cohen, Adele Berlin, 2016-06-06 This comparative study traces Jewish Christian and Muslim scriptural interpretation from antiquity to modernity with special emphasis on the pivotal medieval period It focuses on three areas responses in the different faith traditions to tensions created by the need to transplant scriptures into new cultural and linguistic contexts changing conceptions of the literal sense and its importance vis vis non literal senses such as the figurative spiritual and midrashic and ways in which classical rhetoric and poetics informed or were resisted in interpretation Concentrating on points of intersection the authors bring to light previously hidden aspects of methods and approaches in Judaism Christianity and Islam This volume opens new avenues for interdisciplinary analysis and will benefit scholars and students of biblical studies religious studies medieval studies Islamic studies Jewish studies comparative

religions and theory of interpretation *Between Alexandria and Jerusalem* Arkady Kovelman, 2005-07-01 *Between Alexandria and Jerusalem* examines the dynamics of Hellenistic and Jewish cultures. It begins by looking at the changes in mentality as reflected in papyri of Roman Egypt, the birth of a qualified audience looking for teachers and preachers and requiring a new culture. This same phenomenon emerged in Rabbinic society. Rabbinic literature was different not only from the Bible but from Alexandrian exegesis as well. However, Alexandrian exegesis paved the way for rabbinic Midrash. The book defies the understanding of culture as a combination of various petrified patterns, Jewish and Hellenic. It also challenges the idea of separate Jewish cultures. Rather, it endeavors to trace tremendous cultural changes. It was exactly these changes that connected one period to another, one literature to another, and thus embodied continuity and unity of culture. Sifra, *Dibbura de Sinai* Howard L. Apothaker, 2003-07-16 *Sifra* is the earliest extant rabbinic commentary on the book of Leviticus. On a basic level, *Sifra* presents and validates rabbinic law, but this was done by creating a link between a proposition halakhic or not and a scriptural passage. Scholars in the last few decades, including Neusner and Stemberger, have debated *Sifra*'s relationship to Mishnah Tosefta. Howard Apothaker demonstrates that the set of rules in *Dibbura de Sinai* on topics shared with Mishnah Tosefta can be understood as an independent body of law. They share a common ancestor but represent different expressions of a similar worldview and with variant purposes. The framers of *Sifra* sought as their main objective to validate the essentiality or non superfluity of every word of Scripture. Apothaker's analysis of the exegetical and rhetorical characteristics of *Sifra* in *Sifra Dibbura de Sinai: Rhetorical Formulae, Literary Structures and Legal Traditions* builds on his translation of and commentary on the section of *Dibbura de Sinai* which covers Leviticus 25-27. Analysis of *Sifra*'s highly formalized rhetoric yields insight concerning the general purposes for which the framers created the work. *American Jewish Year Book 2021* Arnold Dashefsky, Ira M. Sheskin, 2022-08-27 Across three centuries, AJYB has provided insight into major trends. Part I of the current volume contains two chapters on Jewish Americans in 2020 by the Pew Research Center, including reactions from 16 prominent social scientists. Subsequent chapters analyze the development of Holocaust consciousness in America, recent domestic and international events as they affect the American Jewish community, and the demography and geography of the US, Canada, and world Jewish populations. Part II provides lists of Jewish institutions, including federations, community centers, social service agencies, national organizations, camps, museums, and Israeli consulates. The final chapters present lists of Jewish periodicals and broadcast media, Jewish Studies programs, books, journals, articles, websites, research libraries, and academic conferences, and lists of major events in the past year, Jewish honorees and obituaries. This volume employs an accessible style, making it of interest to public officials, Jewish professional and lay leaders, as well as the general public and academic researchers. For more than 120 years, the *American Jewish Year Book* has served as an indispensable resource for scholars, clergy, and lay leaders, providing crucial, detailed insights into demographic shifts and sociological trends in the North American Jewish community. The latest edition continues to fulfill these important needs.

Matthew and the Mishnah Akiva Cohen, 2016-06-10 Akiva Cohen investigates the general research question how do the authors of religious texts reconstruct their community identity and ethos in the absence of their central cult His particular socio historical focus of this more general question is how do the respective authors of the Gospel according to Matthew and the editors of the Mishnah redefine their group identities following the destruction of the Second Temple Cohen further examines how after the Destruction both the Matthean and the Mishnaic communities found and articulated their renewed community bearings and a new sense of vision through each of their respective author redactors foundational texts The context of this study is thus that of an inner Jewish phenomenon two Jewish groups seeking to re establish their community identity and ethos without the physical temple that had been the cultic center of their cosmos

Sages and Commoners in Late Antique 'Erez Israel Stuart S. Miller, 2006 Stuart S Miller addresses a number of issues in the history of talmudic Palestine that are at the center of contemporary scholarly debate about the role rabbis played in society In sharp contrast to recent claims that the rabbis were a relatively small and insular group with little influence this book demonstrates that their movement was both more expansive and diffuse than a mere counting of named rabbis suggests It also underscores some of the dynamics that allowed rabbinic circles to spread their teachings and to ultimately consolidate into an effective and productive movement Many overlooked terms and passages in which rabbis and the members of their circles appear in the Talmud Yerushalmi are investigated and special attention is given to the identity of persons who are collectively referred to after their places of residence Tiberians Sepphoreans Southerners etc While the results confirm the insular nature of the interests of the rabbis they also point to the definition and coherence that this insularity provided their movement Therein lies the secret of the success of rabbinic Judaism which never depended upon sheer numbers but rather on the internal strength and sense of purpose of rabbinic circles Subjects that are considered include rabbinic households the identity of the ammei ha arez and their relationship to the rabbis village sages and their connection to urban rabbis and the venue of rabbinic teachings

instructions expositions pronouncements and stories *Qur'an Commentary and the Biblical Turn* Samuel Ross, 2024-02-19

The Qur'an and the Bible have been called intertwined scriptures due to the Qur'an's frequent invocation of biblical narratives and figures. But what is the history of Muslims' exegetical engagement with the biblical text? Through a comprehensive survey of more than 170 Qur'an commentaries, Samuel Ross traces the longitudinal history of the Bible in tafsir. Offering detailed case studies and rich in historical context, Ross's narrative culminates in the remarkable late nineteenth and early twentieth century biblical turn. Global in scope, this development has not only generated new Muslim views of the Bible but even new interpretations of the Qur'an itself. This monograph has been awarded the annual BRAIS De Gruyter Prize in the Study of Islam and the Muslim World.

American Jewish Year Book 2020 Arnold Dashefsky, Ira M. Sheskin, 2022-01-01

The American Jewish Year Book, which spans three different centuries, is the annual record of the North American Jewish communities and provides insight into their major trends. Part I of the current volume contains the lead article, Chapter 1: Pastrami Verklemt and Tshoot spa: Non-Jews' Use of Jewish Language in the US by Sarah Bunin Benor. Following this chapter are three on domestic and international events which analyze the year's events as they affect American Jewish communal and political affairs. Three chapters analyze the demography and geography of the US, Canada, and world Jewish populations. Part II provides lists of Jewish institutions including federations, community centers, social service agencies, national organizations, synagogues, Hillels, camps, museums, and Israeli consulates. The final chapters present national and local Jewish periodicals and broadcast media, academic resources including Jewish Studies programs, books, journals, articles, websites, and research libraries, and lists of major events in the past year, Jewish honorees and obituaries. While written mostly by academics, this volume conveys an accessible style, making it of interest to public officials, professional and lay leaders in the Jewish community, as well as the general public and academic researchers. The American Jewish Year Book has been a key resource for social scientists exploring comparative and historical data on Jewish population patterns. No less important, the Year Book serves organization leaders and policy makers as the source for valuable data on Jewish communities and as a basis for planning. Serious evidence-based articles regularly appear in the Year Book that focus on analyses and reviews of critical issues facing American Jews and their communities, which are indispensable for scholars and community leaders. Calvin Goldscheider, Professor Emeritus of Sociology, and Ungerleider, Professor Emeritus of Judaic Studies, Brown University, have done it again. The American Jewish Year Book has produced yet another edition to add to its distinguished tradition of providing facts, figures, and analyses of contemporary life in North America. Its well-researched and easily accessible essays offer the most up-to-date scrutiny of topics and challenges of importance to American Jewish life to the American scene of which it is a part and to world Jewry. Whether one is an academic or professional member of the Jewish community or just an interested reader of all things Jewish, there is not another more impressive and informative reading than the American Jewish Year Book.
