REVITALISING US–RUSSIAN SECURITY COOPERATION

Practical Measures

Richard Weitz

Revitalizing Us Russian Security Cooperation

Edward Friedman, Sung Chull Kim

Revitalizing Us Russian Security Cooperation:

Revitalising US-Russian Security Cooperation Richard Weitz, 2020-11-25 Russia and the United States are the most important countries for many vital security issues. They possess the world's largest nuclear weapons arsenals, are involved in the principal regional conflicts, and have lead roles in opposing international terrorism and weapons proliferation. Despite persistent differences on many questions, mutual interests consistently drive Russians and Americans to work together to overcome these impediments. This Adelphi paper argues that opportunities for improving further security cooperation between Russia and the United States exist but are limited. Near term results in the areas of formal arms control or ballistic missile defences are unlikely. The two governments should focus on improving and expanding their joint threat reduction and nonproliferation programmes, enhancing their military to military dialogue, regarding Central Asia and defence industrial cooperation, and deepening their antiterrorist cooperation, both bilaterally and through NATO. Using more market incentives, expanding reciprocity and equal treatment, and limiting the adverse repercussions from disputes over Iran would facilitate progress. Russia and the United States will not soon become close allies, but they should be able to achieve better security ties, given that on most issues their shared interests outweigh those that divide them.

Prospects for U.S.-Russian Security Cooperation, 2009 As the Obama administration took office, Russo American relations were generally acknowledged to be at an impasse. Arms control issues feature prominently in that conflicted agenda. The Bush administration allowed the bilateral civil nuclear treaty with Russia to die in the Senate rather than go forward for confirmation. Russian spokesmen make clear their belief that American concessions on key elements of arms control issues like missile defenses in Europe are a touchstone for the relationship and a condition of any further progress towards genuine dialogue. Since the outbreak of the Russo Georgian war in August 2008, both sides have further hardened positions. Arms control and disarmament issues are quintessentially political as well as military issues that are among the most critical components of the bilateral relationship and regional security in both Europe and Asia. For these reasons, neither the political nor the military aspect can be divorced from the other. P v

Averting Global War H. Gardner, 2016-01-18 Averting Global War examines major regional disputes and conflicts throughout the world as they impact upon both American domestic and foreign policy. These include: The ongoing war on terrorism, NATO enlargement to Russian borders, US intervention in Iraq, US confrontation with Iran, the feud between Israel and the Palestinians, the widening zone of conflict from Central Asia to sub Saharan Africa, the global ramifications of North Korea's nuclear program and China's claims to Taiwan, Venezuela's Bolivarian Revolution, and the war on drugs in Latin America, the domestic socio political effects of Latin American immigration upon the US. The book's goal is to articulate an irenic American strategy intended to resolve or at least transform a number of these disputes and conflicts so as to prevent them from further deepening or widening, and to avert the real possibility of major power confrontation involving both clandestine and overt methods of warfare.

The NATO-Russia Partnership Stephen

Blank, 2006 Four years after the NATO Russia Council came into being it represents a picture in ambivalence and incomplete realization of partnership This monograph focuses on the Russian side of this growing estrangement It finds the Russian roots of this ambivalence or alienation in the increasingly visible manifestations of an autocratic and neo imperial Russian state and foreign and defense policy These strong trends in Russian policy inhibit the formation of a genuine security partnership that can provide for Eurasian security in the face of multiple contemporary threats Indeed it is debatable whether Russia really wants a comprehensive partnership with NATO The author examines Russia s perspectives in this relationship and this growing estrangement between the West and Russia tracing it to trends in Russian domestic defense and foreign policies

EU Enlargement and the Transatlantic Alliance Sven Biscop, Johan Lembke, 2008 What is the interplay between EU enlargement and a fluctuating transatlantic security partnership Will the accession of new EU members reinforce this partnership or instead increase the EU s assertiveness as an independent foreign policy actor The authors of *EU Enlargement and Transatlantic Security* find answers in an examination of broader EU security strategies the foreign and security policies of the newer and potential EU members and changing US priorities Their perceptive analysis offers a sharp lens through which to understand the current and future state of transatlantic security

the secret police but here David E McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by Russia s annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia s re emergence as an international political force Vladimir Putin and Russia s Imperial Revival grounds its analyses in history It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events
