Revolution And Its Past Identities And Change In Modern Chinese History:

Revolution and Its Past R. Keith Schoppa, 2019-07-10 *Revolution and Its Past* is a comprehensive study of China from the last quarter of the eighteenth century through to 2018. A fascinating and dramatic narrative, the book compels interest both as a history of an ancient civilization developing into a modern nation state and as an account of how the Chinese as a people have struggled and continue to work to find their identity in the modern world. Beginning in the last two decades of the reign of the Qianlong emperor 1736-1795, the book provides a baseline that allows readers to understand China's rapid decline in the nineteenth and part of the twentieth century and extends into the present day, a time when China has the second largest economy in the world and aims to become a leading global power by 2050. The vast changes that have swept over China between these times are probed through the lens of the broad and important theme of identities. This fourth edition has been updated throughout, providing a more thorough examination of recent history since 1960 and increasing coverage of such topics as new Qing history, frontier and ethnicity, women and their roles, environmental concerns, and issues and globalization. Supported by maps, images, tables, online eResources, and suggestions for further reading, and written in an engaging, concise, and authoritative style, *Revolution and Its Past* is the ideal textbook for all students of the history of modern China.

R. Keith Schoppa, 2013-10-03. Appropriate as a main text for courses in modern Chinese history, politics, society, and culture; also suitable as a supplementary text for courses in East Asian civilization, world history, and world civilization. Unlike other texts on modern Chinese history, which tend to be either encyclopedic or too pedantic, *Revolution and Its Past* is comprehensive but concise, focused on the most recent scholarship, and written in a style that engages students from beginning to end. The Third Edition uses the theme of identities of the nation itself and of the Chinese people to probe the vast changes that have swept over China from late imperial times to the early twenty-first century. In so doing, it explores the range of identities that China has chosen over time and those that outsiders have attributed to China and its people, showing how, as China rapidly modernizes, the issue of Chinese identity in the modern world looms large.

attributed to China and its people showing how as China rapidly modernizes the issue of Chinese identity in the modern world looms large The Intellectual in Modern Chinese History Timothy Cheek, 2016-01-05 This vivid narrative history of Chinese intellectuals and public life provides a guide to making sense of China today Timothy Cheek presents a map and a method for understanding the intellectual in the long twentieth century from China's defeat in the Sino-Japanese war in 1895 to the Prosperous China since the 2008 Beijing Olympics Cheek surveys the changing terrain of intellectual life over this transformative century in Chinese history to enable readers to understand a particular figure, idea or debate The map provides coordinates to track different times, different social worlds and key concepts The historical method focuses on context and communities during six periods to make sense of ideas, institutions and individual thinkers across the century Together they provide a memorable account of the scenes and protagonists and arguments and ideas of intellectuals and public life in modern China A History of the Modern Chinese Army Xiaobing Li, 2007-06-01 Since the establishment of the Red Army in 1927 China's military has responded to profound changes in Chinese society particularly its domestic politics, shifting economy and evolving threat perceptions Recently tensions between China and Taiwan and other East Asian nations have aroused great interest in the extraordinary transformation and new capabilities of the Chinese army In A History of the Modern Chinese Army Xiaobing Li, a former member of the People's Liberation Army (PLA) provides a comprehensive examination of the PLA from the Cold War to the beginning of the twenty-first century that highlights the military's central function in modern Chinese society In the 1940s the Chinese army was in its infancy and many soldiers were rural conscripts and volunteers who had received little formal schooling The Chinese military rapidly increased its mobility and weapon strength and the Korean War and Cold War offered intense combat experience that not only allowed soldiers to hone their fighting techniques but also helped China to develop military tactics tailored to the surrounding countries whose armies posed the most immediate threats Yet even in the 1970s the completion of a middle school education, nine years, was considered above average and only 4 percent of the 224 top Chinese generals had any college credit hours However in 1995 the high command began to institute massive reforms to transform the PLA from a labor-intensive force into a technology-intensive army Continually seeking more urban conscripts and emphasizing higher education the PLA Reserve Officer Training and Selection program recruited students from across the nation These reservists would become commissioned officers upon graduation and they majored in atomic physics, computer science and electrical engineering Grounding the text in previously unreleased official Chinese government and military records as well as the personal testimonies of more than two hundred PLA soldiers Li charts the development of China's armed forces against the backdrop of Chinese society, cultural traditions, political history and recent technological advancements A History of the Modern Chinese Army links China's military modernization to the country's growing international and economic power and provides a unique perspective on China's establishment and maintenance of one of the world's most advanced military forces **Routledge Handbook of**

Imperial Chinese History Victor Cunrui Xiong, Kenneth Hammond, 2018-09-17 The resurgence of modern China has generated much interest not only in the country's present day activities but also in its long history. As the only uninterrupted ancient civilization still alive today, the study of China's past promises to offer invaluable insights into understanding contemporary China. Providing coverage of the entire Imperial Era 221 BCE–1912 CE, this handbook takes a chronological approach. It includes comprehensive analysis of all major periods from the powerful Han empire, which rivalled Rome, and the crucial transformative period of the Five Dynasties to the prosperous Ming era and the later dominance of the non-Han peoples. With contributions from a team of international authors, key themes include Political events and leadership, Religion and philosophy, Cultural and literary achievements, Legal, economic and military institutions. This book transcends the traditional boundaries of historiography, giving special attention to the role of archaeology. As such, the Routledge Handbook of Imperial Chinese History is an indispensable reference work for students and scholars of Chinese, Asian and World History.

The Routledge Handbook of Nationalism in East and Southeast Asia Lu Zhouxiang, 2023-07-31 This handbook presents a comprehensive survey of the formation and transformation of nationalism in 15 East and Southeast Asian countries. Written by a team of international scholars from different backgrounds and disciplines, this volume offers new perspectives on studying Asian history, society, culture and politics and provides readers with a unique lens through which to better contextualise and understand the relationships between countries within East and Southeast Asia and between Asia and the world. It highlights the latest developments in the field and contributes to our knowledge and understanding of nationalism and nation building. Comprehensive and clearly written, this book examines a diverse set of topics that include theoretical considerations on nationalism and internationalism, the formation of nationalism and national identity in the colonial and postcolonial eras, the relationships between traditional culture, religion, ethnicity, education, gender, technology, sport and nationalism, the influence of popular culture on nationalism and politics, policy and national identity. It illustrates how nationalism helped to draw the borders between the nations of East and Southeast Asia and how it is re-emerging in the twenty-first century to shape the region and the world into the future. The Routledge Handbook of Nationalism in East and Southeast Asia is essential reading for those interested in and studying Asian history, Social and Cultural history and modern history.

Politics and the Histories of International Law, 2021-07-19 What are the implications of writing the history of legal issues? Eighteen authors from different legal systems and backgrounds offer different answers by examining the history of writing on issues ranging from slavery over the use of force to extraterritorial jurisdiction. Contributions show how historiography has often distorted or neglected regional cultures and suggest alternative methods and approaches to history writing. These studies are highly relevant for current international relations in which the fight over master narratives is especially fierce among governments in different academic fields and also between governments and academics. Confucian Concord
 Federico Brusadelli, 2020-09-25 In *Confucian Concord* Federico Brusadelli offers an intellectual analysis of the Datong Shu Written by Kang Youwei 1858-1927 and conceived as his most esoteric and comprehensive legacy to posterity the book was eventually published posthumously in 1935 considered too advanced for the times in Kang's own opinion Connecting Datong Shu to its author's intellectual biography and framing it within the intellectual and political debate of the time Brusadelli investigates the conceptual and philosophical implications of Kang's global prophecy showing how an apparently utopian and escapist piece of literature was actually an attempt to save at least ideally the imperial political order updating the traditional Confucian universalism to a new modern world

China's New Navy Xiaobing Li, 2023-10-15 Winner of the 2023 Chinese Historians in the United States Book Award A survey of Chinese naval operational history Li's book focuses on the major battles and important engagements of more than 1 200 Chinese naval operations from 1949-2009 including the joint landing campaigns in the Taiwan Strait Crises naval battles in the South China Sea air defense against American pilots during Operation Rolling Thunder and anti piracy operations in Africa His findings elucidate the origin of and changes of the People's Liberation Army Navy PLAN by examining its adaptation modernization and setbacks in the past sixty years Based upon newly available Chinese sources and personal interviews with retired generals admirals and PLA officers the work offers Chinese perspective on the study of PLAN war fighting history The untold operational stories of the Chinese captains boatswains sailors gunners and naval pilots provide a first hand look at a naval officer and his crew during the Cold War and beyond They also indicate important lessons learned by the naval leaders who faced the enemies during a period when the PLAN underwent a complex transformation China's New Navy explains how the Chinese Navy's operational experience brought about its reform The PLAN changed from a coastal defensive fleet in the 1950s to a modern navy in the 2000s It concludes that some early experiences are still relevant to Beijing's leaders as they consider specific strategic and

operational challenges Li redefines and adapts such strategic Cold War concepts as nuclear deterrence and local warfare to be meaningful in today's strategic context one in which PLAN is ready to open fire first in a defensive offense against the other sea powers like the U S Navy

Never Forget National Humiliation Zheng Wang, 2014-03-04 How could the Chinese Communist Party CCP not only survive but even thrive regaining the support of many Chinese citizens after the Tiananmen Square crackdown of 1989 Why has popular sentiment turned toward anti Western nationalism despite the anti dictatorship democratic movements of the 1980s And why has China been more assertive toward the United States and Japan in foreign policy but relatively conciliatory toward smaller countries in conflict Offering an explanation for these unexpected trends Zheng Wang follows the Communist government's ideological reeducation of the public which relentlessly portrays China as the victim of foreign imperialist bullying during one hundred years of humiliation By concentrating on the telling and teaching of history in today's China Wang illuminates the thinking of the young patriots who will lead this rising power in the twenty first century Wang visits China's primary schools and memory sites and reads its history textbooks arguing that China's rise should not be viewed through a single lens such as economics or military growth but from a more comprehensive perspective that takes national identity and domestic discourse into account Since it is the prime raw material for constructing China's national identity historical memory is the key to unlocking the inner mystery of the Chinese From this vantage point Wang tracks the CCP's use of history education to glorify the party reestablish its legitimacy consolidate national identity and justify one party rule in the post Tiananmen and post Cold War era The institutionalization of this manipulated historical consciousness now directs political discourse and foreign policy and Wang demonstrates its important role in China's rise
