Discussion questions at the end of each chapter New chapter on social justice and corporate social responsibility CSR emphasizes the conditions of garment workers and human sustainability Stalin Stephen Kotkin, 2017-10-31 Monumental The New York Times Book Review Pulitzer Prize finalist Stephen Kotkin has written the definitive biography of Joseph Stalin from collectivization and the Great Terror to the conflict with Hitler's Germany that is the signal event of modern world history In 1929 Joseph Stalin having already achieved dictatorial power over the vast Soviet Empire formally ordered the systematic conversion of the world's largest peasant economy into socialist modernity otherwise known as collectivization regardless of the cost What it cost and what Stalin ruthlessly enacted transformed the country and its ruler in profound and enduring ways Building and running a dictatorship with life and death power over hundreds of millions made Stalin into the uncanny figure he became Stephen Kotkin's Stalin Waiting for Hitler 1929 1941 is the story of how a political system forged an unparalleled personality and vice versa The wholesale collectivization of some 120 million peasants necessitated levels of coercion that were extreme even for Russia and the resulting mass starvation elicited criticism inside the party even from those Communists committed to the eradication of capitalism But Stalin did not flinch By 1934 when the Soviet Union had stabilized and socialism had been implanted in the countryside praise for his stunning anti capitalist success came from all quarters Stalin however never forgave and never forgot with shocking consequences as he strove to consolidate the state with a brand new elite of young strivers like himself Stalin's obsessions drove him to execute nearly a million people including the military leadership diplomatic and intelligence officials and innumerable leading lights in culture While Stalin revived a great power building a formidable industrialized military the Soviet Union was effectively alone and surrounded by perceived enemies The quest for security would bring Soviet Communism to a shocking and improbable pact with Nazi Germany But that bargain would not unfold as envisioned The lives of Stalin and Hitler and the fates of their respective dictatorships drew ever closer to collision as the world hung in the balance Stalin Waiting for Hitler 1929 1941 is a history of the world during the build up to its most fateful hour from the vantage point of Stalin's seat of power It is a landmark achievement in the annals of historical scholarship and in the art of biography **SAARC** Dr. Hiten Ramanbhai Solanki, 2022-11-28 The integrated union of countries vitalizes the political militant socio cultural position of member states The hegemony of western economic and militant power which is generated by controlled knowledge system of west seems to encroach the world With changing scenario the previously overlooked regions and nations are gaining power with increasing socio cultural political and economic advancements SAARC South Asian Association for Regional Cooperation is a quintessential geopolitical and economic union of South Asian countries which is increasingly gaining the attention of the developed countries It is interesting to study the cultural integration or diversity generating ideology identity and nationalism among South Asian nations with reference to major literary authors from each SAARC member state The book offers an overview of SAARC literature in English discoursing analysis of select literary texts from India Pakistan Nepal and

Central Intelligence Agency,1963 **Stalin's Citizens** Serhy Yekelchuk,2014-08-04 Being a good citizen under Stalin meant taking an active part in political rituals such as elections parades festive meetings political information sessions and subscriptions to state bonds In Stalin s Citizens Serhy Yekelchuk examines how ordinary citizens came to embrace some parts of this everyday Stalinist politics and resist others The first study of the everyday political life under Stalin this book examines citizenship through common practices of expressing Soviet identity in the public space The Stalinist state understood citizenship as practice with participation in a set of political rituals and public display of certain civic emotions serving as the marker of a person s inclusion in the political world The state s relations with its citizens were structured by rituals of celebration thanking and hatred rites that required both political awareness and a demonstrable emotional response Soviet functionaries transmitted this obligation to ordinary citizens through the mechanisms of communal authority including workplace committees volunteer agitators and other forms of peer pressure as much as through brutal state coercion Yet the populace also often imbued these ceremonies with different meanings as a popular f te an occasion to get together after work a chance to purchase goods not available on other days and an opportunity to indulge in some drinking The people also understood these political rituals as moments of negotiation whereby they would fulfill their patriotic duty but expected the state to reciprocate by providing essential services and basic social welfare Nearly universal passive resistance to required attendance challenges theories about the mass internalization of communist ideology Focusing on the last years of World War II and immediate postwar years Yekelchuk shows how formulaic rituals under Stalin could create space for the people to express their concerns fears and prejudices as well as their eagerness to be viewed as citizens in good standing **Class, Colonialism, and Nationalism** Kanchi Venugopal Reddy,2002
