Revolution Of The Mind The Life Of Andre Breton:

Revolution of the Mind Mark Polizzotti, 1995 A portrait of an influential figure in modern culture traces his participation in the Paris Dada group in the 1920s his seminal experiments with automatic writing his role in the development of Surrealism and his encounters with Duchamp Freud and Sartre **Revolution of the Mind** Mark Polizzotti, 1995 A biography of Andre Breton From his involvement in the Paris Dada movement in the 1920s through to his experiments with automatic writing and induced slumbers the elements that culminated in Breton's contribution to Surrealism proper are charted in this book **André Breton** André Breton, 2003-10 This is a kind of essence of Breton variously translated by some of our finest writers each of whom highlights different facets of Breton's complex work Mark Polizzotti's useful introduction provides context and a brief analysis of the artist and his times Diane di Prima author of *Recollections of My Life as a Woman* Mark Polizzotti who is a poet a translator and the author of the definitive biography of Andr Breton has chosen stellar translations of Breton's dazzling poetry and placed it in its lively context This shapely introduction to the life and work of Andr Breton is smart concise and exciting I cannot imagine a better one Ron Padgett poet and translator of *The Complete Poems of Blaise Cendrars* The Poets for the Millennium Series generally and Andr Breton's *Selected Works* specifically offers a workable image of an author and the work and the conjuncture all at once What comes across is a vivid presentation of Andre Breton not just as an art czar a manifesto merchant but a serious haunted inventive and strangely profound poet of the imagination who invented or archeologized new ways of dreaming but insisted on bearing witness with them in the actual world Polizzotti does justice as I think no other writer has to the double burden of Breton's work Robert Kelly A superbly chosen selection of Breton's poetry and prose translated in every case with an elegant intelligence and preceded by an unusually thorough introduction showing quite exactly how the poet's life informed each epoch of his work It proves again the remarkable un boringness of Breton and how important he is now to our own poetry and to us Mary Ann Caws author of *The Surrealist Look An Erotics of Encounter* and editor of *The Surrealist Painters and Poets* **The Facts on File Companion to the French Novel** Karen L. Taylor, 2006 French novels such as *Madame Bovary* and *The Stranger* are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization **The Ghosts of the Avant-Garde(s)** James M. Harding, 2015-10-22 Pronouncements such as the avant garde is dead argues James M Harding have suggested a unified history or theory of the avant garde His book examines the diversity and plurality of avant garde gestures and expressions to suggest avant garde pluralities and how an appreciation of these pluralities enables a more dynamic and increasingly global understanding of vanguardism in the performing arts In pursuing this goal the book not only surveys a wide variety of canonical and noncanonical examples of avant garde performance but also develops a range of theoretical paradigms that defend the

haunting cultural and political significance of avant garde expressions beyond what critics have presumed to be the death of the avant garde *The Ghosts of the Avant Garde* s offers a strikingly new perspective not only on key controversies and debates within avant garde studies but also on contemporary forms of avant garde expression within a global political economy

Writing the Mind Simon Kemp, 2017-09-25 My thought is me that is why I cannot stop I exist because I think and I can t stop myself from thinking Jean Paul Sartre Nausea *Writing the Mind* Representing Consciousness from Proust to Darrieussecq explores the works of seven ground breaking thinkers and novelists of recent history to compare and contrast the varying representations of the conscious and the unconscious mind Grounding his study in the writings of philosophers like Jean Paul Sartre and Marcel Proust Simon Kemp explores the non literary influences of science faith and philosophy as presented in their works demonstrates how writers learn from and sometimes deviate from preceding generations and how they agree or disagree with their peers Kemp s elegant study also charts the rise and wane of Freudian influence on literature through the twentieth century and the emergence of cognitive and neo Darwinian ideas at the dawn of the twenty first In the work of these seven writers we discover radically different understandings of how consciousness and the unconscious mind are constituted which are the most salient characteristics of mental life and even what it is that defines a mind at all

André Breton in Exile Victoria Clouston, 2017-09-22 Following the journey of Andr Breton the leader of the Surrealist movement into exile during the Second World War the author of this book traces the trajectory of his thought and poetic output from 1941 1948 Through a close examination of the major and as yet little studied works written during these years she demonstrates how Breton s quest for a new myth for the postwar world led him to widen his enquiry into hermeticism myth and the occult This ground breaking study establishes Breton s profound intellectual debt to 19th century Romanticism its literature and thought revealing how it defined his understanding of hermeticism and the occult and examining the differences between the two It shows how having abandoned political action on leaving the Communist Party in 1935 Breton nonetheless held firmly to political thought moving in his quest for a better world via Hermes Trismegistus across the utopian ideas of Charles Fourier and the magical practices of the Hopi Indians The author finally reveals Breton s misreading of the situation in postwar Paris on his return in 1946 and his failure to communicate the span of his ideas for creating a better society while at the same time maintaining a close connection between art and life

In Montparnasse Sue Roe, 2019 A noted art historian and biographer now tells the story of the Surrealists in Montparnasse beginning on the eve of World War I and ending with the 1936 unveiling of Dal s *Lobster Telephone* ne

How to Be Avant-Garde Morgan Falconer, 2025-02-18 One of Literary Hub s Most Anticipated Books of 2025 The strange story of the twentieth century artists who sought to destroy art by transforming it into the substance of everyday life Art has poisoned our life proclaimed Dutch artist and De Stijl cofounder

Theo van Doesburg Reacting to the tumultuous crises of the twentieth century especially the horrors of World War I avant garde artists and writers sought to destroy art by transforming it into the substance of everyday life Following the evolution of these revolutionary groups How to Be Avant Garde charts its pioneers and radical ideas From Paris to New York from Zurich to Moscow and Berlin avant gardists challenged the confines of the definition of art along with the confines of the canvas itself Art historian Morgan Falconer starts with the dynamic Futurist founder Filippo Tommaso Marinetti whose manifesto extolling speed destruction and modernity seeded avant gardes across Europe In turn Dadaists Hugo Ball and Emmy Hennings sought to replace art with political cabaret and the Surrealists tried to exchange it for tools to plumb the unconscious He guides us through the Russian Constructivists with their adventures in advertising and utopianism and then De Stijl with the geometric abstractions of Piet Mondrian The Bauhaus broke more boundaries transmuting art into architecture and design Finally the Situationists swapped art for politics with many of their ideas inspiring the 1968 Paris student protests How to Be Avant Garde is a journey through the interlocking networks of these richly creative lives with their visions of a better world their sometimes sympathetic but often strange and turbulent conversations and their objects and writings that defied categorization

The Beat Hotel Barry Miles, 2016-07-12 The Beat Hotel has been closed for nearly forty years But for a brief period from just after the publication of Howl in 1957 until the building was sold in 1963 it was home to Allen Ginsberg William Burroughs Gregory Corso Brion Gysin Peter Orlovsky Harold Norse and a host of other luminaries of the Beat Generation Now Barry Miles acclaimed author of many books on the Beats and a personal acquaintance of many of them vividly excavates this remarkable period and restores it to a historical picture that has until now been skewed in favor of the two coasts of America A cheap rooming house on the bohemian Left Bank the hotel was inhabited mostly by writers and artists and its communal atmosphere spurred the Beats to incredible heights of creativity Its inhabitants followed the Howl obscenity trial and they corresponded with Jack Kerouac as On the Road was taking off There Ginsberg wrote Kaddish To Aunt Rose At Apollinaire's Grave and The Lion for Real and Corso developed the mature voice of The Happy Birthday of Death The Beat Hotel is where the Cut up method was invented and where Burroughs finished and published Naked Lunch and the Cut up novels From a party where Ginsberg and Corso drunkenly accosted Marcel Duchamp and Man Ray to an awestruck audience with Louis Ferdinand Celine a year before he died from a drug addled party on a houseboat on the Seine with Errol Flynn and John Huston to Burroughs's near arrest as a heroin dealer mischief inspiration and madness followed the Beats wherever they went Based on firsthand accounts from diaries letters and many original interviews The Beat Hotel is an intimate look at a crucial period for some of the twentieth century's most enduring and daring writers

The Inner Scar Andrew Hussey, 2000 Drawing on texts the French thinker wrote between 1938 and 1947 Hussey addresses the question and challenge of Bataille's relation to mysticism examining the relation between his account of an inner experience of lost identity and how he parallels it to traditional forms of religious mysticism Subjects are not

Thomas Waller, Sinan Richards, 2025-09-04 Presents the most wide ranging and in depth exploration of the influence of modernist art and literature on Jacques Lacan emphasizing the valences of Lacanian psychoanalysis for interpretations of modernism A notorious presence in French intellectual circles throughout the 20th century Lacan was personal friends with modernists such as Andr Breton and Salvador Dal and in 1923 was present at the legendary reading of Ulysses at the Shakespeare and Company bookshop by James Joyce to whom Lacan would devote a year of his seminar in 1975 76 Lacan also contributed to several Surrealist publications including the famous magazine Minotaure the inaugural edition of which featured special mention of Lacan s early work on psychosis However despite his affinity with early 20th century modernism Lacan s name is still more routinely associated with the category of so called postmodernism thus rendering the question of style and periodization somewhat out of focus Understanding Lacan Understanding Modernism asks and responds to a series of questions including Is Lacan a modernist or a postmodernist and what is the difference How significant was the influence of modernist literature and art on the development of Lacan s ideas How does our understanding of modernism change when viewed through a Lacanian lens The final section identifies key Lacanian concepts offering context and a discussion of their usage and relevance in current thought Art and Intention Paisley Livingston, 2005-02-17 Do the artist s intentions have anything to do with the making and appreciation of works of art In Art and Intention Paisley Livingston develops a broad and balanced perspective on perennial disputes between intentionalists and anti intentionalists in philosophical aesthetics and critical theory He surveys and assesses a wide range of rival assumptions about the nature of intentions and the status of intentionalist psychology With detailed reference to examples from diverse media art forms and traditions he demonstrates that insights into the multiple functions of intentions have important implications for our understanding of artistic creation and authorship the ontology of art conceptions of texts works and versions basic issues pertaining to the nature of fiction and fictional truth and the theory of art interpretation and appreciation Livingston argues that neither the inspirationist nor rationalistic conceptions can capture the blending of deliberate and intentional spontaneous and unintentional processes in the creation of art Texts works and artistic structures and performances cannot be adequately individuated in the absence of a recognition of the relevant makers intentions The distinction between complete and incomplete works receives an action theoretic analysis that makes possible an elucidation of several different senses of fragment in critical discourse Livingston develops an account of authorship contending that the recognition of intentions is in fact crucial to our understanding of diverse forms of collective art making An artist s short term intentions and long term plans and policies interact in complex ways in the emergence of an artistic oeuvre and our uptake of such attitudes makes an important difference to our appreciation of the relations between items belonging to a single life work The intentionalism Livingston advocates is however a partial one and accomodates a number of important anti intentionalist contentions Intentions are fallible and

works of art like other artefacts can be put to a bewildering diversity of uses Yet some important aspects of art s meaning and value are linked to the artist s aims and activities
