Revolution Reassessed Revisions In The History Of Tudor Government And Administration:

Revolution Reassessed Christopher Coleman, 1986 Here six prominent Tudor historians reconsider the widely held view that the 1530s witnessed a revolution in government and administration This revisionist work not only offers a radical critique of established orthodoxy but also presents important new interpretations of the history of the royal household the council parliament and financial administration in the 15th and 16th centuries Contributors to the volume are J D Alsop Christopher Coleman J A Guy Dale Hoak David Starkey and Jennifer Loach

Tudor Government T.A. Morris, 2005-08-08 Tudor Government looks at English government across all the Tudor reigns including those of Henry VIII Mary and Elizabeth and explores such themes as the role of parliament law and order the government of the church the personal role of the monarch

State Formation in Early Modern England, C.1550-1700 Michael J. Braddick, 2000-12-07 This book examines the development of the English state during the long seventeenth century emphasising the impersonal forces which shape the uses of political power rather than the purposeful actions of individuals or groups It is a study of state formation rather than of state building The author's approach does not however rule out the possibility of discerning patterns in the development of the state and a coherent account emerges which offers some alternative answers to relatively well established questions In particular it is argued that the development of the state in this period was shaped in important ways by social interests particularly those of class gender and age It is also argued that this period saw significant changes in the form and functioning of the state which were in some sense modernising The book therefore offers a narrative of the development of the state in the aftermath of revisionism

Access to History: The Early Tudors: Henry VII to Mary I, 1485-1558 Second Edition Roger Turvey, 2019-07-08 Exam board AQA OCR Level AS A level Subject History First teaching September 2015 First exams Summer 2016 AS Summer 2017 A level Put your trust in the textbook series that has given thousands of A level History students deeper knowledge and better grades for over 30 years Updated to meet the demands of today's A level specifications this new generation of Access to History titles includes accurate exam guidance based on examiners reports free online activity worksheets and contextual information that underpins students understanding of the period Develop strong historical knowledge in depth analysis of each topic is both authoritative and accessible Build historical skills and understanding downloadable activity worksheets can be used independently by students or edited by teachers for classwork and homework Learn remember and connect important events and people an introduction to the period summary diagrams timelines and links to additional online resources support lessons revision and coursework Achieve exam success practical advice matched to the requirements of your A level specification incorporates the lessons learnt from previous exams Engage with sources interpretations and the latest historical research students will evaluate a rich collection of visual and written materials plus key debates that examine the views of different historians

The Reign of Mary I Robert Tittler, Judith Richards, 2014-07-22 Until recently the reign of Mary Tudor was generally seen as a sterile interlude in

the Tudor century with Mary herself dismissed as Bloody Mary Extensive research in the past several decades has overturned these assumptions in almost every respect In this succinct and up to date introduction to Mary s reign Tittler and Richards provide new insight into the circumstances of Mary s accession and go on to show that her reign was a lot more stable and her regime much more competent and innovative than once believed This fully revised third edition includes a diverse range of primary sources and sheds new light on a variety of topics such as The complexities of Mary s relations with Philip of Spain The restoration of Catholicism The use of visual as well as literary means to legitimize and support Mary s rule The context for the war with France This concise and thought provoking introduction is ideal for students and interested readers at all levels

The Oxford Dictionary of the Christian Church Andrew Louth,2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its first appearance in 1957 the ODCC has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader

The English and French Navies, 1500-1650 Benjamin W. D. Redding,2022 Challenges the received wisdom about the relative weakness of French naval power when compared with that of England This book traces the advances and deterioration of the early modern English and French sea forces and relates these changes to concurrent developments within the respective states Based on extensive original research in correspondence and memoirs official reports and accounts receipts of the exchequer and inventories in both France where the sources are disparate and dispersed and England the book explores the rise of both kingdoms naval resources from the early sixteenth to the mid seventeenth centuries As a comparative study it shows that in sharing the Channel and with both countries increasing their involvement in maritime affairs English and French naval expansion was intertwined Directly and indirectly the two kingdoms influenced their neighbours sea programmes The book first examines the administrative transformations of both navies then goes on to discuss fiscal and technological change and finally assesses the material expansion of the respective fleets In so doing it demonstrates the close relationship between naval power and state strength

in early modern Europe One important argument challenges the received wisdom about the relative weakness of French naval power when compared with that of England

Thomas Cromwell Tracy Borman, 2015-01-06 An exceptional and compelling biography about one of the Tudor Age's most complex and controversial figures Alison Weir Thomas Cromwell has long been reviled as a Machiavellian schemer who stopped at nothing in his quest for power As King Henry VIII's right hand man Cromwell was the architect of the English Reformation secured Henry's divorce from Catherine of Aragon and plotted the downfall of his second wife Anne Boleyn and was fatally accused of trying to usurp the king himself In this engrossing biography acclaimed British historian Tracy Borman reveals a different side to one of history's most notorious characters that of a caring husband and father a fiercely loyal servant and friend and a revolutionary who was key in transforming medieval England into a modern state Thomas Cromwell was at the heart of the most momentous events of his time from funding the translation and dissemination of the first vernacular Bible to legitimizing Anne Boleyn as queen and wielded immense power over both church and state The impact of his seismic political religious and social reforms can still be felt today Grounded in excellent primary source research Thomas Cromwell gives an inside look at a monarchy that has captured the Western imagination for centuries and tells the story of a controversial and enigmatic man who forever changed the shape of his country An intelligent sympathetic and well researched biography The Wall Street Journal Borman unravels the story of Cromwell's rise to power skillfully If you want the inside story of Thomas Cromwell this is the book for you The Weekly Standard An engrossing biography A fine rags to riches to executioner's block story of a major figure of the English Reformation Kirkus Reviews An insightful biography of a much maligned historical figure Booklist

Catholic Renewal and Protestant Resistance in Marian England Vivienne Westbrook, Elizabeth Evenden, 2016-03-03 Mary Tudor's reign is regarded as a period where within a short space of time an early modern European state attempted to reverse the religious policy of preceding governments This required the use of persuasion and coercion of propaganda and censorship as well as the controversial decision to revive an old statute against heresy The efforts to renew Catholic worship and to revive Catholic education and spirituality were fiercely opposed by a small but determined group of Protestants who sought ways of thwarting the return of Catholicism The battle between those seeking to renew Catholicism and those determined to resist it raged for the full five years of Mary's reign This volume brings together eleven authors from different disciplines English Literature History Divinity and the History of the Book who explore the different policies undertaken to ensure that Catholicism could flourish once more in England The safety of the clergy and of the public at the Mass was of paramount importance since sporadic unrest took place early on Steps were taken to ensure that reformist worship was stopped and that the country re-embraced Catholic practices This involved a number of short and long term plans to be enacted by the regime These included purging the universities of reformist ideas and ensuring the re-education of both the laity and the clergy On a wider scale this was undertaken via the pulpit and the printing press Those who opposed the return to Catholicism did so by

various means Some retreated into exile while others chose the press to voice their objections as this volume details The regime s responses to the actions of individuals and to the clandestine texts produced by their opposition come under scrutiny throughout this volume The work presented here also offers new insight into the role of King Philip and his Spanish advisers These essays therefore present a detailed assessment of the role of the Spanish who came with to England as a result of the marriage of Philip and Mary They also move away from the ongoing discussions of persecution seeking rather to present a more nuanced understanding of the regime s attempts to renew and revive a nation of worshippers and to eradicate the disease of heresy They also look at the ways those attempts were opposed by individuals at home and abroad thereby providing a broad ranging but detailed assessment of both Catholic renewal and Protestant resistance during the years 1553-1558

The Social Universe of the English Bible Naomi Tadmor,2010-10-28 This book sheds light on the shaping of the English Bible and its impact on early modern English society and culture

Early Tudor Government, 1485-1558 Steven Gunn,1995-05-10 This marvellous new book sets the developments in the government of England under the early Tudors in the context of recent work on the fifteenth century and on continental Europe

The Long Process of Development Jerry F. Hough,Robin Grier,2015-04-30 This groundbreaking book examines the history of Spain England the United States and Mexico to explain why development takes centuries

Henry VIII Lucy Wooding,2015-03-05 This new edition of Lucy Wooding s Henry VIII is fully revised and updated to provide an insightful and original portrait of one of England s most unforgettable monarchs and the many paradoxes of his character and reign Henry was a Renaissance prince whose Court dazzled with artistic display yet he was also a savage adversary who ruthlessly crushed all those who opposed him Five centuries after his reign he continues to fascinate always evading easy characterization Wooding locates Henry VIII firmly in the context of the English Renaissance and the fierce currents of religious change that characterized the early Reformation as well as exploring the historiographical debates that have surrounded him and his reign This new edition takes into account significant advances in recent research particularly following the five hundredth anniversary of his accession in 2009 to put forward a distinctive interpretation of Henry s personality and remarkable style of kingship It gives a fresh portrayal of Henry VIII cutting away the misleading mythology that surrounds him in order to provide a vivid account of this passionate wilful intelligent and destructive king This compelling biography will be essential reading for all early modern students

Intelligence and espionage in the English Republic c. 1600-60 Alan Marshall,2023-01-10 This ambitious and important book is a richly detailed account of the ideas and activities in the early modern secret state and its agencies spies informers and intelligencers under the English Republic and the Cromwellian protectorate The book investigates the meanings this early modern Republican state acquired to express itself by exploring its espionage actions the moral conundrums and the philosophical background of secret government in the era It considers in detail the culture and language of plots conspiracies and intrigues and it also exposes how the intelligence activities of the Three Kingdoms began to be

situated within early modern government from the Civil Wars to the rule of Oliver Cromwell. It introduces the reader to some of the personalities who were caught up in this world of espionage from intelligencers like Thomas Scot and John Thurloe to the men and women who became its secret agents and spies. The book includes stories of activities not just in England but also in Ireland and Scotland and it especially investigates intelligence and espionage during the critical periods of the British Civil Wars and the important developments which took place under the English Republic and Oliver Cromwell in the 1650s. The book will appeal to historians, students, teachers and readers who are fascinated by the secret affairs of intelligence and espionage.

The Specter of the Archive Nicholas Popper, 2024-01-04. From the sixteenth century forward, the volume of paper in Britain grew enormously. Cheaper than parchment, it allowed statesmen of the time to record drafts, memoranda and other ephemera that might have otherwise been lost to a wax tablet. And as the volume of original paperwork ballooned, the number of copies grew still further: secretaries took down version after version of letters, records, policy proposals and more. There was no longer a singular source of records but many archives, and the proliferation of paper transformed political dynamics. Access to particular written material became a means to establish authority and solidify networks of power. The broad availability and use of paper amounted to an early modern media revolution. Focusing on two of early modern England's primary political archives, the Tower of London Record Office and the State Paper Office, Nicholas Popper traces the circulation of their materials through government and the broader public sphere. In this early media-saturated society, many of the same issues that we face today arose: who shapes the archive? Can we trust the picture of the past and the present that it shows us? How do we decide what to preserve, what to copy and disseminate, and what to toss? And in a more politically urgent vein: Does a huge volume of information promote political polarization and extremism?

Politics, Law and Counsel in Tudor and Early Stuart England John Guy, 2024-10-28. This book investigates the norms and values of Tudor and early Stuart politics, which are considered in the contexts of law and the Reformation, legal and administrative institutions, and classical and legal humanism. Main themes include imperial monarchy and the theory of counsel, Parliament and the royal supremacy, conciliar politics and organization, the relationship of law and equity, and the jurisdictional rivalry between the courts of common law and canon law. The author argues that norms of Tudor England were sufficiently pluralist to satisfy both absolutist and constitutionalist aspirations, whereas by 1628 they proved no longer effective as a mechanism for the orderly conduct of politics. The clash between two conflicting sets of values was translated into a clash of ideologies.

The Routledge Companion to the Tudor Age Rosemary O'Day, 2012-07-26. This new Companion is an invaluable guide to one of the most colourful periods in history. Covering everything from the Reformation controversies over the succession and the prayer book to literature, the family and education, this highly accessible reference tool contains commentary on the key events in the reigns of the five Tudor monarchs from Henry VII to Elizabeth I. Opening with a general introduction, it includes a wealth of chronologies, biographies, statistics and maps, as well as a glossary and a guide to the key works in the field. Topics

covered include The establishment of the Tudor dynasty monarchs and their consorts rebellions against the Tudors The legal system central and ecclesiastical courts Government central and local the Monarchy and Parliament The Church structure and changes throughout this tumultuous period Ireland timeline of key events Population numbers and distribution The World of Learning education literature religion The key debates in the field This book will be essential reading for all those with an interest in the Tudor Age **The State and Social Change in Early Modern England, 1550-1640 S.**

Hindle,2000-03-02 This is a study of the social and cultural implications of the growth of governance in England in the century after 1550 It is principally concerned with the role played by the middling sort in social and political regulation especially through the use of the law It discusses the evolution of public policy in the context of contemporary understandings of economic change and analyses litigation arbitration social welfare criminal justice moral regulation and parochial analyses administration as manifestations of the increasing role of the state in early modern England **The**

King's Cardinal Peter J Gwyn,2011-04-30 Proud greedy corrupt and driven by overwhelming personal ambition Such is the traditional image of Thomas Wolsey Lord Chancellor Archbishop of York Bishop of Winchester Abbot of St Albans Bishop of Tournai and Papal Legate It is an image which Peter Gwyn examines challenges and decisively overturns in this remarkable book From exceedingly humble beginnings Wolsey rose to a pinnacle of power unsurpassed by any other British commoner Peter Gwyn explores every aspect of the Cardinal's career not least his relationship with Henry VIII and sets it firmly in a vividly recreated Tudor world The Wolsey who emerges is a man of prodigious energy and ability a tireless dispenser of justice an enlightened reformer wholly dedicated to his king and country a man who has been consistently misrepresented and maligned for four and a half centuries **The Birth of a Queen** Sarah Duncan,Valerie Schutte,2016-08-29 Marking the 500th year anniversary of the birth of Queen Mary I in 1516 this book both commemorates her rule and rehabilitates and redefines her image and reign as England's first queen regnant In this broad collection of essays leading historians of queenship or monarchy explore aspects of Mary's life from birth to reign to death and cultural afterlife giving consideration to the struggles she faced both before and after her accession and celebrating Mary as a queen in her own right
