

REBELLION, REVOLUTION AND RELIGIOUSNESS

According to Osho, Man's evolution passes through three stages: Reform, Revolution and the Rebellion. First is superficial and creates hypocrisy. The second touches only the outer and not the inner, creates schizophrenia and makes man unbridgeable. The third changes consciousness and gives you new being.

I don't preach revolution, I am utterly against revolution. I say unto you that my word for the future, and for those who are intelligent enough in the present, is rebellion. What is the difference? Rebellion is individual action; it has nothing to do with the crowd. Rebellion has nothing to do with politics, power, violence. Rebellion has something to do with changing your consciousness, your silence, your being. It is a spiritual metamorphosis.

Osho was a rebellious and independent spirit, challenging all accepted religious, social and political traditions. He has spoken on virtually every aspect of the development of human consciousness. His talks have been published in more than 650 volumes, and translated into over thirty languages.
