Revolution From Above Where Is The Soviet Union Going

David Kotz, Fred Weir

Revolution From Above Where Is The Soviet Union Going:

Revolution from Above Tariq Ali, 1990-01-01 *Russia's Revolution from Above, 1985-2000* Gordon Hahn, 2018-04-27

The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century. The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland, Hungary or Latin America. It was not primarily the result of social modernization, the rise of a new middle class or of national liberation movements in the non-Russian union republics. Instead, as Gordon Hahn argues, the Russian transformation was a bureaucrat-led state-based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic (RSFSR) in the mid-1990s. Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990-91 to dismantle the institutions that bound state and party. These revolutionaries from above seized control of political, economic, natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory. With the failed August 1991 hard-line coup, Yeltsin banned the Communist Party and decreed that all Union state organs, including the KGB and military, were under RSFSR control. In Hahn's account, this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics. Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots. The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy. *Russia's Revolution from Above* goes far in correcting the historical record and reconceptualizing the Soviet transformation. It should be read by historians, economists, political scientists and Russia area scholars.

Western Marxism and the Soviet Union Marcel van der Linden, 2007-06-30

The Russian Question was an absolutely central problem for Marxism in the twentieth century. Numerous attempts were made to understand the nature of Soviet society. The present book tries to portray the development of these theoretical contributions since 1917 in a coherent, comprehensive appraisal. It aims to present the development of the Western Marxist critique of the Soviet Union across a rather long period in history, from 1917 to the present, and in a large region: Western Europe and North America. Within this demarcation of limits in time and space, an effort has been made to ensure completeness by paying attention to all Marxist analyses which in some way significantly deviated from or added to the older theories.

Leaders of Russia and the Soviet Union John Paxton, 2013-08-21

This reference work surveys the leaders of Russia and the Soviet Union from Michael the first Romanov tsar in 1613 through the creation and dissolution of the Soviet Union to the present-day President of the Russian Federation, Vladimir Putin. Chronologically arranged, these biographies paint a thorough yet succinct portrait of 30 leaders, including discussion about the family and education of each ruler, important legislation, events and wars under each leader's rule, and each leader's achievements and impact on Russia or the

Soviet Union **Russia's Path from Gorbachev to Putin** David Kotz, Fred Weir, 2007-05-07 Over the past few years many of the former Communist rule countries of Central and Eastern Europe have taken a steady path toward becoming more or less normal capitalist countries with Poland and Hungary cases in point Russia on the other hand has experienced extreme difficulties in its attempted transition to capitalism and democracy The pursuit of Western endorsed policies of privatization liberalization and fiscal austerity have brought Russia growing crime and corruption a distorted economy and a trend toward authoritarian government In their 1996 book *Revolution from Above* David Kotz and Fred Weir shed light on the underlying reasons for the 1991 demise of the Soviet Union and the severe economic and political problems of the immediate post Soviet period in Russia In this new book the authors bring the story up to date showing how continuing misguided policies have entrenched a group of super rich oligarchs in alliance with an all powerful presidency while further undermining Russia's economic potential New topics include the origins of the oligarchs the deep penetration of crime and corruption in Russian society the financial crisis that almost destroyed the regime the mixed blessing of an oil dependent economy the atrophy of democracy in the Yeltsin years and the recentralization of political power in the Kremlin under President Putin **Southern Humanities Review** ,1991 *Government Leaders, Military Rulers and Political Activists* David W. Del Testa, 2014-01-27 In each volume an introductory essay outlines the history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives The biographies that follow are organized in an A Z format each biography is divided into a life section describing the individual's life and influences and a legacy section summarizing the impact of that individual's work throughout history These biographies cover a diverse group of men and women from around the globe and throughout history Franklin Delano Roosevelt Mao Tse tung and Genghis Khan are among the 200 well known historical figures included in this volume Examples of other lesser known yet important individuals covered in this work are Gustavus Adolphus Swedish empire creator Hatshepsut queen of ancient Egyptian dynasty and Jean Jaurès French socialist leader and pacifist Each synopsis provides information on each individual's enduring impact on the common understanding of fundamental themes of human existence **Economic and Political Weekly** ,1991 **History for the IB Diploma Paper 3 The Soviet Union and Post-Soviet Russia (1924-2000)** Allan Todd, 2016-04-14 Comprehensive books to support study of History for the IB Diploma Paper 3 revised for first assessment in 2017 This coursebook covers Paper 3 History of Europe Topic 16 The Soviet Union and post Soviet Russia 1924 2000 of the History for the IB Diploma syllabus for first assessment in 2017 Tailored to the Higher Level requirements of the IB syllabus and written by experienced IB History examiners and teachers it offers authoritative and engaging guidance through the topic [Soviet Politics](#) Richard Sakwa, 2012-11-12 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of

Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader

Encyclopedia of Russian History John Paxton, 1993 The alphabetically arranged entries lead readers to subjects as diverse as art law philosophy and religion The text defines various terms explores the lives of influential artists politicians propagandists writers and royal figures and provides vital information on Russia's past and current geographical boundaries Features of the book include more than 2 500 encyclopedia entries that are cross referenced and where appropriate include suggestions for further reading a quick reference chronology that tracks the important events in Russian history up to the time the volume went to press a map reference section that features major cities states principalities and historically significant neighboring dominions

Problems of Communism, 1991 Russia's Stillborn Democracy? Graeme Gill, Roger D. Markwick, 2000-03-23 The decade and a half since Gorbachev came to power has been a tumultuous time for Russia It has seen the expectations raised by perestroika dashed the collapse of the Soviet superpower and the emergence of a new Russian state claiming to base itself on democratic market principles It has seen a political system shattered by a president turning tanks against the parliament and then that president configuring the new political structure to give himself overwhelming power These upheavals took place against a backdrop of social dislocations as the Russian people were ravaged by the effects of economic shock therapy This book explains how these momentous changes came about and in particular why political elites were able to fashion the new political system largely independent of the wishes of the populace at large It was this relationship between powerful elites and weak civil society forces which has led to Russian democracy under Yeltsin being still born

Revolution From Above David Kotz, Fred Weir, 2013-04-15 Controversially this book argues that the ruling party state elite in the USSR itself moved to dismantle the old system Topics discussed include the beginnings of economic decline in 1975 Gorbachev's efforts to democratize and decentralize the complex political battle through which the coalition favouring capitalism took power the flaws in economic policies intended to rapidly build capitalism the surprising resurgence of Communism Research includes interviews with over 50 former Soviet government and Communist party leaders policy advisors new private businessmen trade union leaders and intellectuals

Contemporary Authors New Revision Series Scot Peacock, 2001-09 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers

the most recent data on the world's most popular authors. These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries. For your convenience, a soft cover cumulative index is sent biannually. While Gale strives to replicate print content, some content may not be available due to rights restrictions. German Unification in the European Context Peter H. Merkl, 2010-11-01

African Studies in the Soviet Union, 1986

October Song Paul Le Blanc, 2017-11-14. A panoramic account of the Russian Revolution of 1917 and its aftermath, animated by the lives, ideas, and experiences of workers, peasants, intellectuals, artists, and revolutionaries of diverse persuasions. *October Song* vividly narrates the triumphs of those who struggled for a new society and created a revolutionary workers state. Yet despite profoundly democratic and humanistic aspirations, the revolution is eventually defeated by violence and authoritarianism. *October Song* highlights both positive and negative lessons of this historic struggle for human liberation.
