Revolution Of 1800 Democracy Race And The New Republic:

The Revolution of 1800 James J. Horn, Jan Ellen Lewis, Peter S. Onuf, 2002-12-29 George W Bush and Al Gore were by no means the first presidential hopefuls to find themselves embroiled in a hotly contested electoral impasse Two hundred years earlier Thomas Jefferson and John Adams endured arguably the most controversial and consequential election in American history Focusing on the wide range of possible outcomes of the 1800 1801 melee this collection of essays situates the American Revolution of 1800 in a broad context of geo political and racial developments in the Atlantic world as a whole In essays written expressly for this volume leading historians of the period examine the electoral social and political outcome of Jefferson s election in discussions strikingly relevant in the aftermath of the 2000 election Contributors Joyce Appleby University of California Los Angeles Michael Bellesiles Emory University Jeanne Boydston University of Wisconsin Seth Cotlar Willamette University Gregory Evans Dowd University of Notre Dame Laurent Dubois Michigan State University Douglas R Egerton Le Moyne College Syracuse Joanne Freeman Yale University James E Lewis Jr independent scholar Robert M S McDonald United States Military Academy West Point James Oakes City University of New York Graduate Center Jeffrey Pasley University of Missouri Columbia Jack N Rakove Stanford University Bethel Saler Haverford College James Sidbury University of Texas Alan Taylor University of California Davis

Revolutionary Backlash

Rosemarie Zagarri, 2011-06-03 The Seneca Falls Convention is typically seen as the beginning of the first women s rights movement in the United States Revolutionary Backlash argues otherwise According to Rosemarie Zagarri the debate over women s rights began not in the decades prior to 1848 but during the American Revolution itself Integrating the approaches of women s historians and political historians this book explores changes in women s status that occurred from the time of the American Revolution until the election of Andrew Jackson Although the period after the Revolution produced no collective movement for women s rights women built on precedents established during the Revolution and gained an informal foothold in party politics and male electoral activities Federalists and Jeffersonians vied for women s allegiance and sought their support in times of national crisis Women in turn attended rallies organized political activities and voiced their opinions on the issues of the day After the publication of Mary Wollstonecraft s *A Vindication of the Rights of Woman* a widespread debate about the nature of women s rights ensued The state of New Jersey attempted a bold experiment for a brief time women there voted on the same terms as men Yet as Rosemarie Zagarri argues in *Revolutionary Backlash* this opening for women soon closed By 1828 women s politicization was seen more as a liability than as a strength contributing to a divisive political climate that repeatedly brought the country to the brink of civil war The increasing sophistication of party organizations and triumph of universal suffrage for white males marginalized those who could not vote especially women Yet all was not lost Women had already begun to participate in charitable movements benevolent societies and social reform organizations Through these organizations women found another way to practice politics

Rewriting Citizenship Susan J. Stanfield, 2022-10 Rewriting

Citizenship provides an interdisciplinary approach to antebellum citizenship. Interpreting citizenship particularly how citizenship intersects with race and gender is fundamental to understanding the era and directly challenges the idea of Jacksonian Democracy. Susan J. Stanfield uses an analysis of novels, domestic advice essays and poetry as well as more traditional archival sources to provide an understanding of both the prescriptions for womanhood espoused in print culture and how those prescriptions were interpreted in everyday life. While much has been written about the cultural marker of true womanhood as a gender ideology of white middle class women, Stanfield reveals how it served an even more significant purpose by defining racial difference and attaching civic purpose to the daily practices of women. Black and white women were actively engaged in redefining citizenship in ways that did not necessarily call for suffrage rights but did claim a relationship to the state. The prominence of true womanhood relied upon a female focused print culture. The act of publication gave power to the ideology and allowed for a shared identity among white middle class women and those who sought to emulate them. Stanfield argues that this domestic literature created a national code for womanhood that was racially constructed and infused with civic purpose. By defining women's household practices as an obligation not only to their husbands but also to the state, women could reimagine themselves as citizens. Through print sources, women publicized their performance of these defined obligations and laid claim to citizenship on their own behalf.

Unto a Good Land David Edwin Harrell, John B. Boles, Sally Foreman Griffith, 2005-08-04

Unto a Good Land offers a distinctive narrative history of the American people from the first contacts between Europeans and North America's native inhabitants through the creation of a modern nation to the standing of the United States as a world power. Written by a team of distinguished historians led by David Edwin Harrell Jr. and Edwin S. Gaustad, this textbook shows how grasping the uniqueness of the American experiment depends on understanding the role of religion as well as social, cultural, political and economic factors in shaping U.S. history. A common shortcoming of most United States history textbooks is that while in recent decades they have expanded their coverage of social and cultural history, they still tend to shortchange the role of religious ideas, practices and movements in the American past. **Unto a Good Land** addresses this shortcoming in a balanced way. The authors recognize that religion is only one of many factors that have influenced our past, one however that has often been neglected in textbook accounts. This volume gives religion its appropriate place in the story. Unprecedented coverage of the forces that have shaped the history of the United States. While none of America's rich history is left out, this volume is the first U.S. history textbook to give serious attention to the religious dimension of American life. This textbook is not a religious history; instead, it offers an account of American history that includes religious ideas, practices and movements whenever they played a shaping role. Comprehensive and current. This volume traces the American story from the earliest encounters between the first North American inhabitants and Europeans through the 2004 presidential election. Complete and balanced treatment is also given to issues of gender, race and ethnicity as well as cultural, political and economic forces. A clear and compelling narrative. The

authors are more than expert historians they are also talented writers who recognize history to be the retelling of human life United by a seamless narrative structure these chapters restore the history to history Multiple formats specially designed for flexible classroom use Unto a Good Land is available as a single hardcover edition or as two paperback volumes offering maximum flexibility when adapting curriculum for one and two semester courses in U S history The two paperback volumes can be used for U S history survey courses divided at 1865 or 1900 or at any date in between Informative special features to complement the text In addition to the book s exceptional narrative an array of special features enhances the instructional value of the text and points students to resources for further study Includes assistance for teaching and test preparation The instructor s manual for Unto a Good Land provides helpful suggestions for lesson plans and assignments and the test bank provides multiple choice and essay questions for use as study aids quizzes or tests Suitable for instruction at both secular and religious colleges and universities Drawing on their experience in both secular and religious schools the authors have ensured that this textbook is suitable for U S history classes in a wide variety of settings

Fire and Light James MacGregor Burns, 2013-10-29 The Pulitzer Prize winning historian explores history s most daring and transformational intellectual movement the European and American Enlightenment In this engaging provocative history James MacGregor Burns illuminates the two hundred year conflagration of the Enlightenment when audacious questions and astonishing ideas tore across Europe and the New World They transformed thought overturned governments and inspired visionary political experiments Fire and Light brings to life the revolutionary leaders who armed with a new sense of human possibility created the modern world Burns traces the origins of a distinctive American Enlightenment to men like Benjamin Franklin John Adams Thomas Jefferson and James Madison and their early encounters with incendiary European ideas about liberty and equality It was these thinker activists who framed the United States as a grand and continuing experiment in Enlightenment principles Today the same principles have taken on new urgency around the world in the turmoil of the Arab world in the former Soviet Union and in China as well as in the United States itself What should a nation be What should citizens expect from their government Who should lead and how can leadership be made both effective and accountable What is happiness and what can the state contribute to it Burns s exploration of the ideals and arguments that formed the bedrock of our modern world shines a new light on these ever important questions Praise for Fire and Light With this profound and magnificent book Burns takes us into the fire s center Essential for deciphering the challenges of the world we will live in tomorrow Michael Beschloss New York Times bestselling author of Presidential Courage James MacGregor Burns is a national treasure and Fire and Light is the elegiac capstone to a career devoted to understanding the seminal ideas that made America for better and for worse what it is Joseph J Ellis Pulitzer Prize and National Book Award winning author of Revolutionary Summer A captivating tale Briskly and beautifully told Superb Publishers Weekly **Indispensable** Gautam Mukunda, 2012 The author helps readers figure out which leaders matter why and when and what lessons they can learn

from those who do matter Leaders from politics and business are profiled they include Abraham Lincoln Neville Chamberlain Woodrow Wilson Thomas Jefferson Winston Churchill Jamie Dimon Al Dunlap Sir Jacky Fisher and Judah Folkman

The Education of John Adams R. B. Bernstein, 2020-04-21 The Education of John Adams is the first biography of John Adams by a biographer with legal training It examines his origins in colonial Massachusetts his education and his struggle to choose a career and define a place for himself in colonial society It explores the flowering of his legal career and the impact that law had on him and his understanding of himself his growing involvement with the American Revolution as polemicist as lawyer as congressional delegate and as diplomat and his commitment to defining and expounding ideas about constitutionalism and how it should work as the body of ideas shaping the new United States The book traces his part in launching the government of the United States under the U S Constitution his service as the nation s first vice president and second president and his retirement years during which he was first a vexed and rejected ex president and then became the revered Sage of Braintree It describes the relationships that sustained him with his wife the brilliant and eloquent Abigail Adams with his children with such allies and supporters as Benjamin Rush and John Marshall with such sometime friends and sometime adversaries as Benjamin Franklin George Washington and Thomas Jefferson and with such foes as Alexander Hamilton and Timothy Pickering Bernstein establishes Adams as a key figure in the evolution of American constitutional theory and practice This is the first biography to examine Adams s conflicted and hesitant ideas about slavery and race in the American context raising serious questions about his mythic status as a friend of human equality and a foe of slavery This book s foundation is the record left by Adams himself in diaries letters essays pamphlets and books The Education of John Adams concludes by re examining the often debated question of the relevance of Adams s thought to our own time

[The Family on Trial in Revolutionary France](#) Suzanne Desan, 2006-06-19 Annotation A sophisticated and groundbreaking book on what women actually did and what actually happened to them during the French Revolution

Citizenship and the Origins of Women's History in the United States Teresa Anne Murphy, 2013-04-19 Citizenship and the Origins of Women s History in the United States challenges twenty first century assumptions of nineteenth century women s history by tracing the ways women s history was politicized particularly in light of the growing activism of women and the first woman s rights movement

John Adams, Slavery, and Race Arthur Scherr, 2018-01-04 Providing the first full investigation of second U S president John Adams attitudes toward slavery blacks and the Haitian Revolution this iconoclastic study illuminates the inner and outer worlds of Adams for scholars and general readers John Adams was a Founding Father of the United States who not only played a key role in laying the foundation of the nation but is also highly regarded as a great speaker thinker lawyer revolutionary diplomat vice president and president But was Adams an opponent of slavery and a believer in racial equality The historical evidence points to the contrary This book is the first to discuss at any length John Adams s views on race slavery and slavery extension by examining his writings politics and diplomacy Historian Arthur Scherr an expert who is

uniquely knowledgeable about Adams's views on slavery race and the Haitian Revolution reveals Adams's attitudes toward slavery and race in and out of office spotlighting his views on slavery during the American Revolution his perspective regarding race as vice president and president of the United States and his opinions in retirement Readers will be able to form their opinions based on factual documentation of Adams's statements and actions regarding the key events involving slavery and race during this period the gradual emancipation of slaves U S aid to Haiti the only black governed nation in the world and to its Governor General Toussaint Louverture in gaining its independence and the U S government's decision to permit slavery in new states and territories formed from public lands such as the Old Northwest and the Louisiana Purchase

Immunity's Sovereignty and Eighteenth- and Nineteenth-Century American Literature Rick Rodriguez, 2019-11-26

Immunity's Sovereignty and Eighteenth and Nineteenth Century American Literature tracks flashpoint events in U S history constituting a genealogy of the effectiveness and resilience of the concept of immunity in democratic culture Rick Rodriguez argues that following the American Revolution the former colonies found themselves subject to foreign and domestic threats imperiling their independence Wars with North African regencies responses to the Haitian revolution reactions to the specter and reality of slave rebellion in the antebellum South and plans to acquire Cuba to ease tensions between the states all constituted immunizing responses that helped define the conceptual and aesthetic protocols by which the U S represented itself to itself and to the world's nations as distinct exemplary and vulnerable Rodriguez examines these events as expressions of an immunitary logic that was and still is frequently deployed to legitimate state authority Rodriguez identifies contradictions in literary texts dramatizations of these transnational events and their attending threats revealing how democracy's exposure to its own fragility serves as rationale for immunity's sovereignty This book shows how early U S literature often conceived as a delivery system for American exceptionalism is in effect critical of such immunitary discourses

Passionate Politics Ralph J. Poole, Ilka Saal, 2009-03-26 This new collection of essays on American stage and film

melodrama assesses the multifarious and contradictory uses to which melodrama has been put in American culture from the late 18th century to the present It focuses on the various ways in which the genre has periodically intervened in debates over race class gender and sexuality and in this manner has also persistently contributed to the formation and transformation of American nationhood from the debates over who constitutes the newborn nation in the Early Republic to the subsequent conflict over abolition and the discussion of gender roles at the turn of the 19th century to the fervent class struggles of the 1930s and the critiques of domestic containment in the 1950s as well as to ongoing debates of gender race and sexuality today Addressing these issues from a variety of different angles including historical aesthetic cultural phenomenological and psychological approaches these essays present a complex picture of the cultural work and passionate politics accomplished by melodrama over the course of the past two centuries particularly at times of profound social change

The Ashgate

Research Companion to Modern Imperial Histories Professor John Marriott, Professor Philippa Levine, 2013-07-28 Taking a

broad comparative approach to imperial experiences this volume provides an authoritative survey of the latest research into the histories of modern empires The focus is on the era of modern imperial history dating approximately from the early sixteenth century to the present Such a periodization enables the volume to include the European experience of imperial expansion and settlement important historical experiences outside the west such as those of Russia Japan and China the collapse of European empires attendant on decolonization in the post World War II period and the contemporary example of North America The companion is divided into three sections Times Spaces and Themes which allows chronological geographical and thematical approaches to be successfully combined In so doing this volume provides a unique research tool that will be invaluable to all students and scholars interested in the history of empires imperialism and colonialism in the post classical world

Cogliano, 2011-09-15 *A Companion to Thomas Jefferson* presents a state of the art assessment and overview of the life and legacy of Thomas Jefferson through a collection of essays grounded in the latest scholarship Features essays by the leading scholars in the field including Pulitzer Prize winners Annette Gordon Reed and Jack Rakove Includes a section that considers Jefferson's legacy Explores Jefferson's wide range of interests and expertise and covers his public career private life his views on democracy and his writings Written to be accessible for the non specialist as well as Jefferson scholars

A Companion to John Adams and John Quincy Adams David Waldstreicher, 2013-02-15 *A Companion to John Adams and John Quincy Adams* presents a collection of original historiographic essays contributed by leading historians that cover diverse aspects of the lives and politics of John and John Quincy Adams and their spouses Abigail and Louisa Catherine Features contributions from top historians and Adams scholars Considers sub topics of interest such as John Adams role in the late 18th century demise of the Federalists both Adams presidencies and efforts as diplomats religion and slavery Includes two chapters on Abigail Adams and one on Louisa Adams

Satan in America W. Scott Poole, 2009-11-16 *Satan in America* tells the story of America's complicated relationship with the devil New light evangelists of the eighteenth century enslaved African Americans demagogic politicians and modern American film makers have used the devil to damn their enemies explain the nature of evil and injustice mount social crusades construct a national identity and express anxiety about matters as diverse as the threat of war to the dangers of deviant sexuality The idea of the monstrous and the bizarre providing cultural metaphors that interact with historical change is not new Poole takes a new tack by examining this idea in conjunction with the concerns of American religious history The book shows that both the range and the scope of American religiousness made theological evil an especially potent symbol Satan appears repeatedly on the political religious and cultural landscape of the United States a shadow self to the sunny image of American progress and idealism

American Revolutions Alan Taylor, 2016-09-06 Alan Taylor is featured in *THE AMERICAN REVOLUTION* a film by Ken Burns Sarah Botstein and David Schmidt on PBS Excellent deserves high praise Mr Taylor conveys this sprawling continental history with economy clarity and vividness Brendan Simms Wall Street Journal The

American Revolution is often portrayed as a high minded orderly event whose capstone the Constitution provided the nation its democratic framework Alan Taylor a two time Pulitzer Prize winner gives us a different creation story in this magisterial history The American Revolution builds like a ground fire overspreading Britain s colonies fueled by local conditions and resistant to control Emerging from the continental rivalries of European empires and their native allies the revolution pivoted on western expansion as well as seaboard resistance to British taxes When war erupted Patriot crowds harassed Loyalists and nonpartisans into compliance with their cause The war exploded in set battles like Saratoga and Yorktown and spread through continuing frontier violence The discord smoldering within the fragile new nation called forth a movement to concentrate power through a Federal Constitution Assuming the mantle of We the People the advocates of national power ratified the new frame of government But it was Jefferson s expansive empire of liberty that carried the revolution forward propelling white settlement and slavery west preparing the ground for a new conflagration **Madison and Jefferson**

Andrew Burstein,Nancy Isenberg,2013-01-29 A monumental dual biography a distinguished work combining deep research a pleasing narrative style and an abundance of fresh insights a rare combination The Dallas Morning News The third and fourth presidents have long been considered proper gentlemen with Thomas Jefferson s genius overshadowing James Madison s judgment and common sense But in this revelatory book about their crucial partnership both are seen as men of their times hardboiled operatives in a gritty world of primal politics where they struggled for supremacy for more than fifty years With a thrilling and unprecedented account of early America as its backdrop Madison and Jefferson reveals these founding fathers as privileged young men in a land marked by tribal identities rather than a united national personality Esteemed historians Andrew Burstein and Nancy Isenberg capture Madison s hidden role he acted in effect as a campaign manager in Jefferson s career In riveting detail the authors chart the courses of two very different presidencies Jefferson s driven by force of personality Madison s sustained by a militancy that history has been reluctant to ascribe to him Supported by a wealth of original sources newspapers letters diaries pamphlets Madison and Jefferson is a watershed account of the most important political friendship in American history Enough colorful characters for a miniseries loaded with backstabbing and frontstabbing too Newsday An important thoughtful and gracefully written political history Publishers Weekly starred review **Historical Dictionary of the Early American Republic** Richard Buel Jr.,Jeffers Lennox,2016-12-20 The

drafting and ratification of the federal constitution between 1787 and 1788 capped almost 30 years of revolutionary turmoil and warfare The supporters of the new constitution known at the time as Federalists looked to the new national government to secure the achievements of the Revolution But they shared the same doubts that the Anti federalists had voiced about whether the republican form of government could be made to work on a continental scale Nor was it a foregone conclusion that the new government would succeed in overcoming parochial interests to weld the separate states into a single nation During the next four decades the institutions and precedents governing the behavior of the national government took shape

many of which are still operative today This second edition of Historical Dictionary of the Early American Republic contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about American history *The Routledge History of Nineteenth-Century America* Jonathan Daniel Wells, 2017-09-14 The Routledge History of Nineteenth Century America provides an important overview of the main themes within the study of the long nineteenth century The book explores major currents of research over the past few decades to give an up to date synthesis of nineteenth century history It shows how the century defined much of our modern world focusing on themes including immigration slavery and racism women s rights literature and culture and urbanization This collection reflects the state of the field and will be essential reading for all those interested in the development of the modern United States
