McCartin, Joan Sangster, 2014-02-15 Seeking to historicize the 2007 2009 Great Recession this volume of essays situates the current economic crisis and its impact on workers in the context of previous abrupt shifts in the modern day capitalist marketplace

Contributors use examples from industrialized North America South America Europe Asia and Australia to demonstrate how workers and states have responded to those shifts and to their disempowering effects on labor Since the Industrial Revolution contributors argue factors such as race sex and state intervention have mediated both the effect of economic depressions on workers lives and workers responses to those depressions Contributors also posit a varying dynamic between political upheaval and economic crises and between workers and the welfare state The volume ends with an examination of today s Great Recession its historical distinctiveness its connection to neoliberalism and its attendant expressions of worker status and agency around the world A sobering conclusion lays out a likely future for workers one not far removed from the instability and privation of the nineteenth century The essays in this volume offer up no easy solutions to the challenges facing today s workers Nevertheless they make clear that cogent historical thinking is crucial to understanding those challenges and they push us toward a rethinking of the relationship between capital and labor the waged and unwaged and the employed and jobless Contributors are Sven Beckert Sean Cadigan Leon Fink Alvin Finkel Wendy Goldman Gaetan Heroux Joseph A McCartin David Montgomery Edward Montgomery Scott Reynolds Nelson Melanie Nolan Bryan D Palmer Joan Sangster Judith Stein Hilary Wainright and Lu Zhang

The Tsar's Viceroy Richard G. Robbins, 2019-06-30 Wrestling with a would be assassin inspecting the toilets in a rural prison responding to a challenge from his mistress s enraged husband all these matters could be part of a Russian provincial governor s day More often he was entangled in administrative routine troubled by a steady flow of orders from St Petersburg and tormented by complaints from local powerbrokers What was His Excellency the tsar s viceroy a bureaucratic flunky or a harassed politician Drawing on a broad range of materials in Soviet and Western archives Richard Robbins here gives us a richly textured portrait of the Russian provincial governors in the last years of the old regime He focuses on the governors as people and working officials emphasizing their relations with government bureaucrats representatives of the privileged classes peasants and proletarians Robbins uses anecdotal evidence to good effect in drawing a vivid picture of provincial life at the turn of the century He persuades us that the popular image etched by Gogol and Dostoyevsky of the governor as incompetent and corrupt is in need of revision With convincing detail he demonstrates that the viceroys of the late imperial period were increasingly professional and some of them proved to be remarkably skilled politicians

Lenin and the Revolutionary Party Paul Le Blanc, 2016-02-01 For generations historians of the right left and center have all debated the best way to understand V I Lenin s role in shaping the Bolshevik party in the years leading up to the Russian Revolution At their worst these studies locate his influence in the forcefulness of his personality At their best they show how Lenin moved other Bolsheviks through patient argument and political debate Yet remarkably few have attempted to document the ways his ideas changed or how they were in turn shaped by the party he played such a central role in building In this thorough concise and accessible introduction to Lenin s theory and practice of revolutionary politics Paul Le Blanc gives a vibrant sense of the historical context of the socialist movement in Russia and

abroad from which Lenin's ideas about revolutionary organization spring. What emerges from Le Blanc's partisan yet measured account is an image of a collaborative ever adaptive and dynamically engaged network of revolutionary activists who formed the core of the Bolshevik party. *Russia in World History* Choi Chatterjee, 2022-01-27 *Russia in World History* uses a comparative framework to understand Russian history in a global context. The book challenges the idea of Russia as an outlier of European civilization by examining select themes in modern Russian history alongside cases drawn from the British Empire. Choi Chatterjee analyzes the concepts of nation and empire, selfhood and subjectivity, socialism and capitalism, and revolution and the world order in the 19th, 20th, and 21st centuries. In doing so, she rethinks many historical narratives that bluntly posit a liberal West against a repressive authoritarian Russia. Instead, Chatterjee argues for a wider perspective which reveals that imperial practices relating to the appropriation of human and natural resources were shared across European empires, both East and West. Incorporating the stories of famous thinkers such as Leo Tolstoy, Emma Goldman, Wangari Maathai, Arundhati Roy, among others, this unique interpretation of modern Russia is knitted together from the varied lives and experiences of those individuals who challenged the status quo and promoted a different way of thinking. This is a ground-breaking book with big and provocative ideas about the history of the modern world and will be vital reading for students of both modern Russian and world history. *Defenders of the Motherland* Matthew Rendle, 2010 Matthew Rendle studies how the most powerful social groups in tsarist Russia reacted to the challenges of 1917. He argues that the alienation of elites from the tsar and their support for the Provisional Government secured the initial success of the revolution, but the threat they posed laid the foundations of the repressive Soviet regime. *Bolshevik Women* Barbara Evans Clements, 1997-08-13 *Bolshevik Women* is a history of the women who joined the Soviet Communist Party before 1921. The book examines the reasons these women became revolutionaries, the work they did in the underground before 1917, their participation in the revolution and civil war, and their service in the building of the USSR. Drawing on a database of more than five hundred individuals, as well as on intensive research into the lives of the most prominent female Bolsheviks, the study argues that women were important members of the Communist Party at its lower levels during its formative years. They were lieutenants, printing leaflets, speaking to crowds, and running party operations in the cities. They also created one of the most remarkable efforts to emancipate women from traditional society of the twentieth century. This book traces their fascinating lives from the earliest years of the revolutionary movement through to their old age in the time of Khrushchev and Brezhnev.

Russian Colonial Society in Tashkent, 1865--1923 Jeff Sahadeo, 2007-02-07 This intensively researched urban study dissects Russian Imperial and early Soviet rule in Islamic Central Asia from the diverse viewpoints of tsarist functionaries, Soviet bureaucrats, Russian workers, and lower class women, as well as Muslim notables and Central Asian traders. Jeff Sahadeo's stimulating analysis reveals how political, social, cultural, and demographic shifts altered the nature of this colonial community from the tsarist conquest of 1865 to 1923, when Bolshevik authorities subjected the region to strict Soviet rule. In

addition to placing the building of empire in Tashkent within a broader European context Sahadeo's account makes an important contribution to understanding the cultural impact of empire on Russia's periphery

A Nation of Refugees Assistant Professor of History and Jewish Studies Polly Zavadvker, Polly Zavadvker, 2024-10-23 Though the Holocaust has been documented in depth historians and the public know very little about the experience of Eastern European Jews during the preceding world war A Nation of Refugees tells the story of how ordinary Jewish people in the Russian Empire survived World War I as refugees and civilians It focuses on the resilience and organized campaigns of humanitarian war relief that countered violence and victimization Above all it captures the voices and experiences of refugees at a time of upheaval and war through first hand accounts

The Kopeck Press Felix Cowan, 2025-04-30 The Imperial Russian penny press was a vast network of newspapers sold for a single kopeck per issue Emerging in cities and towns across the empire between the 1905 Revolution and the onset of the First World War these sensational tabloids quickly became the Russian Empire's most popular periodical genre They appealed to a mass audience of poor and less literate readers with their low prices and accessible language The Kopeck Press presents a comprehensive study of this phenomenon examining its role both as a media genre and its significance as a vital forum for lower class political culture Drawing on over seventy kopeck newspapers from thirty locations Felix Cowan analyses these publications as a dialogic genre emphasizing the interaction between journalists and readers The book highlights how sensationalism was strategically used to advance the political goals of progressive journalists editors and publishers As a genre of political media the kopeck press revealed a moderate reformist current in Russian politics aimed at democratizing the empire and empowering marginalized groups significantly contributing to the political and cultural foundations of the Russian Revolution The Kopeck Press sheds light on the crucial role of popular media in shaping public discourse and mobilizing political change in early twentieth century Russia

Between Tsar and People Edith W. Clowes, Samuel D. Kassow, James L. West, 2021-02-09 This interdisciplinary collection of essays on the social and cultural life of late imperial Russia describes the struggle of new elites to take up a middle position in society between tsar and people During this period autonomous social and cultural institutions pluralistic political life and a dynamic economy all seemed to be emerging Russia was experiencing a sense of social possibility akin to that which Gorbachev wishes to reanimate in the Soviet Union But then as now diversity had as its price the potential for political disorder and social dissolution Analyzing the attempt of educated Russians to forge new identities this book reveals the social cultural and regional fragmentation of the times The contributors are Harley Balzer John E Bowlts Joseph Bradley William C Brumfield Edith W Clowes James M Curtis Ben Eklof Gregory L Freeze Abbott Gleason Samuel D Kassow Mary Louise Loe Louise McReynolds Sidney Monas John O Norman Daniel T Orlovsky Thomas C Owen Alfred Rieber Bernice G Rosenthal Christine Ruane Charles E Timberlake William Wagner and James L West Samuel D Kassow has written a conclusion to the volume

An Anti-Bolshevik Alternative Liudmila Gennad'evna Novikova, 2018-06-26 Shows that the

Russian Civil War was not a struggle between a Communist future and a Tsarist past but rather was a bloody fight among diverse factions in a postrevolutionary state Focusing on the sparsely populated Arkhangelsk region in northern Russia Novikova shows that the anti Bolshevik government there which held out from 1918 to early 1920 was a revolutionary alternative bolstered by broad popular support

Soviet Historians and Perestroika: The First Phase Donald J. Raleigh,2016-07-22 The Soviet historical profession is in ferment For decades it was relegated to the task of obfuscating the past gilding the status quo and papering over the blank spots in Soviet history events that defied even the most brazen attempts at falsification Today it is engaged in an often painful process of self examination Initially rather timid the internal discussion was soon propelled by external events the scuttling of history textbooks official disclosures of formerly classified facts and the explosion of candour in the depictions of the past in memoirs journalistic writing and fiction This volume gives voice to the lead actors in the first phase of this process the senior historians their journalistic challengers and those charged with responsibility for the institutions of research training and publication in the field of history
