Lindsay A. H. Parker

Revolution She Wrote:

Revolution, She Wrote Clara Fraser, 1998 An encyclopedic yet personal exploration of the meaning of socialist feminism the power of Marxist theory and working class feminism and the highs and lows of an activist life Through columns essays and speeches spanning 40 years Clara Fraser addresses diverse topics including women s leadership the interconnections of racism and sexism homophobia in the military electoral politics and her own and others battles for job rights and free speech Meet a woman revolutionary for all times *Writing the Revolution* Lindsay A. H. Parker, 2013-05-24 Writing the Revolution is a microhistory of a middle class Parisian woman Rosalie Jullien whose nearly 1 000 familiar letters have never before been studied The Jullien name is not new to histories of the French Revolution Rosalie s son Marc Antoine known in the family as Jules was closely connected to the Committee of Public Safety during the Reign of Terror However despite being the wife and mother of revolutionary elites Rosalie led a private life Connected to the Revolution in very personal ways she was also distanced from the lime light because of her gender and her proclivity for modesty Her correspondence allows readers to enter her private world and see the intellectual emotional and familial life of a revolutionary in all of its complexity The prevailing thesis in the field holds that the revolutionary elite constructed the New Regime against women effectively excluding them from the political sphere although nearly every existing study of women has approached the subject through oblique sources and mostly male voices Rosalie Jullien s long missives to her husband and son however document her relationship to politics as she explained it Despite never seeking a public role Rosalie developed a political identity that included a revolutionized understanding of womanhood Writing the Revolution builds on the innovative scholarship on the history of the family during the Revolution and demonstrates how the family sphere was revolutionized even in cases where the wife maintained a traditional family role Jullien s correspondence boasts many values as an artifact of the Revolutionary experience of women s lives and of epistolary culture Rosalie demonstrates the individual s experience within the evolving structures of a modernizing state family and gender identity The period covered spans from 1775 to 1810 A portrayal of Rosalie s early married life and the decade she spent with her husband and children in a small town north of Grenoble begins the book and is followed by a chapter on the couple s reading practices and their views toward religion prior to the Revolution The heart of the research focuses on Rosalie s life and experiences in Revolutionary Paris and her decision in the aftermath of the Terror to emphasize private domestic life over politics **Agents of the Revolution** Kevin Morgan, 2005 Using Comintern archives oral interviews and a wide range of other sources this collection presents a sample of some of the exciting new work currently being produced in the field of communist biography Geographically the contributions take in North America and New Zealand as well as a range of European countries Some chapters focus on individuals like Clara Zetkin William Z Foster Umberto Terracini William Gallacher or Jozsef Pog ny Others adopt a collective approach to explore communist cultures in rural Austria or the Netherlands or the impact of institutions like the International Lenin School There

are also chapters on communist institutional biographies the role of general secretaries and the significance of generations and family links **Circles of the Russian Revolution** Łukasz Adamski, Bartłomiej Gajos, 2019-06-03 This volume provides the English speaking reader with little known perspectives of Central and Eastern European historians on the topic of the Russian Revolution Whereas research into the Soviet Union's history has flourished at Western universities the contribution of Central and Eastern European historians during the Cold War working in conditions of imposed censorship to this field of academic research has often been seriously circumscribed Bringing together perspectives from across Central and Eastern Europe alongside contributions from established scholars from the West this significant volume casts the year 1917 in a new critical light [A Woman of the Revolution, Théroigne de Méricourt](#) Frank Hamel, 1911 *Russia: From Proletarian*

Revolution to State-Capitalist Counter-Revolution Raya Dunayevskaya, 2017-07-10 *Russia: From Proletarian Revolution to State Capitalist Counter Revolution* is a selection of writings by the Marxist Humanist philosopher Raya Dunayevskaya which begins with an examination of Lenin's Hegel Notebooks his philosophic preparation for proletarian revolution followed by a section on What Happens After the revolution the first years post 1917 Analyses of Trotsky Stalin Bukharin and Luxemburg are presented A key section is Russia's Transformation into Opposite The Theory of State Capitalism Opposition to Russian state capitalism such as the 1953 East Germany Revolt and the 1956 Hungarian Revolution are described Mao's China as another form of state capitalism as well as the Sino Soviet conflict is discussed The study ends with a battle of ideas with other analyses of the Revolution and its aftermath **The French Revolutionary Tradition in Russian and Soviet**

Politics, Political Thought, and Culture Jay Bergman, 2019-08-14 Because they were Marxists the Bolsheviks in Russia both before and after taking power in 1917 believed that the past was prologue that embedded in history was a Holy Grail a series of mysterious but nonetheless accessible and comprehensible universal laws that explained the course of history from beginning to end Those who understood these laws would be able to mould the future to conform to their own expectations But what should the Bolsheviks do if their Marxist ideology proved to be either erroneous or insufficient if it could not explain or explain fully the course of events that followed the revolution they carried out in the country they called the Soviet Union Something else would have to perform this function The underlying argument of this volume is that the Bolsheviks saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked In fact these four events comprised what for the Bolsheviks was a genuine Revolutionary Tradition The English Revolution and the Puritan Commonwealth of the seventeenth century were not without utility the Bolsheviks cited them and occasionally utilized them as propaganda but these paled in comparison to what the revolutions in France offered a century later namely legitimacy inspiration guidance in constructing socialism and communism and not least useful fodder for political and personal polemics

Abigail Adams Edith B. Gelles, 2014-06-03 In this book Edith B Gelles asserts that Abigail Adams vivid insightful letters are the best account that exists from the pre to the post Revolutionary period in America of a woman's life and world Adams

spontaneous witty letters serve dual purposes for the modern reader it provides an intriguing first hand account of pivotal historical events and it shows how these events from the Boston Tea Party to the War of 1812 entered the private sphere Included in the book is a chronology notes and reference section and a selected bibliography This book will be a must for all scholars of American literature history and politics seeking to understand this literary figure **Revolutionary lives of the Red and Black Atlantic since 1917** David Featherstone,Christian Høgsbjerg,Alan Rice,2022-04-05 Revolutionary lives of the Red and Black Atlantic brings to light the life histories of a wide range of radical figures whose political activity in relation to the black liberation struggle was profoundly shaped by the global impact and legacy of the Russian Revolution of October 1917 The volume introduces new perspectives on the intellectual trajectories of well known figures and critical activists including C L R James Paul Robeson Walter Rodney and Grace P Campbell This biographical approach brings a vivid and distinctive lens to bear on how racialised social and political worlds were negotiated and experienced by these revolutionary figures and on historic black radical engagements with left political movements in the wake of the Russian Revolution Pearl S. Buck Peter Conn,1998-01-28 One of the most popular novelists of the twentieth century winner of a Pulitzer and Nobel Prize for Literature and an active social and political campaigner particularly in the field of women s issues and Asian American relations Pearl Buck has until now remained hidden in public view Best known perhaps as the prolific author of The Good Earth Buck led a career which extended well beyond her eighty works of fiction and non fiction and deep into the public sphere In this critically acclaimed biography Peter Conn retrieves Pearl Buck from the footnotes of literary and cultural history and reinstates her as a figure of compelling and uncommon significance in twentieth century literary cultural and political history Civilizing Habits Sarah A. Curtis,2010-08-31 Civilizing Habits explores the life stories of three French women missionaries Philippine Duchesne Emilie de Vialar and Anne Marie Javouhey who crossed boundaries both real and imagined to evangelize far from France s shores In so doing they helped France reestablish a global empire after the dislocation of the Revolution and the fall of Napoleon They also pioneered a new missionary era in which the educational charity and health care services provided by women became valuable tools for spreading Catholic influence across the globe Philippine Duchesne traveled to former French territory in Missouri in 1818 to proselytize among Native Americans Thwarted by the American policy of removing tribes even further west she turned her attention to girls education on the frontier Emilie de Vialar followed French troops to Algeria after its conquest and opened missions throughout the Mediterranean basin in the mid nineteenth century Prevented from direct evangelization she developed strategies and subterfuges for working among Muslim populations Anne Marie Javouhey evangelized among Africans in the French slave colonies including a utopian settlement in the wilds of French Guiana She became a rare Catholic proponent of the abolition of slavery and a woman designated a great man by the French king Paradoxically through embracing religious institutions designed to shield their femininity these women gained increased authority to travel outside France challenge church power

and evangelize among non Christians all roles more commonly ascribed to male missionaries Their stories teach us about the life paths open to religious women in the nineteenth century and how both church and state benefitted from their initiative to expand the boundaries of faith and nation

Women, Migration, and Aging in the Americas Marie-Pierre Arrizabalaga, 2022-11-04 Women Migration and Aging in the Americas analyzes how immigrant women have coped with life after they settled in the Americas from the 19th to 21st centuries It explores their empowerment processes the type of gender inequalities they faced and their destinies as they aged whether they resided in the destination country throughout their lives or returned to their home country The book shows that many immigrant women were able to secure their wellbeing autonomously as they aged after they retired and or when they became widows The authors offer new research material on immigrant women s aging experiences their innovative conclusions contrasting with the historiography that has often argued that aging immigrant women were dependent upon their husbands and later their children especially their daughters for survival They consider inter and intra continental female migration and compare immigrant women s aging experiences analyzing diverse groups who migrated within the Americas or from other continents Europe and Africa in particular to the Americas Each chapter analyzes the issue using different sources methods and approaches to measure the correlation between these women s geographical cultural ethnic and social backgrounds and their life experiences as women wives mothers and aging widows The authors show that many of the immigrant women assumed power responsibilities autonomy and perhaps independence within the household and therefore could make decisions for themselves and their families This book will be of interest to researchers scholars and graduate students of migration studies gender studies women s studies care studies history sociology and social anthropology

Impact of Political Socialization on the Support for Democratic Principles: Emerging Research and Opportunities Ellis, Allison Clark, 2020-10-30 As we come upon the 30th anniversary of communism s fall it is a good time to reexamine what life was like behind the Iron Curtain and how communism impacted people for generations The study of communication is important as it shows how much effect government type has on the principles its people support Those interested in promoting and maintaining democratic ideals in countries around the world require a book such as this to better understand the effect communism has had Impact of Political Socialization on the Support for Democratic Principles Emerging Research and Opportunities examines life under communism in Czechoslovakia and Hungary with particular attention paid to education religion travel and exposure to Western culture as well as their transition to democracy and how successful that transition has been The book makes the case that being politically socialized under communism has made embracing democratic principles more difficult The evidence for this case is based on 200 interviews conducted in 2017-18 with people who lived in Czechoslovakia and Hungary during communism present day analysis of government and politics in the Czech Republic and Hungary and survey data from the European Social Survey The main struggles in transitioning to democracy are identified and it is speculated whether the

Czech Republic and Hungary can ever be long term fully functioning democracies The main implications of this publication are how government type during political socialization affects support for democratic principles and whether the United States could ever be at risk for democratic erosion The book is intended for political scientists government officials historians academicians researchers and students **Anna Seghers** ,2019-11-11 Anna Seghers The Challenge of History features

essays by leading scholars devoted to this most important German writer whose novels and stories have been read by millions worldwide The volume is intended for teachers and students of literature and for general readers The contributions address facets of Seghers s large body of work which is characterized by reflections on political events shaping world history and written in a highly imaginative array of narrative styles The first section focuses on the author s famous novel The Seventh Cross Articles in the next two sections analyze her reactions to crises that marked the twentieth century and her connections to other relevant thinkers of her time The last section features new translations of Seghers s works *Best*

Little Stories from the American Revolution C. Brian Kelly,2011-10 A marvelous introduction to the American Revolution told with wit compassion and insight Brian Kelly not only understands the history he appreciates the people who made it Thomas Fleming author of The Intimate Lives of the Founding Fathers The Revolution You Never Knew Beyond the deadly skirmishes determined generals and carefully penned words of a powerful declaration lie countless forgotten stories that tell the tale of our nation birth Read intimate accounts of the fight for independence as colonial families recall their tense encounters with brutal British soldiers women participate in military initiatives and become powerful social advocates and leaders reveal the intricacies of their motivations and personal lives Join the ranks of America s first Patriots as they unite to declare their independence Old Man Wyman of Woburn nothing more than a mysterious and deadly figure atop a white horse mounted a solitary pursuit against the British as they retreated from Concord back to Boston effectively striking fear deep into the hearts of the redcoats as he diminished their numbers one by one Inventor David Bushnell desperate to aid the outnumbered American naval forces both befuddled and alarmed British forces when he devised a working prototype for the world s first underwater torpedo and most impressively a submersible boat dubbed the Turtle America s first submarine South Carolina sisters in law Grace and Rachel Martin carrying rifles and dressed in their husbands clothing intercepted important dispatches bound for a nearby British fort when they ambushed the courier and two armed escorts by brandishing their weapons and speaking with deep voices *Outlines of the French Revolution Told in Autographs* John Boyd Thacher,1905

Feminist Interpretations of Emma Goldman Penny A. Weiss,Loretta Kensinger,2010-11-01 *The History of Ideas* David Runciman,2024-07-04 THE TIMES BEST IDEAS BEST BOOKS OF THE YEAR 2024 A splendid book economical invigorating and surprising The Times He has that gift both as a podcaster and as a writer to illuminate abstruse and abstract ideas with human charm Observer In this bold new follow up to Confronting Leviathan David Runciman unmask modern politics and reveals the great men and women of ideas behind it What can Samuel Butler s ideas teach us about the oddity of

how we choose to organise our societies How did Frederick Douglass not only expose the horrors of slavery but champion a new approach to abolishing it Why should we tolerate snobbery betrayal and hypocrisy as Judith Shklar suggested And what does Friedrich Nietzsche predict for our future From Rousseau to Rawls fascism to feminism and pleasure to anarchy this is a mind bending tour through the history of ideas which will forever change your view of politics today *Writing Women's History Since the Renaissance* Mary Spongberg, 2017-03-08 The complaint of Catherine Morland in Jane Austen's *Northanger Abbey* that history has hardly any women at all is not an uncommon one Yet there is evidence to suggest that women have engaged in historical writing since ancient times This study traces the history of women's historical writing reclaiming the lives of individual women historians recovering women's historical writings from the past and focusing on how gender has shaped the genre of history Mary Spongberg brings together for the first time an extensive survey of the progress of women's historical writing from the Renaissance to the present demonstrating the continuities between women's historical writings in the past and the development of a distinctly woman centred historiography *Writing Women's History since the Renaissance* also examines the relationship between women's history and the development of feminist consciousness suggesting that the study of history has alerted women to their unequal status and enabled them to use history to achieve women's rights Whether feminist or anti feminist women who have had their historical writings published have served as role models for women seeking a voice in the public sphere and have been instrumental in encouraging the growth of a feminist discourse **To Repair a Broken World** Dvora Hachohen, 2021-05-11 Dvora Hachohen offers the authoritative biography of Henrietta Szold the founder of Hadassah A global humanitarian Szold promoted refugee assistance immigrant education in her native Baltimore and poverty alleviation in Palestine inspiring generations of activists With a foreword by Supreme Court Justice Ruth Bader Ginsburg
