Schaefer-Simmern,2003-01-01 **"Australian Art and Artists in London, 1950-1965"** Simon Pierse,2017-07-05 Subtle and wide ranging in its account this study explores the impact of Australian art in Britain in the two decades following the end of World War II and preceding the Swinging Sixties In a transitional period of decolonization in Britain Australian painting was briefly seized upon as a dynamic and reinvigorating force in contemporary art and a group of Australian artists settled in London where they held centre stage with group and solo exhibitions in the capital's most prestigious galleries The book traces the key influences of Sir Kenneth Clark Bernard Smith and Bryan Robertson in their various and varying roles as patrons ideologues and entrepreneurs for Australian art as well as the self definition and interaction of the artists themselves Simon Pierse interweaves multiple issues of the period into a cohesive historical narrative including the mechanics of the British art world the limited and frustrating cultural scene of 1950s Australia and the conservative influence of Australian government bodies Publishing for the first time archival material letters and photographs previously unavailable to scholars either in Britain or Australia this book demonstrates how the work of expatriate Australian artists living in London constructed a distinct vision of Australian identity for a foreign market **Art in Europe** Victoria Charles,2014-06-12 The

of desire in cabinets of curiosity or as autonomous works of art in private and public collections Emphasizing the collections and the ways in which these were viewed and described this book addresses a significant but neglected aspect of art collecting and contributes to the literature on this branch of art and cultural history This book evolved from a symposium Sculpture Collecting and Display 1600 2000 organized by the Center for the History of Collecting that was held at The Frick Collection on May 19 and 20 2017 Both the book and the symposium were made possible through the generous support of the Robert H Smith Family Foundation The book is published in association with The Frick Collection
