Seamless Learning in the Age of Mobile Connectivity Lung-Hsiang Wong, Marcelo Milrad, Marcus Specht, 2014-11-02

The book departs from the approach of related titles by focusing on describing and reflecting upon the notion of seamless learning with regard to salient characteristics of learner mobility and bridging of learning experiences across learning spaces It is the first such work that is solely dedicated to research on and the practice of seamless learning uniquely combining interpretations visions and past research on and practices in seamless learning from diversified perspectives The book also strikes a good balance between theoretical and practical perspectives going beyond a collection of reports on specific research projects Instead of thick descriptions of research processes and findings readers will find significant insights and food for thought intended to inspire further advances in the research on and practice of seamless learning *Personal*
