Search For Meaning Americans Talk About What They Believe And Why:

The Search for Meaning Phillip L. Berman, 1993 This thought provoking oral history illuminates the vibrant panorama of values and beliefs that is shaping America Coretta Scott King What do Americans as a people believe in What are the experiences that have transformed their lives How does faith in God in human goodness in politics progress money or pleasure illuminate our actions These are the questions that Phillip L Berman asked when he set off on a four year 35 000 mile odyssey to chronicle America s moral imagination By the time he was through he had spoken to some five hundred people from all walks of life What they told him makes this engrossing and radiantly insightful book the first oral history of the religious and philosophical beliefs of contemporary Americans Vividly compelling in the extraordinary variety of its many voices *The Search for Meaning* offers a full scale portrait of the moral state of the union Fascinating characters colorful interviews one of the most inspiring of its genre *San Francisco Chronicle* *The American Paradox* Patrick J. Gallo, 1999

Private Needs, Public Selves John K. Roth, 1997 Polls through the 90s show that many Americans believe the nation is in a period of spiritual decline yet public religious display and discussion often is deemed politically incorrect Philosopher John K Roth feels that more outward sharing of religious beliefs thoughts and ideas would bridge the gap between our private needs and our public selves and would give Americans of differing faiths a common identity **What Is Truth?** James Emery White, 2006-09-01 SEARCHING FOR ABSOLUTES IN A POSTMODERN WORLD In this postmodern age truth especially religious or moral truth is widely criticized and constantly challenged yet perhaps more important than ever It was this realization that led James Emery White to examine the concepts of truth as held by five twentieth century theologians Cornelius Van Til Millard J Erickson Francis A Schaeffer Donald G Bloesch Carl F H Henry **The Cathedral of the World** Forrest Church, 2010-10-12 Described by Cornel West as a towering public intellectual and the leading universalist philosopher of his generation Forrest Church was one of the preeminent liberal theologians of our time His final gift *The Cathedral of the World* draws from the entire span of Church s life s work to leave behind a clear statement of his universalist theology and liberal faith Giving new voice to the power of liberal religion Church invites all seekers to enter the Cathedral of the World home to many windows but only one Light Road-book America Rowland A. Sherrill, 2000 Sketching the socially marginal ingenious traveling characters common to both old and new versions Sherrill shows how the new American picaresque transforms the satirical aims of the original into an effort to map and catalog the immensity and variety of America **BOOK JACKET** **Becoming Religious**, 1999 *Becoming Religious* Understanding Devotion to the Unseen presents the lives of fourteen contemporary south Georgians who in the manner of religious believers around the world devote themselves to supernatural powers and goals The book is a contemporary treatment of the classical question raised by F Max Muller in 1882 Why we believe why we are conscious of things which we can neither perceive with our senses nor conceive with our reason People everywhere are religious Muller noted and wherever there is religion the

question whence it came cannot be long suppressed

Handbook for the Soul Benjamin Shield, Richard

Carlson, 2025-05-01 America's most celebrated spiritual writers offer inspiring words on the state of the soul today This collection of more than thirty original essays addresses both the importance of caring for and nourishing the soul and the ways in which these individuals tend to their own souls on a day to day basis

Being God's Partner Rabbi Jeffrey K.

Salkin, 2013-04-03 What is spirituality anyway Isn't spirituality about emotion And isn't work about the rational mind Too often we divorce our work life from our real life from our innermost beliefs and convictions But work can be as much a part of our life and as much a vehicle for spiritual growth and personal understanding as going to synagogue or church on Saturday or Sunday or taking a walk in the woods or reading quietly to our kids at bedtime In fact work may be among the most potent vehicles for fulfilling our spiritual life because for many of us it presents the best opportunities to meld community and social and economic productivity with personal belief and individual talent from the Introduction by Norman Lear Being God's Partner will help people of every faith reconcile the cares of their work and the strivings of their souls and restore the hidden link between them By exploding our assumptions that work and spirituality are irreconcilable Salkin explores how spirituality can enhance our 9 to 5 lives It is time to be as rich internally as we are externally he writes offering soul stirring ways to smuggle religion into our workplace Thought provoking practical and exhilarating Being God's Partner goes beyond just talking about the subject to give you specific actions to take and connections to make right now to help infuse our lives with greater meaning purpose and satisfaction and invigorate all that we do

Creativity and Spirituality

Earle J. Coleman, 1998-02-27 From the architecture of Frank Lloyd Wright to the rock gardens of Zen Buddhism Coleman explores applied fine and folk arts in order to uncover points of coalescence between art and religion Drawing from six living faiths Buddhism Christianity Hinduism Islam Judaism and Taoism this book philosophically analyzes relations between art and religion in order to explain how the concepts art beauty creativity and aesthetic experience find their place or counterparts in religious discourse and experience Coleman repeatedly shows that aesthetic ideas can serve as bridges to spiritual categories as when he relates aesthetic bliss to the peace that passes all understanding The author follows a three fold approach first he examines ideas and motifs from religious classics in world literature such as Lao Tzu's Tao Te Ching and The Interior Castle by Teresa of Avila in order to relate them to aesthetic phenomena Second he turns to the statements of artists such as Leo Tolstoy Vincent van Gogh Paul Gauguin Shih t ao and Wassily Kandinsky for themes and practices that have religious significance Third he analyzes and evaluates the writings of various theoreticians philosophers theologians art critics sociologists and psychologists on the relations between art and religion Coleman demonstrates for example that Martin Buber's I Thou relationship captures much that is central to art creativity and aesthetic experience as well as to religious life Among the themes that receive sustained treatment are the varieties of union in art and religion the child as a paradigm for artists and saints and creativity as essential to religion Finally the author critically weighs proposed distinctions

between art and religion and between the broader categories of the aesthetic and the spiritual rejecting some and showing how others are compatible with his proposal that the aesthetic and the spiritual are cognate categories *Rethinking the Church* James Emery White, 2003-07-01 Why is it important to rethink the church Today many leaders focus on how their ministries can be run more efficiently But the foundational question according to James Emery White should be Why do we have this ministry and then Why do we do this ministry the way we do Is it effective Rethinking the Church helps pastors and lay leaders work through questions that must be answered if a church is to rethink evangelism discipleship ministry worship community and the structure of the church Break old molds check assumptions and be sensitive says White He uses the language and aims of seeker targeted churches but urges readers not to tie themselves to any model without understanding the individual purpose of their church Now thoroughly revised and expanded Rethinking the Church contains more emphasis and key material on how to move from rethinking to transition White blends biblical reflection and hands on experience and uses the early church as described in the Book of Acts as the ultimate example
