Search For Security A Study In Baltic Diplomacy 1920 1934

Hugh I. Rodgers

Search For Security A Study In Baltic Diplomacy 1920 1934:

Search for Security Hugh I. Rodgers, 1975 *A History of the Baltic States* Andres Kasekamp, 2017-10-26 In this key textbook Andres Kasekamp masterfully traces the development of Estonia Latvia and Lithuania from the northern crusades against Europe's last pagans and Lithuania's rise to become one of medieval Europe's largest states to their incorporation into the Russian Empire and the creation of their modern national identities Employing a comparative approach a particular emphasis is placed upon the last one hundred years during which the Baltic states achieved independence endured occupation by the Soviet Union and Nazi Germany and transformed themselves into members of the European Union This is an essential textbook for undergraduate students taking modules on Eastern or Central European History Communism and Post Communism the Soviet Union or Baltic Culture and Politics Engaging and accessible this is also an ideal introduction to the Baltic States for general readers **The Baltic Nations and Europe** John Hiden, Patrick Salmon, 2014-01-14 Of all the Soviet Union's subject nationalities the three Baltic republics Estonia Latvia and Lithuania were the most determined and best organised in seizing the opportunities created by glasnost and perestroika to win freedom from Moscow's grip At the time of first publication in 1991 the final section of the book was speculative Now for this revised edition the authors have provided a new final chapter which brings the story up to date and the three republics to political independence again

Forgotten Pages in Baltic History Martyn Housden, David J. Smith David J. Smith, 2011-03-29 The years from 1918 to 1945 remain central to European History It was a breath taking time during which the very best and very worst attributes of Mankind were on display In the euphoria of peace which followed the end of the First World War the Baltic States emerged as independent forces on the world stage participating in thrilling experiments in national and transnational governance Later following economic collapse and in the face of rising totalitarianism among even Europe's most cultured nations Baltic communities succumbed to nationalism too During wartime Baltic peoples became both victims and sometimes victimisers Ultimately their victimhood lasted until the end of the Cold War yielding consequences still discernible at the start of the twenty first century Taking the period 1918 to 1945 as pivotal this collection of essays examines some of the key themes in Baltic History as they are emerging today These include appreciations of identity autonomy and the rights of national minorities the everyday and social foundations of international security and the importance of historical memory to popular and political identities

The Baltic World 1772-1993 David Kirby, 2014-07-15 This eagerly awaited sequel shares the characteristics of its distinguished predecessor wide geographical and chronological span expert mingling of political social and economic history and Dr Kirby's ability to keep the separate national threads of his account from tangling as he weaves them into the broad regional picture that is his main concern Here he tackles the contrasting experiences of Europe's northern periphery affluence and democracy in the north stagnation and authoritarianism in the south from the French Revolution to the collapse of the USSR and beyond This is a masterly study of a region that is far from peripheral politically

to the post Soviet world *The Baltic and the Outbreak of the Second World War* John Hiden, Thomas Lane, 2003-01-30 This book is the first to highlight the importance of the Baltic region in the approach to war in 1939 Amid the welter of publications on the origins of the Second World War none has sought hitherto to focus on the Baltic region where peace finally and irrevocably broke down Central strategic and international issues of the interwar years are thus illuminated from a fresh perspective by a distinguished team of specialists that includes a number of native Baltic historians The themes discussed by the contributors acquired renewed relevance as the Baltic republics asserted their rejection of incorporation within the Soviet Union following the Nazi Soviet pact of 1939 The Baltic and the outbreak of the Second World War makes an important contribution to the perennial debate on the immediate causes of the conflict and should interest specialists in a variety of fields within international relations modern European and diplomatic history *The Baltic States And The Great Powers* David Crowe, 2019-07-11 This is the first complete account of the diplomatic relations and military steps leading to Estonia s Latvia s and Lithuania s forcible absorption into the USSR in 1940 David Crowe making use of recently opened archival sources traces the Baltic states relations with the Soviet Union Germany Poland Great Britian France and with one another from 1917 1940 He starts with an overview of 1917 1936 and then offers a detailed description of the diplomatic maneuvering that marked Europe s collective slide toward war Crowe covers the Sudeten and Memel crises involving German communities in 1938 the German Soviet Pact in August 1939 the mutual assistance pacts between the Baltic States and the USSR the Baltic German migration Soviet use of Estonia s military installations during their assault on Finland and the subsequent Soviet occupation of the Baltic states The story ends with the election of new Soviet sponsored legislatures that sought admission into the USSR as Soviet republics in 1940 a step that most Western countries never recognized and one that the Baltic states finally reversed when they regained their independence fifty one years later in August 1991

The Baltic States Thomas Lane, Artis Pabriks, Aldis Purs, David J. Smith, 2013-11-05 Since the end of the Cold War there has been an increased interest in the Baltics The Baltic States brings together three titles Estonia Latvia and Lithuania to provide a comprehensive and analytical guide integrating history political science economic development and contemporary events into one account Since gaining their independence each country has developed at its own pace with its own agenda and facing its own obstacles The authors examine the tensions accompanying a post communist return to Europe after the long years of separation and how each country has responded to the demands of becoming a modern European state Estonia was the first of the former Soviet republics to enter membership negotiations with the European Union in 1988 and is a potential candidate for the next round of EU expansion in 2004 Lithuania and Latvia have also expressed their desire for future membership of NATO and the EU **Germany and Europe 1919-1939** John Hiden, 2014-09-25 This is the only short study in English to survey Germany s foreign policy from a German viewpoint across the entire inter war period The approach which sets Germany in her full European context is not narrowly diplomatic and it gives as much attention to the

Weimar years of the 1920s as it gives to the more familiar story of Germany's international relations under the Third Reich John Hiden has now thoroughly revised his text to take account of new scholarship since the book first appeared in 1977

The Baltic States and Weimar Ostpolitik John Hiden, 2002-05-02 A study of German economic influence in the Baltic states after World War I **Germany and the European East in the Twentieth Century** Eduard Mühle, 2003-05-01 How did German society perceive the European East during the short twentieth century What were the mental maps Germans constructed as their images of the European East How did these images alter over time due to changing political systems and to what extent did those mental perceptions influence political action and the relationship between Germany and Eastern Europe Tackling questions such as these this book looks at the complicated relationship between Germany and the European East Politically significant this relationship was often fraught with tension always delicate and never easy The book looks at the social cultural and political contexts that shaped the German image of the East during the Weimar Republic the Third Reich and the Federal Republic In addition it charts the mental maps that German society constructed with respect to single constituent parts of Eastern Europe such as Czechoslovakia Poland the Baltic States and the Soviet Union The contributors consider how the relationship was transformed from one of hostility to one more conciliatory in character by the end of the twentieth century **A Concise History of the Baltic States** Andrejs Plakans, 2011-02-24 The Baltic region is frequently neglected in broader histories of Europe and its international significance can be obscured by separate treatments of the various Baltic states With this wide ranging survey Andrejs Plakans presents an integrated history of three Baltic peoples Estonians Latvians and Lithuanians and draws out the common threads to show how it has been shaped by their location in a strategically desirable corner of Europe Subordinated in turn by Baltic German landholders the Polish nobility and gentry and then by Russian and Soviet administrators the three nations have nevertheless kept their distinctive identities significantly retaining three separate languages in an ethnically diverse region The book traces the countries evolution from their ninth century tribal beginnings to their present status as three thriving and separate nation states focusing particularly on the region's complex twentieth century history which culminated in the eventual re-establishment of national sovereignty after 1991 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976 **The Latvians** Andrejs Plakans, 1995 This postperestroika historical narrative should contribute significantly to assessing the likelihood of Latvia's survival as an independent republic **BOOK JACKET** **Historical Dictionary of Latvia** Aldis Purs, Andrejs Plakans, 2017-05-02 Latvia is located on the eastern shore of the Baltic Sea After a brief period of independence between the two World Wars Latvia was annexed by the USSR in 1940 It reestablished its independence in 1991 following the breakup of the Soviet Union Although the last Russian troops left in 1994 Latvia continues to revamp its economy for eventual integration into various Western European political and economic institutions Since May 2004 Latvia is a member of the European Union This third edition of Historical Dictionary of Latvia contains a chronology an introduction appendixes and an

extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Latvia

The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24 Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain's role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocal attempts to avoid political controversies and London's contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s

Piip, Meierovics & Voldemaras Charlotte Alston, 2011-04-26 Conflict on the borders of the Russian Empire whatever the complexion of the government controlling it has been a constant feature of the past 90 years most recently with Russia's brief war with Georgia in August 2008 In 1919 as the smaller nations on Russia's borders sought self determination while the Civil War raged between the Whites and the Bolsheviks the Paris Peace Conference struggled with a situation complicated by mutually exclusive aims The Baltic States of Latvia Lithuania and Estonia were seen by both the Russians and the Western Allies as a protective buffer for their own territory which led to the curious situation that the Peace Conference requested German troops to remain temporarily in the Baltic territory they had occupied during the First World War to block the westward spread of the Bolshevik Revolution The ongoing civil war in Russia further complicated the issue because if the Whites should win and restore the legitimate Russian government the Peace Conference could not divide up the territory of a power that had been one of the original members of the Entente The US politician Herbert Hoover described Russia as Banquo's ghost at the Paris Peace Conference an invisible but influential presence and nowhere can this be more clearly seen than in the deliberations over the Baltic States

The Baltic in International Relations Between the Two World Wars John Hiden, Aleksander Loit, 1988

Britain, France and the Naval Arms Trade in the Baltic, 1919 -1939 Donald Stoker, 2003-08-31 The strategy of the British and French prior to World War II was to preserve the status quo after the disaster of World War I Donald Stoker's book examines British and French involvement from 1919 to 1939 in the creation and development of the naval forces of Poland Finland and the three Baltic states of Estonia Latvia and Lithuania This is an in depth scholarly study of a subject that should appeal to students of international history strategy international relations and naval history in general

Latvia in World War II Valdis O. Lumans, 2006 Valdis Lumans provides an authoritative balanced and comprehensive account of one of

the most complex and conflicted arenas of the Second World War Struggling against both Germany and the Soviet Union Latvia emerged as an independent nation state after the First World War In 1940 the Soviets occupied neutral Latvia deporting or executing more than 30 000 Latvians before the Nazis invaded in 1941 and installed a puppet regime The Red Army expelled the Germans in 1944 and reincorporated Latvia as a Soviet Republic By the end of the war an estimated 180 000 Latvians fled to the West The Soviets would deport at least another 100 000 Drawing on a wide range of sources many brought together here for the first time Lumans synthesizes political military social economic diplomatic and cultural history He moves carefully through traditional sources many of them partisan to scholarship emerging since the end of the Cold War to confront such issues as political loyalties military collaboration resistance capitulation the Soviet occupation anti-Semitism and the Latvian role in the Holocaust

Embracing the Beat of Expression: An Psychological Symphony within **Search For Security A Study In Baltic Diplomacy 1920 1934**

In some sort of consumed by displays and the ceaseless chatter of immediate connection, the melodic splendor and psychological symphony developed by the prepared word often diminish into the background, eclipsed by the persistent noise and distractions that permeate our lives.
