Search For The American Right Wing An Analysis Of The Social Science Record 1955 1987:

Search for the American Right Wing William B. Hixson Jr.,2015-03-08 This book is a creative synthesis of the published scholarly research on the contemporary American right wing from the rise of Senator Joseph McCarthy to the election of Ronald Reagan as President Unlike most other syntheses it directly engages that research by critically analyzing the major explanations emerging from it Emphasizing neither the lives and backgrounds of the scholars that he discusses nor paradigms within the social sciences as a whole William Hixson focuses on the way the concepts of individual researchers have interacted with accumulating evidence on the American right and how this evidence has led to new and more comprehensive theories Hixson first summarizes and evaluates the research on the major developments analyzed by scholars the social sources of McCarthyism the radical right of the early 1960s George Wallace s constituency in his Presidential campaigns and the emerging new right of the late 1970s He then compares the interpretations of the two most influential students of the right wing Seymour Martin Lipset and Michael Paul Rogin Finally he offers his own explanations suggesting that the right wing is both a mass and elite phenomenon that its durability comes from its appeal to the upwardly mobile especially in economically expanding regions and that far from being either traditionalist or reactive it represents a proactive defense of values associated with late nineteenth century modernization Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *For Crying Out Loud* Diane Dujon,Ann Withorn,1996 Brings together the words of welfare mothers activists and advocates as well as scholars in a poignant and powerful challenge to the impoverishment of women

Critical theory and demagogic populism Paul K. Jones,2020-11-03 Populism is a powerful force today but its full scope has eluded the analytical tools of both orthodox and heterodox populism studies This book provides a valuable alternative perspective It reconstructs in detail for the first time the sociological analyses of US demagogues by members of the Frankfurt School and compares these with contemporary approaches Modern demagoguery emerges as a key under researched feature of populism since populist movements whether left or right are highly susceptible to demagogic capture The book also details the culture industry s populist contradictions including its role as an incubator of modern demagogues from the 1930s through to today s social media and Trumpian psychotechnics Featuring a previously unpublished text by Adorno on modern demagoguery as an appendix it will be of interest to researchers and students in critical theory sociology politics German studies philosophy and history of ideas as well as all those concerned about the rise of demagogic populism today **Suburban Warriors** Lisa McGirr,2015-06-02 In the early 1960s American conservatives seemed to have fallen on

hard times McCarthyism was on the run and movements on the political left were grabbing headlines The media lampooned John Birchers s accusations that Dwight Eisenhower was a communist puppet Mainstream America snickered at warnings by California Congressman James B Utt that barefooted Africans were training in Georgia to help the United Nations take over the country Yet in Utt s home district of Orange County thousands of middle class suburbanites proceeded to organize a powerful conservative movement that would land Ronald Reagan in the White House and redefine the spectrum of acceptable politics into the next century Suburban Warriors introduces us to these people women hosting coffee klatches for Barry Goldwater in their tract houses members of anticommunist reading groups organizing against sex education pro life Democrats gradually drawn into conservative circles and new arrivals finding work in defense companies and a sense of community in Orange County s mushrooming evangelical churches We learn what motivated them and how they interpreted their political activity Lisa McGirr shows that their movement was not one of marginal people suffering from status anxiety but rather one formed by successful entrepreneurial types with modern lifestyles and bright futures She describes how these suburban pioneers created new political and social philosophies anchored in a fusion of Christian fundamentalism xenophobic nationalism and western libertarianism While introducing these rank and file activists McGirr chronicles Orange County s rise from nut country to political vanguard Through this history she traces the evolution of the New Right from a virulent anticommunist anti establishment fringe to a broad national movement nourished by evangelical Protestantism Her original contribution to the social history of politics broadens and often upsets our understanding of the deep and tenacious roots of popular conservatism in America [The Radical Right](#) Klaus Wahl,2019-10-31 This book analyses the rise in xenophobia racism and radical right political parties movements and violent groups over recent years The author provides a summary of the current state of international and interdisciplinary research on the multilevel explanations of right wing radical thought comparing similarities and differences across Europe and the United States By integrating findings from psychology history social and life sciences he proposes a biopsychosociological model of the conditions causes catalysts and triggers of phenomena of the radical right across the world Following a demand and supply analysis Wahl explores the interaction of evolutionary emotional mechanisms and socialization processes with various environmental conditions and consequent manifestations of radical right groups to identify strategies to slow down the rise and effects of the radical right

The Populist Persuasion Michael Kazin,2017-11-15 In The Populist Persuasion the distinguished historian Michael Kazin guides readers through the expressions of conflict between powerful elites and the people that have run through our civic life filling it with discord and meaning from the birth of the United States until the present day Kazin argues persuasively that the power of populism lies in its adaptable nature Across the political spectrum commentators paste the label on forces and individuals who really have just one big thing in common they are effective at blasting elites or the establishment for harming the interests and betraying the ideals of the people in nations that are committed at least officially

to democratic principles Kazin's classic book has influenced debates over populism since its publication The new preface to this edition brings the story up to date by charting the present resurgence of populist discourse which was front and center in the 2016 elections and in the Brexit debate **Steep** Lawrence Rosenthal, Christine Trost, 2012-08-14 Includes bibliographical references and index **Killing for Life** Carol Mason, 2018-08-06 How can those who seek to protect the right to life defend assassination in the name of saving lives Carol Mason investigates this seeming paradox by examining pro life literature both archival material and writings from the front lines of the conflict Her analysis reveals the apocalyptic thread that is the ideological link between established anti abortion organizations and the more shadowy pro life terrorists who subject clinic workers to anthrax scares bombs and bullets The portrayal of abortion as America's Armageddon began in the 1960s In the 1970s Mason says Christian politics and the post Vietnam paramilitary culture popularized the idea that legal abortion is a harbinger of apocalypse By the 1990s Mason asserts even the movement's mainstream had taken up the call narrating abortion as an apocalyptic battle between so called Christian and anti Christian forces Pro life violence of the 1990s signaled a move away from protest and toward retribution she writes Pro life retribution is seen as a way to restore the order of God In this light the phenomenon of killing for life is revealed not as an oxymoron but as a logical consistency and a political manifestation of religious retribution Mason's scrutiny of primary sources direct mail internal memoranda personal letters underground manuals and pro life films magazines and novels draws attention to elements of pro life millennialism Killing for Life is a powerful indictment of pro life ideology as a coherent mass produced narrative that does not merely condone violence but anticipates it as part of God's plan *Hard Line* Colin Dueck, 2010-09-05 Conservatives and liberals alike are currently debating the probable future of the Republican Party What direction will conservatives and republicans take on foreign policy in the age of Obama This book tackles this question *Social Discredit* Janine Stingel, 2000 In *Social Discredit* Janine Stingel exposes a crucial yet previously neglected part of Social Credit history the virulent anti Jewish campaign it undertook before during and after the Second World War While most Canadians acknowledged the perils of race hatred in the wake of the Holocaust Social Credit intensified its anti Semitic campaign By examining Social Credit's anti Semitic propaganda and the reaction of the Canadian Jewish Congress Stingel details their mutual antagonism and explores why Congress was unable to stop Social Credit's blatant defamation She argues that Congress's ineffective response was part of a broader problem in which passivity and a belief in quiet diplomacy undermined many of its efforts to combat intolerance Stingel shows that both Social Credit and Congress changed considerably in the post war period as Social Credit abandoned its anti Semitic trappings and Congress gradually adopted an assertive and pugnacious public relations philosophy that made it a champion of human rights in Canada *Social Discredit* offers a fresh perspective on both the Social Credit movement and the Canadian Jewish Congress substantively revising Social Credit historiography and providing a valuable addition to Canadian Jewish studies *African Americans in Conservative*

Movements Louis G. Prisock, 2018-05-23 Providing an expansive view of the making and meaning of African American conservatism this volume examines the phenomenon in four spheres the political realm the academic world the black church and grass roots activism movements In his analysis of their activities in these realms Louis Prisock examines the challenges African American conservatives face as they operate within the context of largely white conservatism At the same time that African American conservatives challenge the white conservative movement's principle of color blindness they are accused of being racial mascots or tokens from those outside of it Prisock unwinds the intricacies of black conservatives relationships to both the wider conservative movement and the everyday life experiences of black Americans showing that they are as vulnerable to the inescapability of race as any other individual in a racialized America *Backlash Against Welfare Mothers* Ellen Reese, 2005-07-29 Ellen Reese considers the politics of welfare in the U S from the 1940s to the present offering a historical perspective on the current debates over welfare mothers showing how racism has played a large part in the formulation of popular conceptions regarding welfare

History, Historians, and Conservatism in Britain and America Reba Soffer, 2009 Reba Soffer examines the subjects motives and origins of conservative historians who were also successful public intellectuals Providing a comprehensive account of the content context and consequences of conservative ideas Soffer explains their dominance in Britain and marginalization in America until the Reagan ascendancy

Political Junkies Claire Bond Potter, 2020-07-07 A wide ranging history of seventy years of change in political media and how it transformed and fractured American politics With fake news on Facebook trolls on Twitter and viral outrage everywhere it's easy to believe that the internet changed politics entirely In *Political Junkies* historian Claire Bond Potter shows otherwise revealing the roots of today's dysfunction by situating online politics in a longer history of alternative political media From independent newsletters in the 1950s to talk radio in the 1970s to cable television in the 1980s pioneers on the left and right developed alternative media outlets that made politics more popular and ultimately more partisan When campaign operatives took up e-mail blogging and social media they only supercharged these trends At a time when political engagement has never been greater and trust has never been lower *Political Junkies* is essential reading for understanding how we got here

Nut Country Edward H. Miller, 2015-09-22 If there was a city most likely to host the assassination of John F Kennedy Dallas was it Kennedy himself recognized Dallas's special and extreme nature saying to Jackie in Fort Worth on the morning of November 22 We're heading into nut country today Edward H Miller makes the persuasive case in this lucid and insightful book that the ultraconservative faction of today's Republican Party is a product specifically of the political climate of Dallas in the 1950s and early 1960s which was marked by apocalyptic language conspiracy theories and absolutist thought and rhetoric Miller shows not only that the influential ultraconservative figures in Dallas fomented religious and racial extremism but that the arc of politics bent ever rightward as otherwise moderate local Republicans were pressured to move away from the center This faction promoted the creation of the national Republican Party's Southern Strategy which reversed the party's historical

position on civil rights This strategy often credited to Richard Nixon and Barry Goldwater in the wake of the crises of the 1960s has its origins instead in the racial and religious beliefs of extremists in this volatile time and place Dallas is the root of it all From Marriage to the Market Susan Thistle,2006 Publisher description A Companion to Lyndon B. Johnson

Mitchell B. Lerner,2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President

From Bible Belt to Sunbelt: Plain-Folk Religion, Grassroots Politics, and the Rise of Evangelical Conservatism

Darren Dochuk,2010-12-13 A prize winning five decade history of the evangelical movement in Southern California that explains a sweeping realignment of American politics From Bible Belt to Sun Belt tells the dramatic and largely unknown story of plain folk religious migrants hardworking men and women from Oklahoma Texas and Arkansas who fled the Depression and came to California for military jobs during World War II Investigating this fiercely pious community at a grassroots level Darren Dochuk uses the stories of religious leaders including Billy Graham as well as many colorful lesser known figures to explain how evangelicals organized a powerful political machine This machine made its mark with Barry Goldwater inspired Richard Nixon s Southern Solution and achieved its greatest triumph with the victories of Ronald Reagan Based on entirely new research the manuscript has already won the prestigious Allan Nevins Prize from the Society of American Historians The judges wrote Dochuk offers a rich and multidimensional perspective on the origins of one of the most far ranging developments of the second half of the twentieth century the rise of the New Right and modern conservatism Republican Women Catherine E. Rymph,2006 In the wake of the Nineteenth Amendment Republican

women set out to forge a place for themselves within the Grand Old Party As Catherine Rymph explains their often conflicting efforts over the subsequent decades would leave a mark on both conservative **Home-grown Hate** Abby L. Ferber,2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company
