Oxford's Protestant Spy Andrew Atherstone, 2007-12-01 Charles Golightly 1807 1885 was a notorious Protestant polemicist His life was dedicated to resisting the spread of ritualism and liberalism within the Church of England and the University of England For half of a century he led many memorable campaigns such as building a martyrs memorial and attempting to close a theological college John Henry Newman Samuel Wilberforce and Benjamin Jowett were amongst his adversaries This is the first study of Golightly s controversial career Ambassadors of Christ Mark D. Chapman, 2017-03-02 Ambassadors of Christ commemorates 150 years of theological education in Cuddesdon with a collection of substantial essays It begins with a discussion by Mark Chapman of the revival of theology and education in the early years of the nineteenth century This is followed by essays by Alastair Redfern on Samuel Wilberforce as a pastoral theologian and a revision by Andrew Atherstone of Owen Chadwick s Centenary History in the light of more recent historical research bringing the discussion up to the 1880s For the first time Ripon Hall which merged with Cuddesdon in 1975 receives a thorough and detailed historical treatment by Michael Brierley Mark Chapman then discusses the 1960s under Robert Runcie and a final chapter by Robert Jeffery deals with the theological and churchmanship issues which emerged from the merger Two marvellous sermons preached at College Festivals by Michael Ramsey and Owen Chadwick are also reproduced in appendices This special commemorative volume will appeal to past and present students as well as specialists in nineteenth and twentieth century church history and all those interested in ministerial education and spiritual formation

Frederick Temple, Archbishop of Canterbury Peter Bingham Hinchliff, 1998 This is the first full length serious biography of Frederick Temple an eminent nineteenth century figure and father of William Temple who was Archbishop of Canterbury during the Second World War Born on a Greek island of middle class but impoverished parents he was educated at Balliol College on a scholarship became principal of a college which trained teachers for pauper children then headmaster of Rugby and Bishop successively of Exeter and London before finally becoming Archbishop of Canterbury at the age of 76 in 1897 In the realm of education he could be considered the real designer of the Oxford and Cambridge Examination Board in the 1850s was a contributor to the first of the scandalous volumes of liberal theology *Essays and Reviews* in 1860 was secretary of the Taunton Commission on grammar school education in 1868 and gave the Bampton lectures of 1884 on science and religion which made the theory of evolution respectable As Bishop of London he attempted to mediate in the London dock strike of 1889 was responsible for the final form of the Archbishops reply to the Pope s encyclical on Anglican orders presided over the Archbishops Headings on certain ritual practices in the Church Crisis at the end of the century was much involved in Queen Victoria s Diamond Jubilee celebrations and crowned Edward VII He collapsed in the House of Lords after speaking in the debate on the education bill of 1902 and died soon afterwards To gather the material for this fluent and attractive biography the author has made use of the Temple family papers most of which have been hitherto unpublished as

well as the more than 100 volumes of the Archbishop's official papers at Lambeth Palace **Episcopal Ministry** Church of England. Archbishops' Group on the Episcopate, 1990 The 1994 report of the Archbishops' Group on the Episcopate looking at the nature of the episcopate the role of the suffragan and the theological issues underlying the ordination of women as bishops Glory Descending Douglas Dales, John Habgood, Geoffrey Rowell, Rowan Williams, 2018-07-12 MICHAEL RAMSEY 1905-1988 was one of the greatest Anglican archbishops of the twentieth century and a man of spiritual depth who inspired a generation of Christians Evangelical by origin catholic by formation and liberal by instinct Ramsey learned from many traditions and as Archbishop of Canterbury moved ecumenical dialogue into a new and decisive phase A remarkable spiritual leader he continues to be remembered as both reverent and visionary Glory Descending serves both as an introduction to Ramsey's life and as a reader of his key writings The introductory chapter gives an overview of Ramsey's career and explains why he was such a significant figure in recent church history The large selection of Ramsey's writings that follows makes readily accessible the essence of his thought Drawn from all of his works these powerful passages constitute an exceptionally consistent body of spiritual theology and teaching Here we have not just a voice from the past but a prophetic call to holiness and faith in our own times Also included are reflections by leading churchmen and scholars on Ramsey's continuing influence Four pieces by Rowan Williams probe distinctive themes in Ramsey's thought John Habgood and Geoffrey Rowell offer lectures prepared for the centenary of Ramsey's birth Douglas Dales explores the contours of Ramsey's spiritual theology Finally the book has been designed as a companion to the Christian liturgical year making it an invaluable aid to preaching teaching and devotions **The Westminster Dictionary of Christian Spirituality** Gordon S. Wakefield, 1983-01-01 Ecumenical in character this comprehensive and authoritative dictionary is the achievement of scholars of international standing Anglicans Roman Catholics Baptists Presbyterians Quakers Methodists Lutherans and others The articles are nondogmatic and scholarly The main emphasis is thematic the entries represent types schools and subjects Articles that refer to non-Christian religions are included insofar as they have influenced Christianity The unifying theme of the dictionary is that it seeks to illumine ways in which women and men have responded to God in prayer and living From Oxford to the People Paul Vaiss, 1996 *God and History* Peter Bingham Hinchliff, 1992 Newman's revised Essay on the Development of Doctrine provides the starting point for this new and comprehensive survey in which Peter Hinchliff discusses the ideas of wide range of theologians from the full spectrum of Christianity from Roman Catholics through to theologians from the Churches of England and Scotland and the Free Church and their attempts to tackle these questions in the period leading up to the Great War **Yorkshire Surnames and the Hearth Tax Returns of 1672-73** David Hey, Douglas Emmott, George Redmonds, 2002 **Buildings, Faith, and Worship** Nigel Yates, 2000 This is the first major study for over forty years of the liturgical arrangement of Anglican churches in the period between the Reformation and the Oxford Movement The study is based both on surviving buildings and on a wide range of archival sources such as seating plans which are used to document

internal changes and to suggest reasons behind them In the course of the book Nigel Yates challenges many widely held assumptions about the liturgical outlook of the Pre Tractarian period and about the impact of ecclesiology on the Church of England In particular he emphasizes the existence hitherto disregarded of a Church of England movement for liturgical renewal between 1780 and 1840 which to a degree anticipated some of the ideas previously attributed solely to the ecclesiologists The discussion is firmly set within the context of European Protestantism and comparisons are drawn with the liturgical practices both of Calvinists and Lutherans

Strange Eventful History Christopher Loveless, 2012-06-19 In this fascinating book Christopher Loveless threads together the biographies of all the Church of England's saints famous and unknown to create one continuous story Beginning as a small company of the friends of a crucified carpenter the church has grown into a worldwide movement whose restless quest for God and creative dynamism has shaped our culture and all our lives This book tells you the stories of the men and women who made it happen martyrs and theologians missionaries and mystics writers and reformers misfits and even the odd criminal The story of the saints is the story of humanity

Anglican Ritualism in Victorian Britain, 1830-1910 Nigel Yates, 1999 This innovative book challenges many of the widely held assumptions about the impact of ritualism on the Victorian church Through a detailed analysis of the geographical spread of ritualist churches in the British Isles Dr Yates shows that the impact of ritualism was as strong if not stronger in middle class and rural parishes as in working class and urban areas He gives a detailed reassessment of the debates and controversies surrounding the attitudes of the Anglican bishops towards ritualism the impact of public opinion on discussions in parliament and the implementation of the Public Worship Regulation Act of 1874 The book examines the wider historical implications by not simply focusing on ritualism during the Victorian period but extrapolating this to show the impact that ritualism has had on the longer term development of Anglicanism in the twentieth century

Finding Fulford - the Search for the First Battle Of 1066 Charles Jones, 2011 The battle of Fulford was fought just south of York on 20th September 1066 between the Northern Earls and King Harald Hardrada leading a Norse army Harald Hardrada had the treacherous Earl Tostig the brother of King Harold II king of England as his ally Tostig might have devised the strategy that detained his brother defending the south coast from the expected invasion from Normandy But King Harold was already on his way north when the battle took place Finding Fulford sets out a confident hypothesis for the location based on the body of evidence and research undertaken to find the first of the three battles of that autumn The report finds that the literature identifies a location south of York and the geology uniquely points to Germany Beck as the only militarily significant ditch mentioned in several sources as the place of the battle Modelling the way the landscape has changed since 1066 allows the descriptions provided for the battle to be tested The reconstructed surface provides positive feedback for the literature and helps to make more sense of what was written in Norse sources about the course of the battle The emergence of substantial quantities of ferrous material just south of the Beck reinforces the claim of Germany Beck as the place of the battle These notable concentrations of ferrous finds

including tools axes and other shaped billets were co located with hearth bottoms slag charcoal and tuy res fragments The shape of the billets suggests a military rather than a civil use The interpretation provided is of post battle reprocessing There was not one centrally organised workshop since the number and spread of hearths suggests a gold rush perhaps with each warband processing material These sites were found to corresponded closely to the assumed area of the fighting and no similar sites were found in the surrounding areas which was also surveyed It is also suggested that the work was disrupted by the defeat of the Viking invaders at Stamford Bridge five days after their victory at Fulford This is an important assumption as it helps explain why so much material was abandoned at Fulford in a pattern that has not yet been found elsewhere The interrupted reprocessing hypothesis also explains why other sites of similar antiquity have failed to yield a single weapon fragment If the recycling work had been completed only hearth debris would have been found so the Fulford site might be unique Almost as important as the evidence that has emerged was that no contra indicators were found to cast doubt on the proposed site nor were any consistent pointers to another location identified even though much work was devoted to searching for alternate sites before Germany Beck was identified as the locus The investigation of the Fulford battlefield was done under some unnecessarily restrictive conditions and a chapter is devoted to work that needs to be undertaken The evidence suggests that the site still has much to reveal Alongside the archaeological investigations the report relates the events of the three battles of 1066 and also provides a detailed narrative of the battle based on all that has been revealed by the work The whole style of the work is designed to make it accessible to any interested reader

In Search of Chester's Medieval Castle Phillip E. Jones,2010 *Bibliotheca Politica* James Tyrrell,1718 The Anglo-Saxon Age Timothy Venning,2013-02-19 Taking a similar approach to his successful *If Rome Hadn t Fallen* Timothy Venning explores the various decision points in a fascinating period of British history and the alternative paths that it might have taken Dr Timothy Venning starts within an outline of the process by which much of Britain came to be settled by Germanic tribes after the end of Roman rule as far as it can be determined from the sparse and fragmentary sources He then moves on to discuss a series of scenarios which might have altered the course of subsequent history dramatically For example was a reconquest by the native British ever a possibility under Arthur or someone else Which of the Anglo Saxon kingdoms might have united England sooner and would this have kept the Danes out And of course what if Harold Godwinson had won at Hastings While necessarily speculative all the scenarios are discussed within the framework of a deep understanding of the major driving forces tensions and trends that shaped British history and help to shed light upon them In so doing they help the reader to understand why things panned out as they did as well as what might have been
