Arthurian Literature ,1995 The Golden Specific S. E. Grove,2016-06-14 For fans of The Golden Compass this is book two in the Mapmakers Trilogy and follow up to S E Grove s stunning debut The Glass Sentence It is the summer of 1892 one year since Sophia Tims and her friend Theo embarked upon the dangerous adventure that rewrote the map of the world Since their return home to Boston she has continued searching for clues to her parents disappearance combing archives and libraries grasping at even the most slender leads Theo has apprenticed himself to an explorer in order to follow those leads across the country but one after another proves to be a dead end Then Sophia discovers that a crucial piece of the puzzle exists in a foreign Age At the same time Theo discovers that his old life outside the law threatens to destroy the new one he has built with Sophia and her uncle Shadrack What he and Sophia do not know is that their separate discoveries are intertwined and that one remarkable person is part of both There is a city that holds all of the answers but it cannot be found on any map Surrounded by plague it can only be reached by a journey through darkness and chaos which is at the same time the plague s cure The Golden Specific This delicious blend of magic history and science will continue to delight fans of intricate world building and rich storytelling School Library Journal Readers who have already read the first installment will gladly savor another journey with Sophia and marvel at the worlds they enter Brilliantly imagined and full of wonder Kirkus Reviews *Books* ,1991 **Books Magazine** ,1991 **Golden Sheaves** H.A. Historical Dictionary of Scandinavian Cinema John Sundholm, Isak Thorsen, Lars Gustaf Andersson, Olof Hedling, Gunnar Iversen, Birgir Thor Møller, 2012-09-20 Although relatively small the northern countries of Scandinavia have made a disproportionately large contribution to world cinema Indeed some of their films are among the best known of all times including *The Seventh Seal* *Dancer in the Dark* and *The Girl with the Dragon Tattoo* And Scandinavian directors are also among the best known just to mention Ingmar Bergman and Lars von Trier But there is much more to the cinema of Denmark Norway Sweden Finland and Iceland than that and this book shows us what they have been accomplishing over more than a century from the beginnings of cinema until the present The *Historical Dictionary of Scandinavian Cinema* shows just how long and busy this history has been in the chronology starting in 1896 The introduction then describes the situation in each one of the component countries all of which approached and developed the field in a similar but also slightly different manner The dictionary section with over 400 substantial entries looks at the situation in greater detail with over 400 substantial entries on major actors directors and others significant films various genres and themes and subjects such as animation ethnicity migration and censorship Given its contribution to world cinema it is good to finally have an encyclopedia like this which can meet the interests of the scholar and researcher but also the movie fan
