and remarkable powers of concentration Bobby Fischer memorized hundreds of chess books in several languages and he was only thirteen when he became the youngest chess master in U S history But his strange behavior started early In 1972 at the historic Cold War showdown in Reykjavik Iceland where he faced Soviet champion Boris Spassky Fischer made headlines with hundreds of petty demands that nearly ended the competition It was merely a prelude to what was to come Arriving back in the United States to a hero s welcome Bobby was mobbed wherever he went a figure as exotic and improbable as any American pop culture had yet produced Commercial sponsorship offers poured in ultimately topping 10 million but Bobby demurred Instead he began tithing his limited money to an apocalyptic religion and devouring anti Semitic literature Bobby reemerged in 1992 to play Spassky in a multi million dollar rematch but when the dust settled he was a wanted man transformed into an international fugitive because of his decision to play in Montenegro despite U S sanctions Fearing for his life traveling with bodyguards Bobby lived the life of a celebrity fugitive one drawn increasingly to the bizarre Drawing from Fischer family archives recently released FBI files and Bobby s own emails Endgame is unique in that it limns Bobby Fischer s entire life an odyssey that took the chess champion from an impoverished childhood to the covers of Time Life and Newsweek to recognition as the most famous man in the world to notorious recluse
