

A silhouette of a person stands on a dark, rocky outcrop or cliff edge, looking out over a vast, hazy landscape under a dramatic, orange-hued sunset sky. The person is positioned on the right side of the frame, facing left. The sky is filled with soft, glowing clouds in shades of orange, yellow, and light blue. The overall mood is contemplative and serene.

Search for Truth Ernest J. Honigmann, 2016-08-03 The genesis of this book was in 1957 when the author was rejected from a loving courtship because he did not believe in the existence of God To quell the pain and to understand what had happened to him he researched the evidence as to why people believe that God exists The result was this book a predominance of evidence in favor of atheism Further the author found that truth should always be held provisionally not permanently pending discovery of new evidence and insights For example the author s atheism is provisional His search also brought a tough new world If God does not exist we need new concepts for the meaning of life the basis of morality and our unalienable Rights to Life Liberty and the pursuit of Happiness This book offers his solutions to those problems And one more thing The author s recommendation in his final chapter for a new way to search for religious truth forms the most exciting part of this book and possibly the most prophetic Now in 2016 50 years after it had been offered to the world and rejected by the publishers as a threat to their own interests our society has come of age And this book with its eye opening freshness still intact is finally yours to learn from and to enjoy **Seeking Truth** Crae F. Hancock, 2005-12-19 Seeking Truth motivates a person to find truth Most of us exist within a psychological illusion of the truth This illusion of truth exists in a holographic sense We literally exist within our thoughts While covered within an analogous shell one filters any new ideas and thoughts through preconceived parameters In this sense you could hear see or experience bonafide truth but be unable to accept it as the truth for this reason the scientific method for establishing truth necessitates that an experiment must be performed time and time again with the same results In common law the truth shall be established by two or more witnesses May your shell illusion vaporize May you see hear understand and intuit truth
