significant places in Laurence Goldstein's fourth collection of poems. A native of Los Angeles, the author re-encounters the vivid ghosts of an exotic personal landscape: Criswell, the TV prophet Madame Nhu at the Beverly Wilshire Hotel, Mickey Cohen in a downtown deli, Bob Hope in a photo shoot with the poet's family. From the Pacific boardwalk to Death Valley, these poems enliven their borderlands with pungent language and dramatic incident. Goldstein then takes the reader to Ethiopia, the setting of a long dramatic monologue narrated by a young American woman seeking the reincarnation of the medieval Christian potentate Prester John for help in the apocalyptic wars of the twenty-first century. His most ambitious book to date, the subjects in this collection range from the aging pear tree and the domestic living room to Nordic witches and Nazi demons. Some poems are in fixed forms, including the villanelle "Rock Star," the sonnet translation from Verlaine "Langueur," and the rhymed quatrains of a narrative poem adapted from a short story by Arthur Miller. Other poems employ organic style to explore the poet's situation or predicament in the culture he has outlived and the culture he has inherited. **Powers of**

Congress Alice Fulton, 2001. *Powers of Congress* exhibits in dazzling language and complex rhetorical structures a passionate curiosity about all aspects of modern American life. Sven Birkerts in *The Boston Review* called Fulton a prodigiously gifted poet, and *Powers of Congress* more than meets that claim. Back by popular demand, this is a reprint of an important collection that continues to exert a wide influence upon contemporary poetics. It will surely intoxicate all those who love the erotic involvement of language with thought. She is an ambitious, powerful poet. She is a thematic gambler of the best sort. Her poems are daring and broad. Eavan Boland, *Partisan Review*. *Powers of Congress* is a rigorous, generous book by one of the finest young poets in the country. David Baker, *Poetry*. In *Powers of Congress*, Alice Fulton shows she's learned a thing or two about levitation. David Barber, *Hungry Mind Review*. Marketing plans for *Powers of Congress*: o Newsletter, brochure, catalog, and postcard mailings; o Advertisements in key literary and trade magazines. *Powers of Congress* was first published by David R. Godine in 1990. Alice Fulton's other books of poems include *Felt*, *Sensual Math*, *Palladium*, and *Dance Script* with *Electric Ballerina*. A collection of her essays, *Feeling as a Foreign Language*. *The Good Strangeness of Poetry* was published by Graywolf Press in 1999. Alice Fulton's poems appear in five editions of *The Best American Poetry* series as well as in *The Best of the Best American Poetry*. She is currently Professor of English at the University of Michigan in Ann Arbor and lives in Ypsilanti, Michigan. *Literary Magazine Review*, 2002.
