 Illustrations The Essence Of War Ralph D. Sawyer, 2009-04-29 From antiquity the history of China has been marked by
 invading tribes warring states and popular uprisings This heritage of conflict produced a body of martial literature exploring
 the fundamental principles of warfare and their methods of employment Fully aware of the tragic consequences of battle the
 authors of these texts emphasized that bloodshed and war should be avoided whenever possible But they argued this is
 possible only when the principles of leadership and strategy have been mastered and the dynamics of conflict thoroughly
 analyzed Over the centuries these texts have been studied throughout Asia not only by generals on the battlefield but by
 leaders of all kinds concerned with the management of human conflict in all its forms The Essence of War presents eight of
 these classics written from 500 B C E to 700 C E including Sun tzu s Art of War and Sun Pin s Military Methods The book
 introduces the core principles of Chinese military science grouping selected passages and key quotations into five thematic
 sections encompassing forty one topical chapters Fundamentals Tao of Warfare Tao of Command Tactical Essentials and
