Sebastiano Adventures Of An Italian:

Sebastiano Wilfrid Blunt, 1956 *Sebastiano, the Adventures of an Italian Priest, Sebastiano Locatelli, During His Journey from Bologna to Paris and Back, 1664-1665, by Wilfrid Blunt* Sebastiano Locatelli, Wilfrid Blunt, 1956 **Sebastiano** Wilfrid Blunt, 1956 **Sebastiano** Wilfrid Blunt, 1956 **New Perspectives on Marc-Antoine Charpentier** Shirley Thompson, 2017-07-05 The tercentenary of Marc Antoine Charpentier's death in 2004 stimulated a surge of activity on the part of performers and scholars confirming the modern assessment of Charpentier 1643 1704 as one of the most important and inventive composers of the French Baroque The present book provides a snapshot of Charpentier scholarship in the early years of the new century Its 13 chapters illustrate not only the sheer variety of strands currently pursued but also the way in which these strands frequently intertwine and generate the potential for future research Between them they examine facets of the composer's compositional language and process aspects of his performance practice and notation the contexts within which he worked and the nature of his legacy The appendix contains a transcription of the inventory of Charpentier's manuscripts prepared when their sale to the Royal Library was negotiated in 1726 an invaluable research tool as numerous chapters in the book demonstrate The wide variety of topics covered here will appeal both to readers interested in Charpentier's music and to those with a broader interest in the music and culture of the French Baroque including aspects of patronage church and theatre Far from treating his output in isolation this book places it in the wider context alongside such composers as Lully Lalande Marais Fran's Couperin and Rameau it also views the composer in relation to his Italian training In the process the under examined question of influence who influenced Charpentier whom did he influence repeatedly comes to the fore The book's Foreword was written by H Wiley Hitchcock shortly before he died Hitchcock's own part in raising the profile of Charpentier and his music to the level of recognition which it now enjoys cannot be emphasized enough Appropriately the volume is dedicated to his memory **Alcohol, Sex and Gender in Late Medieval and Early Modern Europe** L. Martin, 2001-01-19 This book examines drinking and attitudes to alcohol consumption in late medieval and early modern England France and Italy especially as they related to sexual and violent behavior and to gender relations According to widespread beliefs the consumption of alcohol led to increased sexual activity among both men and women and it also led to disorderly conduct among women and violent conduct among men Dr Lynn shows how alcohol was a fundamental part of the diets of most people including women resulting in daily drinking of large amounts of ale beer or wine This study offers an intimate insight into both the altered states induced by alcohol and by opposition into normal relations in family community and society *History Has Many Voices* Lee Palmer Wandel, 2003-03-25 This volume presents essays from eight scholars who trained with Robert Kingdon a vanguard of early modern studies He required students to go to primary sources yet they were free to pursue their own curiosity No matter what their approach to the sources students were held to a high standard of thoroughness precision and attention to detail This festschrift displays something of the diversity of language source

materials methods and visions that Kingdon encouraged in his students during his forty year career in graduate education

Ecocritical Approaches to Italian Culture and Literature Pasquale Verdicchio,2016-08-23 The essays in this volume provide a theorization of what we might call the denatured wild in other words a notion of environmental restoration or reinhabitation that recognizes and reconfigures the human factor as an interdependent entity Acknowledging the contributions of Marco Armerio Serenella Iovino Giovanna Ricoveri Patrick Barron and Anna Re among others *Ecocritical Approaches to Italian Culture and Literature The Denatured Wild* negotiates the ground within the historicizing theoretical perspectives and surveying spirit of these writers Despite the central role that nature has played in Italian culture and literature there has been an evident lack of critical approaches free of the bridles of the socio political manipulations of nationalism The authors in this collection by recognizing the groundbreaking work of many non Italian ecocritics challenge the narrowly defined conventions of Italian Studies and illuminates the complexities of an Italian ecocriticism that reveals a rich environmentally engaged literary and cultural tradition

Scene Design at the Court of Louis XIV Frederick Paul Tollini,2003 This study adds another insight into the period of Louis XIV that the confluence of the theatrical arts from older traditions developed to shape a distinctly French style which all pertained to the glorification of the Sun King While previous studies have stressed the literary and musical side of the performances of the period this study examines the settings and scene designs which completed the picture of the royal mythologies Besides giving an account of the festivities of Versailles and other venues and setting them in their social environment this work relates the spectacles to the political and social milieu incorporating both contemporary literary theory and cultural history
