The Concept of Humanity in an Age of Globalization Longxi Zhang, 2012 Rethinking humanity as a concept in our age of globalization and its relevance to the social and political reality of our times are the topic of this book It calls for the reclaiming of humanism as an effective response to the conflict turmoil and violence we witness in the world today Concepts of humanity and humanism have become suspect of naivete at best and guilty of bad faith and repressive ideologies at worst Yet hope for improvement is incorrigibly human the concept of humanity still holds enormous attraction to intellectuals and humanistic scholars At the same time it is important to realize that the critique of humanism is very much based on and limited to Western social and historical experience To re conceptualize humanity and humanism from a truly global perspective will help in reclaiming a more inclusive kind of humanism In this sense a cross cultural perspective is important for reclaiming humanism in our age of globalization The present volume is the result of such an effort The diversity of the authors views speaks eloquently to the complexity of the concept of humanity or what constitutes the distinctly human and therefore the necessity to have an in depth dialogue on the fate of humanity

Literature and the Experience of Globalization Svend Erik Larsen, 2017-10-19 How does literature represent challenge and help us understand our experience of globalization Taking literary globalization studies beyond its traditional political focus Literature and the Experience of Globalization explores how writers from Shakespeare through Goethe to Isak Dinesen J M Coetzee Amitav Ghosh and Bruce Chatwin engage with the human dimensions of globalization Through a wide range of insightful close readings Svend Erik Larsen brings contemporary world literature approaches to bear on cross cultural experiences of migration and travel translation memory history and embodied knowledge In doing so this important intervention demonstrates how literature becomes an essential site for understanding the ways in which globalization has become an integral part of everyday experience

Swedish Women's Writing 1850-1995 Helena Forsas-Scott, 2000-12-01 Provides a survey of women s writing in Sweden from the beginnings of the struggle for emancipation in the 1850s to the present day These writers are seen within the political cultural and economic context of

Transnational Tolstoy John Burt Foster, Jr., 2013-06-20 Transnational Tolstoy renews and enhances our understanding of Tolstoy's fiction in the context of World Literature a term that he himself used in *What is Art* It offers a fresh perspective on Tolstoy's fiction as it connects with writers and works from outside his Russian context including Stendhal Flaubert Goethe Proust Lampedusa and Mahfouz Foster provides an interlocking series of cross cultural readings ranging from nineteenth century Germany France and Italy through the rise of modernist fiction and the crisis of World War II to the growth of a worldwide literary outlook from 1960 onward He emphasizes Tolstoy's writings with the most consistent international resonance *War and Peace* and *Anna Karenina* two of the world's most compelling novels Transnational Tolstoy also discusses a shorter work *Hadji Murad* It shares the earlier novels' historical sweep social breadth and subtle interplay among a large cast of characters Along with bringing Tolstoy's gifts to bear on a Muslim protagonist it also represents his most sustained attempt at world literature

A Glossary of Literary and Cultural Theory Peter Brooker, 2016-12-08 The Glossary of Literary and Cultural Theory provides researchers and students with an up to date guide through the vibrant and changing debates in Literary and Cultural Studies In a field where meanings are frequently complex and ambiguous this text is remarkable for its clarity and usefulness This third edition includes 17 entirely new entries and updates to more than a dozen others which address key concepts and contemporary positions in both literary and cultural theory New entries include Actor Network Theory Anthropocene Ecocriticism Digital Humanities Postcapitalism World Literature

The Routledge Concise History of World Literature Theo D'haen, 2013-03-01 This remarkably broad and informative book offers an introduction to and overview of World Literature Tracing the term from its earliest roots and situating it within a number of relevant contexts from postcolonialism to postmodernism Theo D'haen examines the return of the term world literature and its changing meaning Goethe's concept of Weltliteratur and how this relates to current debates theories and theorists who have had an

impact on world literature non canonical and less known literatures from around the globe the possibility and implications of a definition of world literature This book is the ideal guide to an increasingly popular and important term in literary studies It is accessible and engaging and will be invaluable to students of world literature comparative literature translation and postcolonial studies and anyone with an interest in these or related topics **Flesh and Fish Blood** Subramanian

Shankar,2012-07-02 In *Flesh and Fish Blood* Subramanian Shankar breaks new ground in postcolonial studies by exploring the rich potential of vernacular literary expressions Shankar pushes beyond the postcolonial Anglophone canon and works with Indian literature and film in English Tamil and Hindi to present one of the first extended explorations of representations of caste including a critical consideration of Tamil Dalit so called untouchable literature Shankar shows how these vernacular materials are often unexpectedly politically progressive and feminist and provides insight on these oft overlooked but nonetheless sophisticated South Asian cultural spaces With its calls for renewed attention to translation issues and comparative methods in uncovering disregarded aspects of postcolonial societies and provocative remarks on humanism and cosmopolitanism *Flesh and Fish Blood* opens up new horizons of theoretical possibility for postcolonial studies and cultural analysis **The SAGE Handbook of Research in International Education** Mary Hayden,Jeff Thompson,Jack

Levy,2007-01-03 The editors of the *SAGE Handbook of Research in International Education* have brought together an impressive array of scholars whose cutting edge research addresses the growing field of international education from the experiences of K 12 schools around the world to the field of teacher education This book raises important questions and should be read by a broad audience Kenneth Cushner Executive Director of International Affairs and Professor of Education Kent State University The editors of this admirable handbook have set out to produce a report on international education Their consummate success in doing so gives those of us working in the field a new and invaluable resource The editors may be academics but this is a book largely written by about and for those whose job it is to teach internationally No one working in international education will fail to be provoked challenged or inspired by the compelling arguments advanced within this authoritative volume Peter MacKenzie Principal Hiroshima International School The book is well organized in carefully integrated sections and chapters and the references alone are a valuable bibliographical tool An indispensable work highly recommended for education reference collections and the libraries of individual researchers J B Thomas Emeritus Professor of Educational Studies Loughborough University Interest in the field of international education has never been more intense than at present There are a rapidly increasing number of schools worldwide set up specifically to meet the demands of those parents who through their own professional activities wish to have their sons and daughters educated in schools that offer programmes based on international values Such schools have embraced the promotion of international education as one of their major goals and consequently an increasing number of organisations currently offer curricula that claim to be international in nature Such global movements have created a parallel increase in the incorporation of forms of international

education within national school systems throughout the world. This has resulted in wider forms of collaboration between schools in the public and private sectors nationally and internationally generating a much more substantial base of professional experience in the implementation of schemes for international education than had previously existed. This book analyses the origins, contributions and interpretations of international education. The authors identify approaches to research that will progress our knowledge and understanding of the field and extend and even redraw it on the basis of the research evidence presented. Content includes: A historical overview of the ways in which the term international education has been interpreted; The theoretical interpretation of international education in its current context; International education in practice: exploration of the issues in terms of students, curricula, pedagogies and organising formal institutions; Conceptual challenges for international education in the future. This handbook is an essential resource for those who are involved in the practice and academic study of international education. It will be of particular interest to researchers and teachers in universities, governmental and private curriculum development agencies, examination authorities, administrators and teachers in schools. This volume is another valuable SAGE contribution to the expanding literature on international education. Not all handbooks are described as essential reading, but this one will be and will become an indispensable work of reference, highly recommended for education libraries, both academic and governmental, and for the bookshelves of individual researchers and all involved in international education. The three editors and their fellow authors can take a collective pride in having given us an excellent volume which very successfully completes a chronological and theoretical journey through the issues, practices and future questions presented by international research and practice in international education. *Journal of Research in International Education*

Cavafy as World Literature Takis Kayalis, Vicente Fernández González, 2025-11-13 An inclusive and detailed view of C. P. Cavafy as a World poet, tracing his critical reception, his translation history and his work's multiple interpretations around the globe from the 1920s to the present. Translated into many languages and in multiple editions, the poetry of C. P. Cavafy has attracted an international audience for nearly a century and during the last three decades has been unequivocally recognized as world literature. This unprecedented volume clarifies, enriches and problematizes multiple facets of Cavafy's presence in the contemporary global literary sphere while also drawing attention to its historical background through discussion of largely unknown material from the poet's library archive and early critical reception. Aside from having a strong global readership, Cavafy's work has been used by poets and artists all over the world as raw material for inspiration and re-translation into new cultural production. Some of his poems have assumed a universal and almost proverbial function in the global public sphere, whereas others have acquired new meanings and pertinence in specific historical, cultural and gender-related contexts significantly different from their original conception. With essays from 19 scholars and researchers from 6 countries, *Cavafy as World Literature* offers a collective and multi-dimensional overview of Cavafy's presence and function in world literature.

Poetry of the Revolution Martin Puchner, 2006 Martin Puchner tells the story of political and

artistic upheavals through the political manifestos of the 19th and 20th centuries He argues that the manifesto was the genre through which modern culture articulated its revolutionary ambitions and desires **American Indian Workforce**

Education Carsten Schmidtke,2016-03-10 In this collection of original essays contributors critically examine the pedagogical administrative financial economic and cultural contexts of American Indian vocational education and workforce development identifying trends and issues for future research in the fields of vocational education workforce development and American Indian studies *Cosmopolitan Style* Rebecca L. Walkowitz,2006 This is a groundbreaking work which links the novels of modernist contemporary and postcolonial authors to rethink the political nature of cosmopolitanism
