Longman Register Of New Words

John Ayto

Longman Register Of New Words:

The Longman Register of New Words John Ayto, 1989 This book systematically records verifies and interprets over 1000 new English words and meanings which appeared worldwide predominantly in 1989 and 1990 The entry records the word gives a definition cites the press quotation to verify the occurrence and interprets the origin of the word **Fifty Years Among the New Words** John Algeo, Adele S. Algeo, 1991 This book first published in 1992 is a unique repository of language use from 1941 91 *New Media Language* Jean Aitchison, Diana M. Lewis, 2003 From newspapers and television to email the Internet and text messaging there are ever increasing media conduits for the news The Arabic Contributions to the English Language Garland Hampton Cannon, Alan S. Kaye, 1994 The largest and most up to date collection of English words and multiword units borrowed from the Arabic directly or indirectly totalling 2338 items All major dictionaries in English were surveyed including new word collections and college dictionaries Each dictionary entry gives the first recorded date of the loan in English the semantic field variant forms etymology the English definitions derivative forms and sometimes grammatical comment The major sources of each entry are noted along with the approximate degree of assimilation in English A substantial part of the book is devoted to nontechnical analytical essays which treat the forty six semantic areas so as to embrace all disciplines and throw light on the individual subject Other essays treat the phonological and linguistic aspects of the data so as to show how languages in contact interact and ultimately influence each other's culture This is a wide ranging innovational book that advances the study of comprehensive borrowing within languages over the centuries

Words, Words, Words Gunilla M. Anderman, Margaret Rogers, 1996 This book presents an interesting new perspective on the study of the lexicon examining ways in which insights from translation and language learning can be viewed as complementary The contributors bring together a range of expertise including research on the mental lexicon second language acquisition research translation studies and practice terminology language teaching and lexicography The lexicon often considered to be the poor relation of grammar has recently received more attention from theoretical and applied linguists This book is a part of the trend to explore the rich potential of this field for the benefit of the translator or lexicographer as well as the language learner and the teacher *Specialised Translation* M. Rogers, 2015-05-26 This book shifts the common perception of specialised or LSP translation as necessarily banal and straightforward towards a more realistic understanding of it as a complex and multilayered phenomenon which belies its standard negative binary definition as non literary **Watching English Change** Laurie Bauer, 2014-06-03 Examines the ways language has changed in the twentieth century It concentrates on standard English and takes a historical rather than sociolinguistic view of the changes which have occurred An Introduction to English Lexicology Howard Jackson, Etienne Zé Amvela, 2021-10-21 What are words Where do words come from How are they used Answering these questions and more this book guides you through the key concepts in the lexicology of modern English Providing an overview which encompasses all aspects of English vocabulary

this book explains the sources of modern English words and shows how the vocabulary has developed over time Thoroughly updated throughout to keep pace with recent developments in the field this third edition features Enhanced chapters on vocabulary dictionaries and investigative lexicology New sections on contemporary topics such as internet language social media and youth culture Guides to new electronic resources and tools of analysis Exercises throughout each chapter with an updated answer key A revised list of suggestions for further reading Assuming no prior knowledge of linguistics and featuring exercises and a fully updated glossary of lexicological terms to support your learning An Introduction to English Lexicology is the only book you need to understand the basics of English lexicology

Lexicography and Terminology

Olga Karpova, Olga M. Karpova, Faina Kartashkova, 2009-03-26 The present book contains a collection of works devoted to current trends in theoretical and practical lexicography terminology and terminography All papers are divided into two main sections Part I Lexicography deals with analysis of historical and typological problems in lexicography with special reference to English Italian Russian and Southern African dictionaries for general and special purposes The main focus is given to the description of principles in lexicographic presentation of non equivalent lexics rhyming slang idioms clichés and gender nominations of people in bilingual and monolingual dictionaries Part II Terminology and Terminography is devoted to description of the current tendencies observed in terminology and terminography studies with special reference to modern European languages such as English Russian Norwegian etc Terms of different special domains are viewed from the angle of the latest achievements of modern science cognitive linguistics in particular It reveals specific features of terminological word combinations terms in colloquial use peculiarities of terms belonging to newly formed Languages for Special purposes typical features of recently appeared LSPs and presentations of new dictionaries projects of different subject areas This part reveals international nature of current tendencies in terminology studies and shows the national ways of their functioning and presentation in special dictionaries

Anglicisms around the Globe Henrik Gottlieb, Anabella-Gloria

Niculescu-Gorpin, Alicja Witalisz, Keisuke Imamura, Jaime W. Hunt, 2025-11-14 This collection explores the global impact of English through fact based and contrastive analyses of different types of Anglicisms across a wide range of languages This volume showcases the ways in which contact induced language change operates across several different languages simultaneously This approach allows for an examination of similarities and differences in the adaptation processes of English models in languages with differing phonetic morphological syntactic and writing systems Drawing on data from the Global Anglicism Database GLAD the first multilingual repository featuring lexical and phraseological Anglicisms chapters look not only at visible Anglicisms such as augmented reality or easy listening which reflect their English origin but also at invisible Anglicisms cases in which English expressions are translated verbatim and cases when words in a recipient language change their meaning due to English influence This volume offers a multi layered perspective on how Anglicisms develop and blend into different languages and readers are presented with a nuanced understanding of contact induced language change This

book will appeal to students and scholars interested in language contact World Englishes language policy and planning
bilingualism and lexicography
