

So if you care to find me/Look to the western sky/As someone told
me lately/Everyone deserves the chance to fly!/And if I'm flying
solo/At least I'm flying free/Tell those who'd ground me/Take a
message back from me/Tell them how I am defying gravity!/I'm flying
high defying gravity/And soon I'll match them in renown./And nobody
in all of Oz/No Wizard that there is or was/Is ever gonna bring me
down!/

Comande, 2024-10-02 Halley's Comet circles our sun on an average of every 74-79 years with many orbits being closer to 76 years Most people get a once in a lifetime chance to see it while there are the fortunate few who have the opportunity to experience seeing Halley's Comet twice in a lifetime In December of 2023 as Halley's Comet was approaching the far reaches of our solar system and its furthest distance from our sun after it last rounding it in 1986 Nick Comande discovered the notes he kept when tracking Halley's Comet during its 1985-86 visit He decided to share his observations and excitement from the 6 months he followed the comet during the different stages of its journey in what he now calls *My Comet Tales*

My Li'l Paradise D. A. Koelbransen, 2010-10 **A Dream Impossible!** Brian S. Langton, 2006-01-09 After I had published my first book *A First Step Understanding Guillain Barré Syndrome* it occurred to me that the dream sequences described in that book

would make for an interesting read on their own as a collection of short but impossible stories Thus were sewn the seeds for this publication The postscripts that have been added are included to assist readers who have not read the earlier book and who therefore may not have a full understanding of the circumstances I found myself in During my seven month confinement in Intensive Care on a ventilator for breathing assistance diagnosed with severe acute chronic Guillain Barr Syndrome sometimes referred to in its abbreviated form as GBS I experienced many dreams and hallucinations some of which are described in the book The medications I was taking the inability to distinguish between night and day being thrust into an unfamiliar environment or something inherent in the disease itself may have been the cause Although these dreams are not necessarily in the sequence in which I dreamed them it is possible to connect them to certain events or phases of my illness Initially I was paralysed from my toes up to my eyebrows This did not appear to inhibit my mobility in some of the dreams though One moment I was in a wheelchair the next flying an F16 fighter jet even though I had never flown before other than as a fare paying passenger I found these episodes much more intense than the garden variety dream In fact most seemed so real that sometimes it was difficult if not impossible to separate them from reality Every effort has been made to keep the original story lines It must of course be understood there were a few although very few grey areas and only in those situations have I linked different parts of the story by the logical threads suggested by circumstances For the most part my recall of these dreams was total Except for my relatives the names used to identify characters are fictitious and used to enable the reader to follow the thread of the story In these sequences any similarity to any person living or deceased other than in the case of the exception noted is entirely coincidental and unintended I hope you enjoy your read The Author A
