Look Back To Earth:

2012...The Year Jesus (Yeshua) Finally Came Back to Earth Dante P. Chelossi Jr,2012-09-13 This controversial subject matter about the return of Jesus Yeshua to earth in modern times to come face to face with humanity once again after almost twenty centuries has been something thought about and anticipated by millions of people since the time of his physical departure There is also the human curiosity about what would happen if and when he did actually return to earth There have been many times when this event was predicted over the centuries about when he would arrive and every time it did not happen Patience and faith still continued afterwards after much disappointment of the believers This hope of his return is embedded within the souls of millions of people on our planet Even though this story in this book is fiction it will still make the reader wonder about how he or she would react if someone were to show up one day in the near future on a world stage and declare that he is indeed the very same man that modern day people call Jesus Yeshua who was crucified on a wooden cross almost two thousand years ago by the Romans Certainly unarguable proof from this man claiming to be Jesus Yeshua would need to be so utterly convincing that even nonbelievers who are not necessarily religious would be convinced without argument The author will be able to show an event that he has created in this book and prove to anyone that if this event were to actually happen before their eyes it would be hard for them to deny that this person is in fact who he claims to be This event is so extraordinary and unbelievable that denial that this person is Jesus Yeshua would be impossible **NASA Magazine** United States. Death of All Life on Earth Iii Don McComber,2020-04-30 Early in the Period of Death the drug cartels of Central America and northern South America welcomed the millions of people from the north into their gigantic pens from which there was no escape The pens were dozens of miles on a side it was hell on earth as the only thing there was to eat was each other The gangs survived the apocalypse by trading killing and eating these millions of victims And when the captives were gone the gangs ate each other But some survived

Between Heaven and Earth Steve Berger,2014-03-04 Be Transformed by a Glimpse of Paradise What will heaven be like What will we do Who will we see How can I become more excited about heaven as my true home Is it possible that knowing more about heaven will result in greater joy and purpose in my daily life It s not easy separating fact from fiction when it comes to heaven nor is it always easy to see how the afterlife can affect our lives today After a car accident caused his nineteen year old son to unexpectedly enter heaven Pastor Steve Berger chose to reject despair and commit himself to carefully studying his son s new eternal home He had no idea how much there was to learn and his life hasn t been the same since This biblical and deeply personal study of heaven will give you hope for the future But more than that it will show you what it means to live

today in light of the reality of heaven If your view of heaven isn't life changing it needs to be adjusted Let Pastor Berger's exploration of eternity fill you with overflowing hope courage and purpose Sometimes we feel stuck stuck between the hope of heaven and the pain of this world In *Between Heaven and Earth* my friend Steve Berger shows us how to not only live in that tension but how and why we should embrace it Dave Ramsey New York Times bestselling author and nationally syndicated radio show host I grew up hearing people say Some Christians are so heavenly minded they are of no earthly good Nowadays it seems like the church has become so earthly minded we're of no heavenly good In *Between Heaven and Earth* my friend Pastor Steve Berger shows us the absolute necessity of having a heavenly mind set Colossians 3:1-2 in order to make a real difference in people's lives while we remain on earth Embrace the truths of this book learn how to have your heart in heaven and your hand in the harvest It's one decision you'll never regret Jeremy Camp When my friend Steve Berger talks about heaven I sit up and listen I've walked with Steve as he's faced the trials of this life and I've observed how he has emerged with a deeper faith and love for the Father and the people around him What he has taught me makes me long for heaven It also makes me want to spend my time on earth making a difference and finishing well Michael W Smith A beloved pastor and teacher Steve Berger taught for years on the reality of heaven even as we serve Christ on earth never knowing that one tragic event would bring both realities irrevocably into sharp focus in a moment Some of God's greatest mysteries are wrapped up in tragedy but the tear stained wisdom mined in that darkness is a gift to us all In this marvelous book heaven will become a greater reality even as we are invited to live our lives on earth with greater passion Sheila Walsh author of *The Storm Inside* Steve has a rich compelling perspective on Glory that will give you fresh grace to lean into the perfect love of Jesus today Therefore I encourage readers not to stop at just one instead buy a whole case of these puppies and pass them out to all your friends and family Lisa Harper author Bible teacher and Women of Faith speaker In stark contrast to the Bible and the whole of Christian history today's believers think little about heaven and much about the comforts challenges and distractions of this life In this much needed corrective Pastor Steve Berger challenges and equips us to be more heavenly minded so we can in fact be more earthly good Michael Hyatt New York Times bestselling author

contributions to the current debate on ecology ecoethics and ecotheology to provide a responsible forum within which the suppressed voice of Earth may be heard and impulses for healing Earth may be generated The project explores text and tradition from the perspective of Earth employing a set of ecojustice principles developed in consultation with ecologists suspecting that the text and or its interpreters may be anthropocentric and not geocentric but searching to retrieve alternative traditions that hear the voice of Earth and value Earth as more than a human instrument The lead article in Volume V is a reflection in responses to the ecojustice principles employed in the hermeneutic of the project Several articles offer insights into New Testament texts that seem to devalue Earth in favour of heaven The final article by Barbara Rossing challenges the popular apocalyptic notion that in the new age Earth will be terminated A feature of this volume is a dialogue between Norman Habel who argues that John One seems to devalue Earth and two respondents Elaine Wainwright and Vicky Balabanski who is coeditor of this volume with Norman Habel 1 *The Living Age* ,1905
