Durham,2024-08-13 A TALE OF GOOD VS EVIL UNLIKE ANY OTHER Traverse through Arrdus with Silla Omega and company on an adventure rife with

hardships hope despair love and magic Can Silla a seemingly normal woman in her early twenties take on her predestined role of Goddess and survive Can Silla locate and protect the precious powerful items of her predecessors Many opposing forces exist The Faithful most fervent followers of the seven gods and goddesses have for millennia crusaded against the Goddess reincarnations Though they are vast in number and influence perhaps they pale in comparison to another of Silla's future foes Faulk far to the northeast in his walled in nation has been putting into motion plans of catastrophic evil that will test both Silla and Omega in more ways than they yet know There are many characters worth falling in love with but it is impossible to say who will survive and who will perish *Wave of Terror* Theodore Odrach, Emma Odrach, T.F.

Rigelhof, 2008-01-01 This novel is a major literary discovery and Odrach is drawing favorable comparisons with such eminent writers as Chekhov and Solzhenitsyn Odrach wrote in Ukrainian while living an exile's life in Toronto This remarkable book is a microcosm of Soviet history and Odrach provides a first hand account of events during the Stalinist era that newsreels never covered It has special value as a sensitive and realistic portrait of the times while capturing the internal drama of the characters with psychological concision Odrach creates a powerful and moving picture and manages to show what life was really like under the brutal dictatorship of Stalin and brings cataclysmic events of history to a human scale Littell's Living

Age Eliakim Littell, Robert S. Littell, 1884 **Backpacker**, 2001-10 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured

Looking for de Soto Joyce Rockwood Hudson, 2012-02-01 In 1984 Joyce Rockwood Hudson accompanied her husband anthropologist Charles Hudson on a 4 000 mile trek across the Southeast His objective was to retrace and verify the route taken by Hernando de Soto four and a half centuries earlier The effort would bring into question and ultimately supplant much of what was earlier thought to be the course of the Spanish explorer's journey This is the journal Joyce Hudson kept during that trip A kind of scholar's version of Blue Highways the book is a warmly humane and almost daily account of the people the Hudsons met the places they saw and the things they did as they searched for De Soto's trail beneath railroad tracks and two lane blacktops along riverbanks and mountain ridges Thus it is largely a travel story about rural and small town life in eleven states from Florida to Texas Descriptions of the region's everchanging terrain vegetation and climate fill the book colored at times by Joyce Hudson's troubled musings about Americans increasing disconnectedness from the land and irreverence for the past Conveying the rewards and frustrations of lives spent in painstaking scholarly inquiry Looking for De Soto also offers a firsthand glimpse into the daily work of anthropologists and archaeologists the exchanges of ideas the ventures through swamps and down deeply rutted farm roads the endless porings over maps charts and notes As if

writing a detective story the author suspensefully paces the narrative with the accrual of geographical artifactual and documentary evidence punctuating it with false leads and other setbacks as mile after mile of the trail is redrawn The story even has its villains pothunters and private collectors the builders of canals and dams that alter the courses of rivers and inundate ancient village sites and the owners of corporate farms who have leveled and eradicated ceremonial mounds with their massive agricultural machinery Finally a sense of the headlong cultural collision between Europeans and Native Americans pervades the book De Soto and his six hundred conquistadores were the first Europeans to explore the interior of the southeastern United States and the only ones to witness its aboriginal society at its zenith Hudson s evocation of this encounter so central to the history of the New World may well send readers on their own excursions into the past Looking for De Soto is a fascinating journey through today s South illuminated by a richly informed perspective on its earlier days
