Sondheim, 2011-11-22 The second volume of Sondheim s collected lyrics is both a remarkable glimpse into the brilliant mind of a legend and a continuation of the acclaimed and best selling *Finishing the Hat* Picking up where he left off in *Finishing the Hat* Sondheim gives us all the lyrics along with excluded songs and early drafts of the Pulitzer Prize winning *Sunday in the Park with George* *Into the Woods* *Assassins* and *Passion* Here too is an in depth look at the evolution of *Wise Guys* which subsequently was transformed into *Bounce* and eventually became *Road Show* Sondheim takes us through his contributions to both television and film some of which may surprise you and covers plenty of never before seen material from unproduced projects as well There are abundant anecdotes about his many collaborations and readers are treated to rare personal material in this volume as Sondheim includes songs culled from commissions parodies and personal special occasions such as a hilarious song for Leonard Bernstein s seventieth birthday As he did in the previous volume Sondheim richly annotates his lyrics with invaluable advice on songwriting discussions of theater history and the state of the industry today and exacting dissections of his work both the successes and the failures Filled with even more behind the scenes photographs and illustrations from Sondheim s original manuscripts *Look I Made a Hat* is fascinating devourable and essential reading for any fan of the theater or this great man s work Debates of the Senate of the Dominion of Canada Canada. her confusion humor and anger toward the strange world of emergency street medicine As her career on the ambulance progressed she found herself taking notes on scraps of paper the backs of gloves and in the margins of EKG printouts She listened to her patients stories left food out for their pets and turned off the stove under their oxtail stews Once she read half a poem left in a dead woman s typewriter She learned about the history that brought ambulances into their current role as the caretakers of society s forgotten and spoke to her colleagues about their own experiences and perspectives Those reflections are collected here in a series of raw powerful essays about the state modern healthcare Sokol s life as a paramedic took her to three different counties the casinos and trailer parks of the Nevada desert the cozy beach town of Santa Cruz and eventually the crowded tenements of San Francisco s Tenderloin district There are no clear villains or heroes in Sokol s world only a group of patients and medics who are doing their best in a deeply broken system Combining impactful research compassionate reflections on her most memorable patients and the strong voices of her fellow paramedics Sokol takes readers deep into the everyday reality of 911 first responders offering insight empathy and a reminder of both the power and limitations of care
