comparison between the Torah Kabbalah and science books I started on this subject following a personal crisis I had the opportunity of seeing people and phenomena beyond those experienced in the daily life Go out of Egypt I was told The meaning of it was to step out of the material routine and start dealing with spirituality I tried to examine all new information and study on the topic of the creation of the world and the connection between the Torah and science I searched for proofs to this connection in the most thorough way possible Was the world created by accident or with an initial thought What was the world created for Is the Big Bang the beginning of creation or was the world created much earlier What is the universe made of What maintains it What will happen to the universe in the future When was man created Was man created from the monkey Is there any kind of connection between all of humanity How can you even research creation Can you possibly prove the existence of God How can you even reach Him Who can provide answers to that The answers to these questions are hidden in the Torah The Torah is a secret language The Hebrew word for world Olam hints on the words Hidden Ha alem Ne lam Scientists study the world every day and the results of their studies are surprisingly similar to the prophecies of the Torah Jewish thinkers world intellectuals and tzadikim are able to find a connection with the hidden worlds They told us that there is a Creator to the world God The world was created with initial thought The thought of creation Man has a special and unique role in the world to connect with the Creator by thinking of and helping his fellow men Love your neighbor as yourself The nation of Israel is a bridge that connects the material world with the Creator Will we successfully climb the right bridge Will man connect the world and humanity Will the nation of Israel successfully carry out its task Love your neighbor as yourself this is how the soul is built Let s connect to it Good luck

The City of God and the Goal of Creation T. Desmond Alexander, 2018-01-16 For here we have no lasting city but we seek the city that is to come Hebrews 13 14 At the very heart of God s plan for the world stands an extraordinary city Beginning with the garden of Eden in Genesis and ending with the New Jerusalem in Revelation the biblical story reveals how God has been working throughout history to establish a city filled with his glorious presence Tracing the development of the theme of city in both testaments T Desmond Alexander draws on his experience as a biblical scholar to show us God s purpose throughout Scripture to dwell with his redeemed people in a future extraordinary city on a transformed earth Part of the Short Studies in Biblical Theology series **The Mosaic Account of Creation** William Dalrymple, 1794 *The Six Days of Creation* William Graeme Rhind, 1855 *The Real Story of Creation* Willie J. Alexander, 2012-11-30 In his first book *Entering The Promised Land* Willies quest to understand how embedded social biases affect business success led to a much broader revelation Religious Scholar by training Willies source for study was biblical Scripture In the course of his research he literally stumbled upon a new methodology for biblical study He named this new tool the Defined Word Approach Much to his surprise by using this tool he found a rich cultural heritage for individuals of African descent hence the title *Entering The Promised Land* In his latest writing *The Real Story of Creation* Willie lays out an entirely new perspective on Creation as recounted in the Holy Bible Using the Defined Word Approach he

breaks down the meaning of the classical Hebrew words used to write the Scripture The take away is vastly different from the biblical teachings of the past two centuries Willie feels that using the Defined Word Approach to read and understand the Bible could be the impetus for re energizing religious study and understanding Willie continues to pursue his research and writing while providing leadership and guidance through his service and active participation in industry business and civic associations

Creation of the Universe Srikanth s, Important modern scientific truths lie hidden in the highly colourful and symbolical language of the Vedas Brahma does not mean the theological object of worship but it means atomic state which pervades in 58 digits The ancients measured distances not even in astronomical light years that proved inadequate but in number of digits Hiranyaksha should not be taken as a demon It indicates gravitational power of the molten matter inside the earth Dhaataa or Brahmaa is a star standing at a distance of 39 digits and Sarasvatee is its cosmic energy The Universe as a whole is contracting The Earth began to cool 1 000 000 000 000 1 followed by 12 zeroes years ago Universe will go on contracting till it finally collapses in 33 digits of years according to our planet Om is not a mere sound but an actual cosmic state which comes into being when at the initial stage the three Gunas of Prakriti give rise by their interaction to the four states of matter called the charges atomic molecule and particle states and consequently has dimensions like a concrete substance Gods are stars with supernatural powers such as the cosmic rays attraction repulsion etc Shiva and Paarvattee are the names given to the spiritual and material aspects

The Voice of Creation J. Hudson Mitchell,2016-02-16 This book is a compendium of insights from sermons and books of great preachers of the Word of God It illuminates how God created the world in six days following His blueprint It reveals

that man is created in the image of God It explains the significance of the nation of Israel in God s divine program It discloses the origin and effect of sin on all of humanity It disputes the atheistic opinions of the existence of God It concludes with the fulfillment of God s plan as the King of Kings of the combined heaven and earth in the New Jerusalem This book was written with the guidance of the Holy Spirit to bring some light to this darkening world As Perry Como s song goes It is better to light just one little candle than to stumble in the dark *The Neptunian, or Water Theory of Creation* J. M.

Woodman,2021-11-05 In *The Neptunian or Water Theory of Creation* J M Woodman presents a provocative examination of the cosmic role of water in the formation of the Earth and the origins of life Through a meticulous blend of scientific inquiry and philosophical musings Woodman navigates the intersection of 18th century natural philosophy and emergent geological theories challenging the prevailing paradigms of creationism His literary style is marked by a rigorous yet accessible prose drawing upon analogies and empirical observations that illuminate the immense significance of water in both geological processes and the sustenance of life J M Woodman whose interdisciplinary background in geology and philosophy informs his compelling arguments was deeply influenced by the Enlightenment s emphasis on rational inquiry and empirical evidence His scholarly pursuits reflect a desire to bridge the gap between established theological beliefs and the revolutionary scientific discoveries of his time This book serves as a testament to Woodman s commitment to expanding the understanding of creation through a lens of innovative thought embodying the spirit of his era s intellectual ferment For readers intrigued by the confluence of science and philosophy *The Neptunian or Water Theory of Creation* offers a unique perspective that invites contemplation on the elemental forces that shape our world Woodman s engaging narrative not only enriches our understanding of geological history but also challenges us to reassess the foundations of creation narratives making it essential reading for scholars and casual readers alike **The Christian Doctrine of Creation and Redemption** Emil

Brunner,2014-10-10 **The Mosaic account of Creation ... illustrated; or, A humble walk with God** William

Dalrymple,1794 *AGES OF CREATION* Roger Rali,2013-05 Understanding the dimensions and mechanics of the bible is far crucial in understanding of the bible itself Fresh and new revelations will be like links on the chain when you read the bible from cover to cover with this very nature in mind Bible is no different to the concept of a jigsaw puzzle All the individual 66 books and epistles that sum up the bible are incomplete in its individuality You can find that missing jigsaw piece nowhere but within the vicinity of the bible itself For instance Genesis without the other 65 books and epistles is incomplete and so forth Oracles in the bible are scattered and blended with other testimonial experience so that an ordinary mind will look but shall not see and listen but cannot hear The Pharisees High Priests and the Jewish authorities opposed and rejected Jesus for their lack of awareness about the dynamics of the bible You are very blessed for discovering this GOLDEN SECRET about the divinity of the bible Moreover the bible is an encyclopedia of its own having answers to its own questions and all the questions mankind can ever think of In other words bible itself is the absolute and divine meaning of COMPLETION lacking

nothing In it is fullness of life health wealth prosperity authority and power without lack of any kind for it is a piece of God s mind and heart constrained to mankind s calling and thinking cap In God is fullness of life so shall be it for His inspired book of all times The Holy Bible **Judaism's Story of Creation** Jacob Neusner,2021-09-06 During the formative age of Judaism the first seven centuries CE the great rabbis thought deeply about beginnings in light of endings They imposed upon their sequential reading of each passage the accumulated results of their reflection about all passages Thus they encompassed Scripture so as to describe the world as God had intended it to be This act of intellect resulted in two distinct ahistorical media of thought and expression the Halakhah law and Aggadah lore The author provides three systematic accounts of the Halakhic reading and two Aggadic accounts The Halakhic accounts cover 1 Work and Rest 2 Ownership and Possession Eden and the Land and 3 Ownership and Possession in the Household The Aggadic accounts pertain to 1 the Six Days of Creation and 2 Adam and Eve
