BELIEVE HIS PROPHETS PRO PER Author Watchman and Kingdom Economics Teacher D Arcy G Raboteau connects the principle of 2 Chronicles 20 20 to the life of Joseph in Genesis 41 and reveals how His prophets hold the keys to the economic prosperity of nations especially during times of severe famine This volume is a treasure chest filled with revelation knowledge and Kingdom economic principles that will prophetically empower kings presidents CEO s industry leaders and the Church today with Supernatural prosperity and wealth **Dreams in Early Modern England** Janine

Riviere,2017-04-28 Dreams in Early Modern England shows the variety and complexity of the early modern English discourses on dreams from the role of dreams and dream theory in framing religious scientific and philosophical debates to the way that dreams continued to offer important spiritual and supernatural guidance and lastly how ordinary people exercised agency over their lives through interpreting and using dreams While today we tend to conceptualize dreams and dreaming as largely psychological this study shows how early modern people understood dreams and dreaming as many different things most significantly as political religious medical philosophical and supernatural *Manning the Law* Ngaire

Naffine,2025-09-18 This is a study of elite English men of English law and the methods they used to retain and justify their power and privilege through controlling the story of the legal person It looks at how these men of legal authority thought of themselves and their institution how they studied and explained law and how they put themselves in the middle of it as the standard human in need of legal regulation and protection and in charge of that regulation and protection and assigned to women an inferior legal role and being The main strategy used to do all this was manipulation of the concept of the legal person From the 1860s to the 1920s the courts declared that women were not persons who could exercise public power to vote to sit in Parliament to gain degrees to be lawyers Up to the end of the 20th century and into the 21st women s personhood remained precarious in the private sphere for rape was excused within a marriage and female reproduction remained under state control as it still does The book examines the active exclusion of women from the means of making legal meaning especially the ability to shape law s central concept and shows the epistemological effects of this sex differential of legal power which are still felt today Leading legal thinkers who helped to masculinise the concept of the person to the detriment of women are still revered Law s continuing male orientation is neither seen nor acknowledged and the legal person is treated falsely as if he had always been and remains anyone *Who's who in Horror and Fantasy Fiction*
