Lost Films Of John Wayne:

The Lost Films of John Wayne Carolyn McGivern, 2004 Hollywood icon John Wayne created a personal treasure trove of films during a fifty year career spanning 1926-1976. Today over twenty years after his death scarcely an hour goes by without one of them appearing somewhere in the world's TV listings. Thankfully for the fans only a handful remain unobtainable in an era of remastered miracles and out of all the movies he made post 1939 just two are retained the last remaining prints of both apparently damaged. For whatever reason neither one has been made available since soon after their original 1950s distribution. *ISLAND IN THE SKY* and *THE HIGH AND THE MIGHTY* are an unusual pair of aerial films shot and screened when Wayne's westerner and war hero image were reaching their zenith. This book looks at both films in some depth and includes many fascinating photographs and production details. Director William A. Wellman a Hollywood legend in his own right the rich array of stars of both movies Ernie Gann the writer of both the novels on which the films are based and of course John Wayne's dual roles as producer and star of both movies are all investigated thoroughly. This is McGivern's second book concentrating on John Wayne. The first *A GIANT SHADOW* (1954) looked at the man this one at two films that most of his fans may treasure in their memories but certainly won't have seen for many years. Gone but not forgotten. It attempts to uncover the murky history of the films since the 1950s and takes a hopeful peak at a prospective future as more and more lost films are rediscovered in Hollywood. Early next year John Wayne's two lost films *Island in the Sky* and *The High and the Mighty* are being released on DVD. Leonard Maltin has called these two films *The Holy Grails of Hollywood* to be seen again for the first time in over 40 years.

Lone Pine and the Movies Richard Bann, Don Kelsen, 2018-09-09 With this issue of *Lone Pine and the Movies* we are diverging from our normal policy of presenting a variety of articles on Western films and personalities or *Lone Pine* as a major location for filming these Westerns to devote the entire issue to one film Republic Pictures *The Oregon Trail*. Why this particular film a B Western not even a stand alone but number four in a series of eight pictures scheduled for release in Republic's 1935-1936 season of Saturday matinee double features.

John Wayne Michael Munn, 2005-03-01 A rare behind the scenes look at John Wayne the legend hero and Hollywood icon of numerous epic Western films including an Academy Award winning performance in *True Grit*. No legend ever walked taller than The Duke. Now author Michael Munn's startling new biography of John Wayne sets the record straight on why Wayne didn't serve in World War II on director John Ford's contribution to Wayne's career and the mega star's highs and lows three failed marriages and two desperate battles with cancer. Munn also discloses publicly for the first time Soviet dictator Josef Stalin's plot to assassinate Wayne because of his outspoken potentially influential anti Communist views. Drawing on time spent with Wayne on the set of *Brannigan* and almost 100 interviews with those who knew him Munn's rare behind the scenes look proves this absolute all time movie star was as much a hero in real life as he ever was on screen.
