Lost Highways:

Lost Highways, Embodied Travels: The Road Movie in American Experimental Film and Video Kornelia Boczkowska, 2023-02-06 Often identified as one of the most genuine and enduring American film genres the road movie has never been explored in the context of experimental filmmaking To fill this gap *Lost Highways Embodied Travels* provides the first book length study of over eighty unique and often obscure films and videos and situates them within the corporeal turn in American avant garde cinema so far mostly associated with body genres and sexually explicit films Drawing on unpublished archival materials the book offers a fresh take on both past and current practices of the experimental film community for scholars students makers and film buffs *Detours and Lost Highways* Foster Hirsch, 1999 *Detours and Lost Highways* begins with the Orson Welles film *Touch of Evil* 1958 which featured Welles both behind and in front of the camera That movie is often cited as the end of the line noir's rococo tombstone the film after which noir could no longer be made or at least could no longer be made in the same way It is my belief Hirsch writes that neo noir does exist and that noir is entitled to full generic status Over the past forty years since noir's often claimed expiration it has flourished under various labels Among the movies he discusses as evidence *Chinatown* 1974 *Body Heat* 1981 John Woo's *Hong Kong blood ballets* e g *The Killer* 1989 and the pulpy oeuvre of Quentin Tarantino *Washington Post Book World* *Lost Highway* Tom Fowler, 2021-10-19 She's missing and she'll soon be completely gone For John Tyler the clock is ticking While waiting for his new car repair shop to open Tyler takes a job at an old friend's urging He'll be on the protection detail for pop singer Alex Anne It's a simple job until it all goes sideways When Alex Anne disappears Tyler ignores the official investigation and launches his own He discovers a notorious group of traffickers targeted the singer to sell her to the highest bidder After Tyler goes after the cabal they soon learn his very pretty daughter is in college nearby With time running short Tyler strikes at the heart of the group's operation before they can disappear with a plane full of missing girls He'll have to take on all their men by himself Good thing he never cared about the odds *Lost Highway* is the third novel in the John Tyler action thriller series It's perfect for readers who like their thrillers with plenty of action a little humor and a little heart ***Lost Highway (Enhanced Edition)*** Peter Guralnick, 2013-12-03 This masterful exploration of American roots music country rockabilly and the blues spotlights the artists who created a distinctly American sound including Ernest Tubb Bobby Blue Bland Elvis Presley Merle Haggard and Sleepy LaBeef In incisive portraits based on searching interviews with these legendary performers Peter Guralnick captures the boundless passion that drove these men to music making and that kept them determinedly and sometimes almost desperately on the road This enhanced edition includes Exclusive video footage prepared specifically for the enhanced eBook that has never been seen before Rare audio clips ***Times of Hate, Times of Joy, Lost Highway*** Summerisle, 2005-12 First 720 pages of *Lost Highway* *Times of Hate Times of Joy* website at <http://leftthought.blogspot.com> Deals with practically everything in the political and philosophical and cultural spectrum Goes from traditional

socialist themes to counter culture to libertarian socialism and anarchism to thoughts on religion to the exploration of obscure but important philosophical movements and figures and how their ideas figure into today's world Talks a lot about history and explores parallels between different historical epochs Includes the evaluation of the present day as threatening to veer into fascism and looks at what some of the structural and economic causes of this veering into could be why in the post 9 11 world this is more likely to happen Everything is mixed in together and because it's large format this is actually much bigger than a conventional 720 page book this is more like a 900 page conventional format book and that's only the first 2 years four months of the website

Gothiniad Surazeus Astarius, 2017-10 Gothiniad of Surazeus Oracle of Gotha presents 150 792 lines of verse in 1 948 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 1993 to 2000

Hillbilly Highway Max Fraser, 2025-02-25 The best book to explain the world J D Vance came from is Max Fraser's Hillbilly Highway Jessica Wilkerson author of To Live Here You Have to Fight How Women Led Appalachian Movements for Social Justice Over the first two thirds of the twentieth century as many as eight million whites left the economically depressed southern countryside and migrated to the booming factory towns and cities of the industrial Midwest in search of work The hillbilly highway was one of the largest internal relocations of poor and working people in American history yet it has largely escaped close study by historians In Hillbilly Highway Max Fraser recovers the long overlooked story of this massive demographic event and reveals how it has profoundly influenced American history and culture from the modern industrial labor movement and the postwar urban crisis to the rise of today's white working class conservatives The book draws on a diverse range of sources from government reports industry archives and union records to novels memoirs oral histories and country music to narrate the distinctive class experience that unfolded across the Transappalachian migration during these critical decades As the migration became a terrain of both social advancement and marginalization it knit together white working class communities across the Upper South and the Midwest bringing into being a new cultural region that remains a contested battleground in American politics to the present The compelling story of an important and neglected chapter in American history Hillbilly Highway upends conventional wisdom about the enduring political and cultural consequences of the great migration of white southerners in the twentieth century

The Philosophy of the Coen Brothers Mark T. Conard, 2009-01-01 Many critics agree that Joel and Ethan Coen are one of the most visionary and idiosyncratic filmmaking teams of the last three decades Combining thoughtful eccentricity wry humor irony and often brutal violence the Coen brothers have crafted a style of filmmaking that pays tribute to classic American movie genres yet maintains a distinctly postmodern feel Since arriving on the film scene the Coens have amassed an impressive body of work that has garnered them critical acclaim and a devoted cult following From Raising Arizona and Fargo to O Brother Where Art Thou and No Country for Old Men the Coens have left an unmistakable imprint on Hollywood The Philosophy of the Coen Brothers investigates philosophical themes in the works of these master filmmakers and also uses their movies as vehicles to

explore fundamental concepts of philosophy The contributing authors discuss concepts such as justice the problem of interpretation existential role playing the philosophy of comedy the uncertainty principle and the coldness of modernity The Philosophy of the Coen Brothers is not just for die hard Lebowsky Fest attendees but for anyone who enjoys big ideas on the big screen *The Best Places You've Never Seen: Pennsylvania's Small Museums: A Traveler's Guide* , **The Highway Horror Film** Bernice M. Murphy,2014-03-12 The Highway Horror Film argues that Highway Horror is a hitherto overlooked sub genre of the American horror movie In these films the American landscape is by its very accessibility rendered terrifyingly hostile and encounters with other travellers almost always have sinister outcomes **Fate and Freedom in the Novels of David Adams Richards** Sara MacDonald,Barry Craig,2017-05-04 This book explores the understanding of freedom developed in the later novels of celebrated Canadian author David Adams Richards Many reviewers highlight two interconnected features in Richards novels a seemingly rigid determinism of setting and sociodemographics and a resulting hopelessness In contrast Richards describes the quest of human life and the purpose of his novels as a search for freedom This book explores the account of freedom that is developed through the course of four of Richards's works The Friends of Meager Fortune Mercy Among the Children The Lost Highway and Crimes Against My Brother Following the Augustinian thread that informs Richards's writing we argue that rather than presenting an understanding of human life that is bleak or hopeless Richards instead reveals an argument wherein one's happiness and freedom is found in the midst of love **Film Remakes** NA NA,2016-10-03 This is the first book to provide a comprehensive and systematic account of the phenomenon of cinematic remaking Drawing upon recent theories of genre and intertextuality Film Remakes describes remaking as both an elastic concept and a complex situation one enabled and limited by the interrelated roles and practices of industry critics and audiences This approach to remaking is developed across three broad sections the first deals with issues of production including commerce and authors the second considers genre plots and structures and the third investigates issues of reception including audiences and institutions Architecture in Cinema Nevnihal Erdoğan,Hikmet Temel Akarsu,2024-04-26 In Architecture in Cinema more than 40 architects writers thinkers and academicians examine the magnificent works of cinema that contribute to the art of architecture and bring them to the attention of the architectural community The contributors have compiled essays on fifty masterpieces of classic and contemporary cinema including films such as The Cabinet of Dr Caligari Ben Hur The Lord of The Rings trilogy Nomadland and more The book aims to stimulate the imagination of readers and offer approaches to understanding fantasy sociological concepts ecological problems and political ideas The contributors also focus on the elements of creativity such as utopian or dystopian themes aesthetics and artistry Architecture in Cinema is an informative reference for anyone interested in how architecture is featured in the cinematic medium Scholars of architecture urban planning fine arts humanities social sciences and various design disciplines will also find the book refreshing Driving Visions David Laderman,2010-01-01 From the visionary rebellion of Easy Rider

to the reinvention of home in *The Straight Story* the road movie has emerged as a significant film genre since the late 1960s able to cut across a wide variety of film styles and contexts Yet within the variety a certain generic core remains constant the journey as cultural critique as exploration beyond society and within oneself This book traces the generic evolution of the road movie with respect to its diverse presentations emphasizing it as an independent genre that attempts to incorporate marginality and subversion on many levels David Laderman begins by identifying the road movie's defining features and by establishing the literary classical Hollywood and 1950s highway culture antecedents that formatively influenced it He then traces the historical and aesthetic evolution of the road movie decade by decade through detailed and lively discussions of key films Laderman concludes with a look at the European road movie from the late 1950s auteurs through Godard and Wenders and at compelling feminist road movies of the 1980s and 1990s

Southern Crossings Daniel Cross Turner, 2012-08-30 Daniel Cross Turner has made a key contribution to the critical study and appreciation of the diverse field of contemporary Southern poetics *Southern Crossings* crosses a gulf in contemporary poetry criticism while using the idea or ideas many and contrary of Southernness to appraise poetries created from the profuse tangled histories of the region Turner's close readings are dynamic even lyrical He offers a new understanding of rhythm's central place in contemporary poetry while considering the work of fifteen poets Through his focus on varied yet interwoven forms of cultural memory Turner also shows that memory is not in fact pass The way we remember has as much to say about our present as our past memory is living shifting culturally formed and framed This is a valuable and important book that entwines new visions of poetic forms with forms of regional remembrance and identity Natasha Trethewey Pulitzer Prize winner and author of *Native Guard* Poems Offering new perspectives on a diversity of recent and still practicing southern poets from Robert Penn Warren and James Dickey to Betty Adcock Charles Wright Yusef Komunyakaa Natasha Trethewey and others this study brilliantly illustrates poetry's value as a genre well suited to investigating historical conditions and the ways in which they are culturally assimilated and remembered Daniel Cross Turner sets the stage for his wide ranging explorations with an introductory discussion of the famous Fugitive poets John Crowe Ransom Allen Tate and Donald Davidson and their vision of a constant southernness that included an emphasis on community and kinship remembrance of the Civil War and its glorified pathos of defeat and a distinctively southern white voice Combining poetic theory with memory studies he then shows how later poets with their own unique forms of cultural remembrance have reimagined and critiqued the idealized view of the South offered by the Fugitives This more recent work reflects not just trauma and nostalgia but makes equally trenchant uses of the past including historiophoty the recording of history through visual images and counter-memory resistant strains of cultural memory that disrupt official historical accounts As Turner demonstrates the range of poetries produced within and about the American South from the 1950s to the present helps us to recalibrate theories of collective remembrance on regional national and even transnational levels With its array of new insights on poets of considerable reputation six of the

writers discussed here have won at least one Pulitzer Prize for poetry Southern Crossings makes a signal contribution to the study of not only modern poetics and literary theory but also of the U S South and its place in the larger world Daniel Cross Turner is an assistant professor of English at Coastal Carolina University His articles which focus on regional definition in national and global contexts and on aesthetic forms potential to record historical transitions appear in edited collections as well as journals including Genre Mosaic the Southern Literary Journal the Southern Quarterly and the Mississippi Quarterly

The Road Movie Neil Archer, 2016-01-12 Though often seen as one of America's native cinematic genres the road movie has lent itself to diverse international contexts and inspired a host of filmmakers As analyzed in this study from its most familiar origins in Hollywood the road movie has become a global film practice whether as a vehicle for exploring the relationship between various national contexts and American cinema as a means of narrating different national and continental histories or as a form of individual filmmaking expression Beginning with key films from Depression era Hollywood and the New Hollywood of the late 1960s and then considering its wider effect on world cinemas this volume maps the development and adaptability of an enduring genre
