Kangchenjunga and Other Stories Robert Halsey,2014-09-19 Halsey is an active member of a creative writing group called Tapestry that operates out of the Cockburnshire Library in Spearwood Western Australia Kangchenjunga and Other Stories is a collection of insights derived mainly from the troubled world in which he lives in but some have been inspired from real personal experiences and some from history Kangchenjunga is his imprimatur derived from a real spiritual experience that was born out of talking to young German backpackers in Darjeeling and immersing their experiences in cultural and folkloric material of the tribal people from Nepal and Bhutan Out of the rich amalgam comes a searing tragedy that will haunt the reader for a long time to come Man is mortal We live a short time and then pass on The world we leave behind remains as cold and indifferent We leave our stories as testaments to our miserable achievements or lack of achievements We should be grateful if the stories we leave behind in the insubstantial pages of literature or history can offer someone somewhere an insight or some moments of satisfaction having decoded the messages held in stories poems and dramas Such are the delights offered in stories like Adam Send for Eliab Through Fire and Brimstone Cleansing the Land Lamp Shades and Cushion Covers and When the God of Death Is the Death of God Some readers may find some stories

distressing but the poetry that emanates from them tries to compensate for the harsh reality of a heartless and cold world that is indifferent to the stories that derive from our lives we are driven to leading These stories are like the metaphors of life we leave narrated in and left to time It is you the reader that will give them a measure of immortality as you keep reading making the stories of these sad victims your own Live again but in another dimension your own and these others

The Legend of Gold and Other Stories Jun Ishikawa, 1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899-1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa's work defies easy categorization Banned in 1938 *Mars Song* has been called the finest example of anti war fiction written during Japan's march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical *Moon Gems* written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In *The Legend of Gold* and *The Jesus of the Ruins* both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally

the semi surrealistic novella *The Raptor* plumbs the meanings and possibilities of peace in the post Occupation era William Tyler's eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa's importance as an anti establishment even resistance writer and argues that the writer's political iconoclasm goes hand in hand with the modernism of his literary experimentation *The Legend of Gold* will be of tremendous importance in enlarging a Western understanding of the development of the writer's role as social critic and the evolution of the modernist movement in postwar Japan

David Stevens, 2006 What's America to do when one day Mexico suddenly disappears That question asked by the title story in *Mexico is Missing* sets the tone for a collection whose individual stories have been described as provocative intensely relevant and wickedly macabre Thematically and formally diverse these pieces are unified by their devotion to the offbeat even insane moments of contemporary life A widow hears a voice from her computer that claims to be God An unnamed narrator develops an unhealthy fascination with his mailman Several characters from a joke come to life and wonder what to do with themselves A poet married to a porn star considers the real meaning of love The subjects of this volume range widely From Snoopy to Southern Baptists from witch trials to
