Major Philosophers Of Jewish Prayer In The Twentieth Century:

Major Philosophers of Jewish Prayer in the Twentieth Century Jack Cohen, 2000 This book addresses the troubling questions confronting the modern Jewish worshiper by bringing to the reader the insights of such twentieth century Jewish theologians as Herman Cohen Franz Rosenzweig Avraham Y Kook Mordecai M Kaplan R Arele Aaron Rote Elie Munk Abraham J Heschel Jakob J Petuchowski Eugene B Borowitz and Lawrence A Hoffman as well as a variety of feminist theologians By discussing these theologians the author discusses a variety of obstacles to prayer the inability to concentrate on the words and meaning of formal liturgies the paucity of emotional involvement and lack of theological conviction among worshipers and the anthropomorphic and particularly the masculine emphasis of prayer nomenclature The result is a book of great interest not just for Jewish worshipers but for anyone interested in the meaning of prayer and the modern approaches to it

The Judeo-Christian Thought of Franz Rosenzweig Daniel M Herskowitz, 2025-10-14 The Judeo Christian Thought of Franz Rosenzweig offers a new interpretation of Franz Rosenzweig's magnum opus *The Star of Redemption* commonly treated as one of the high points of modern Jewish thought and demonstrates its profound immersion in the Protestant conceptuality of its time It argues that appreciating the decisive mark of Protestant thought on *The Star* solves many of its puzzles challenges some entrenched hagiographic orthodoxies about Rosenzweig and provides a unique perspective onto one of the most influential cases of the Protestantisation of Judaism The book shows that Rosenzweig's inventiveness resides in his weaving of Jewish and Christian motifs that result in an original scheme that is remarkably inclusive toward Judaism from a Christian perspective and remarkably inclusive toward Christianity from a Jewish perspective *The Star* thus emerges anew not simply as a work of Jewish thought that is influenced by Christian theology but as a work that is more accurately characterised as Judeo Christian

Jewish Prayers to an Evolutionary God: Science in the Siddur Joel Yehudah Rutman MD, 2017-07-20 Why do we pray On the one hand prayer offers us a way to meditate on the knowledge of God and have intimate interaction with a personal creator And for many Jews it offers a sense of community and fulfils a need for daily connection with a venerable tradition and language Yet for many modern Jews prayer is at best old fashioned or at worst no longer necessary In *Jewish Prayers to an Evolutionary God Science in the Siddur* author Dr Joel Rutman provides a new way of understanding the existing language of Jewish prayer and he integrates science with Jewish liturgy all the while striving to preserve the passion that makes prayer matter The aim is to enable Jews to daven pray with kavanna intent trusting that science will not pull the rug out from under their prayer The poems also continue the ancient tradition of hazzanim cantors who author new prayer poems

Alan M. Laibelman, 2004 Most contemporary efforts in philosophy treat metaphysics and ethics as isolated arenas of thought Critical analytical exploration of a multitude of ethical theories emanating from historically diverse philosophical and theological traditions demonstrates that a consistent and comprehensive ethic depends upon a solid metaphysical foundation Building upon a metaphysical scheme first explicated in *The Other Perennial Philosophy* A Metaphysical Dialectic Alan M Laibelman elaborates on a syncretistic ethical system incorporating elements from many cross cultural sources and also develops an extensive theory of consciousness inclusive of both transcendental and existential components

Hidden Light Dan Chyutin, 2023-09-12 Contemporary Israeli cinema's engagement with Judaism as cultural identity and mystical tradition Over the past several decades the prevailing attitude toward Judaism in Israeli society has undergone a meaningful shift where the national ethos had once deemed Judaic traditions a vestige of an arcane past incompatible with the culture of a modern state there is now greater acceptance of these traditions by a sizeable part of Israeli society Author Dan Chyutin reveals this trend through a parallel shift toward acceptance and celebration of Judaic identity and lifestyle in modern Israeli cinema *Hidden Light* explores the Judaic turn in

contemporary Israeli filmmaking for what it can tell us about Israel's cultural landscape as well as about the cinematic medium in general Chyutin points to the ambivalence of films which incorporate Judaism into Israel's secular ethos concurrently he foregrounds the films attempt to overcome this ambivalence through reference to and activation of experiences of transcendence and unity made popular by New Age inflected understandings of Jewish mystical thought By virtue of this exploration Judaic themed Israeli cinema emerges as a crucial example of how film's particular form of magic may be exploited for the purpose of affecting mystical states in the audience

An Introduction to Modern Jewish Philosophy Claire Elise Katz, 2013-11-19 How Jewish is modern Jewish philosophy The question at first appears nonsensical until we consider that the chief issues with which Jewish philosophers have engaged from the Enlightenment through to the late 20th century are the standard preoccupations of general philosophical inquiry Questions about God reality language and knowledge metaphysics and epistemology have been of as much concern to Jewish thinkers as they have been to others Moses Mendelssohn for example was a friend of Kant Hermann Cohen's philosophy is often described as neo Kantian Franz Rosenzweig wrote his dissertation on Hegel And the thought of Emmanuel Levinas is indebted to Husserl In this much needed textbook which surveys the most prominent thinkers of the last three centuries Claire Katz situates modern Jewish philosophy in the wider cultural and intellectual context of its day indicating how broader currents of British French and German thought influenced its practitioners But she also addresses the unique ways in which being Jewish coloured their output suggesting that a keen sense of particularity enabled the Jewish philosophers to help define the whole modern era Intended to be used as a core undergraduate text the book will also appeal to anyone with an interest how some of the greatest minds of the age grappled with some of its most urgent and fascinating philosophical problems
