Major Black Religious Leaders Since 1940:

Major Black Religious Leaders Since 1940 Henry J. Young, 1979 **Black Religious Intellectuals** Clarence Taylor, 2013-04-15 Professor Clarence Taylor sheds some much needed light on the rich intellectual and political tradition that lies in the black religious community From the Pentecostalism of Bishop Smallwood Williams and the flamboyant leadership of the Reverend Al Sharpton to the radical Presbyterianism of Milton Arthur Galamison and the controversial and mass mobilization by Minister Louis Farrakhan black religious leaders have figured prominently in the struggle for social equality in America *African-American Religious Leaders* Nathan Aaseng, 2014-05-14 Religion and spirituality have been key elements of African American life since the earliest days of the slave trade *Afro-American Life, History and Culture*, 1985 African American Religious Studies Gayraud S. Wilmore, 1989 This anthology provides a coherent interdisciplinary theoretical base for students of African American religious studies and will assist in the design of programs and courses for lay theological education and training To this end the editor has assembled material from Old and New Testament studies theology church history pastoral counseling worship and social action **African American Religion and the Civil Rights Movement in Arkansas** Johnny E. Williams, 2003 What role did religion play in sparking the call for civil rights Was the African American church a motivating force or a calming eddy The conventional view among scholars of the period is that religion as a source for social activism was marginal conservative or pacifying Not so argues Johnny E Williams Focusing on the state of Arkansas as typical in the role of ecclesiastical activism his book argues that black religion from the period of slavery through the era of segregation provided theological resources that motivated and sustained preachers and parishioners battling racial oppression Drawing on interviews speeches case studies literature sociological surveys and other sources Williams persuasively defines the most ardent of civil rights activists in the state as products of church culture Both religious beliefs and the African American church itself were essential in motivating blacks to act individually and collectively to confront their oppressors in Arkansas and throughout the South Williams explains how the ideology of the black church roused disparate individuals into a community and how the church established a base for many diverse participants in the civil rights movement He shows how church life and ecumenical education helped to sustain the protest of people with few resources and little permanent power Williams argues that the church helped galvanize political action by bringing people together and creating social bonds even when societal conditions made action difficult and often dangerous The church supplied its members with meanings beliefs relationships and practices that served as resources to create a religious protest message of hope *Generations of Black Life in Kennesaw and Marietta* Patrice Shelton Lassiter, 1999 **Generations of Black Life in Kennesaw and Marietta, Georgia** Patrice Shelton Lassiter, 1999-10 Generations of Black Life in Kennesaw and Marietta Georgia is the first documented pictorial history of two rich and diverse black communities during the nineteenth and early twentieth centuries Through carefully preserved vintage images and informative captions Lassiter tells

a story that is unique but at the same time recognizable to black communities everywhere **Apocalyptic Fever** Richard G. Kyle, 2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In **Apocalyptic Fever** Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more **Dudley Randall, Broadside Press, and the Black Arts Movement in Detroit, 1960-1995** Julius E. Thompson, 2005-02-15 In 1965 Dudley F Randall founded the Broadside Press a company devoted to publishing distributing and promoting the works of black poets and writers In so doing he became a major player in the civil rights movement Hundreds of black writers were given an outlet for their work and for their calls for equality and black identity Though Broadside was established on a minimal budget Randall s unique skills made the press successful He was trained as a librarian and had spent decades studying and writing poetry most importantly Randall was totally committed to the advancement of black literature The famous and relatively unknown sought out Broadside including such writers as Gwendolyn Brooks Margaret Walker Mae Jackson Lance Jeffers Etheridge Knight Sonia Sanchez Nikki Giovanni Audre Lorde and Sterling D Plumpp His story is one of battling to promote black identity and equality through literature and thus lifting the cultural lives of all Americans
