Making A Difference The Peace Corps At Twenty Five:

Making a Difference Milton Viorst, 1986-01-01 Describes the formation of the Peace Corps depicts the experiences of volunteers and examines the accomplishments of the Corps **Making a Difference** Milton Viorst, 1990-02-01 The Peace Corps Experience P. David Searles, 2021-12-14 For more than 35 years the Peace Corps has pursued John F Kennedy's vision of helping people of the Third World build a better life Yet with the exception of a few celebrations of its early years little effort has been made to document that organization's history Now a former deputy director of the Peace Corps offers a first hand look at life in the agency both in the field and at headquarters and a radical reinterpretation of its history during the Nixon and Ford administrations By the end of the 1960s the Peace Corps was in disarray Debate raged over its effectiveness and many new volunteers embraced the antiestablishment behavior of the day's youth When President Nixon appointed Joseph Blatchford as director in 1969 some insiders felt the agency's days were numbered especially when Blatchford set about re-evaluating the Peace Corps mission and initiated a program called New Directions to reorient its work Many observers simply lump Blatchford's efforts with the failures and faults of the Nixon administration David Searles however contends that the new director's initiatives revitalized the Peace Corps and made it a more relevant organization Searles faithfully relates the history of these policies and their implementation in the field drawing on his personal experience as country director for the Peace Corps in the Philippines He shows how despite constant carping from veterans of the early Peace Corps and much furor at headquarters New Directions reenergized the agency and renewed and reaffirmed the Peace Corps mission Searles's descriptions of political maneuverings are incisively observed and his firsthand characterizations of Peace Corps life richly impart the joys and frustrations of volunteer work *The Peace Corps Experience* will give historians a new perspective on the agency and will also interest anyone who has served in the Peace Corps or who wants to understand it *Voices from the Peace Corps* Angene Wilson, 2011-03-01 President John F Kennedy established the Peace Corps on March 1 1961 In the fifty years since nearly 200 000 Americans have served in 139 countries providing technical assistance promoting a better understanding of American culture and bringing the world back to the United States In *Voices from the Peace Corps Fifty Years of Kentucky Volunteers* Angene Wilson and Jack Wilson who served in Liberia from 1962 to 1964 follow the experiences of volunteers as they make the decision to join attend training adjust to living overseas and the job make friends and eventually return home to serve in their communities They also describe how the volunteers made a difference in their host countries and how they became citizens of the world for the rest of their lives Among many others the interviewees include a physics teacher who served in Nigeria in 1961 a smallpox vaccinator who arrived in Afghanistan in 1969 a nineteen year old Mexican American who worked in an agricultural program in Guatemala in the 1970s a builder of schools and relationships who served in Gabon from 1989 to 1992 and a retired office administrator who taught business in Ukraine from 2000 to 2002 *Voices from the Peace Corps* emphasizes the value of practical idealism in

Goodsell, 2010-10-19 In an era filled with mistrust for big government and big business Charles Goodsell goes against this grain to draw attention to public agencies admired for what they do and how well they do it In his groundbreaking new book Goodsell places renewed focus on organizational mission and its potential to be a strong energizing force in government one that animates a workforce internally and attracts admiration and talent externally He offers a normative template for the mystique that underlies this phenomenon and highlights in six rich case studies a driving sense of purpose a cultural and motivational richness and a capacity for tolerating dissent while still innovating and learning Analyzing what works best and what doesn t Goodsell provides a metric through which agency mystique can be evaluated and modeled Goodsell s fresh take on public agencies not only defines good public administration in terms of ethical conduct constitutional accountability and performance

effectiveness but argues that the field must add the crucial standard of institutional vitality *Africa's Many Divides and Africa's Future* Vincent Dodoo, Charles Quist-Adade, Wendy Royal, 2015-10-05 If in the past the Sahara divided us now it unites us Kwame Nkrumah declared more than half a century ago Keenly aware of Africa's many artificial divides Nkrumah was determined to lead a revolution that would bridge them One way to achieve this goal Nkrumah proposed was a continental pan African government which would provide the African people with the opportunity to pool and marshal their enormous real and potential economic human and natural resources for the optimal development of their continent A continental union government Nkrumah was convinced would ensure that Africa ended the divisions created by the trilogy of the enslavement colonization and neo colonization of Africans Nkrumah was concerned by other divisions as well specifically those created by time history nature and above all Africans themselves such as ethnic racial and religious discrimination classism sexism and ageism as well as atavistic and backward traditional practices including tribalism and patriarchy Africa's Many Divides and Africa's Future Pursuing Nkrumah's Vision of Pan Africanism in an Era of Globalization is a collection of papers presented at the first and second Kwame Nkrumah International Conferences This volume contextualizes Nkrumah's pan Africanist agenda within the neo liberal global project and against the backdrop of the current global economic and political ferment **Innocents Abroad** Jonathan ZIMMERMAN, 2009-06-30 Until the early twentieth century teachers went abroad with assumptions of their own superiority But by the mid twentieth century they became far more self questioning about their social assumptions their educational theories and the complexity of their role in a foreign society Drawing on extensive archives of teachers letters and accounts Zimmerman's narrative explores the teachers shifting attitudes about their country and themselves in a world that was more unexpected than they could have imagined
