The Motherhood of Art Marissa Huber, Heather Kirtland, 2024-07-02 Beautiful and motivating. Just what new and seasoned mothers need to feel empowered and motivated to carve out time for their creativity. Samantha Dion Baker, author of *Draw Your World: Balance motherhood and creative pursuits*. Women and new mothers are constantly encountering the message that they can never do anything for themselves once they have children. This conversational book is like brunch with girlfriends, offering you friendly advice, community encouragement, and tips on carving time out for creative endeavors. Meet women who not only defied the 'no more time to be an artist' stereotype but found motherhood gave them focus, confidence, and efficiency in their art and creative endeavors. Becoming mothers renewed a sense of purpose in their creative pursuits, and by prioritizing this need to create, they became more patient and better mothers to their children. Interview questions cover a range of topics including early days and creative work, community and vulnerability, and tactics for regular creative practice. Whether you read it front to back or pick it up for a five-minute dose of inspiration, this is the encouragement you can lean on for balancing family life and art in your own way. Working, being creative, and finding joy in our work is something to celebrate, and it's something for our children to get to witness. *The Motherhood of Art* embraces that very story: mothers who create and make art daily and how their passion fits into their family's lives in the most beautiful of ways. Joy Cho, founder and creative director of Oh Joy. One of the best new Motherhood books. BookAuthority.
